

WHILE FIVE SONS AND A GRANDSON ARE IN SERVICE

Agent and Mrs. White "Can All They Can"

Over in Concord, Nebraska, "North Western's" Cecil G. White is busy with his daily tasks. His is a service record of many years. But since war came the Whites have won distinction in another way—five sons and a grandson wear Uncle Sam's fighting uniforms.

You might say this is enough glory for one family. But patriotic Mrs. White thought differently. She turned to victory gardening and last year canned over 600 quarts of fruits and vegetables. That's deserving of comment. This year she expects to do as well or better!

But to get back to the White boys:

Russell, a 1st Lieutenant of Marines, has seen action at Guadalcanal and Tarawa, and is now on Saipan. Sergeant Vilas is over in New Guinea. Vernon, in the Southwest Pacific, is a Navy Aerographer's Mate. Norman, still in the States, is an Air Cadet, while Private Merton is at Camp Phillips, Kansas. Then there's Jerry, Lieut. Russell's son, in Officers' Training Camp at San Diego.

Marvin, we might add, enlisted in the army in 1939, but received a medical discharge last September. He's still carrying on, though... in a Minneapolis defense plant.

A most unusual family, you'll agree. Every member is doing what he can to hasten victory. "North Western" is proud of the Whites—they and their kind are the backbone of America.

Nebraska's Helpless and Aged Are Direct Beneficiaries of Alcoholic Beverage Taxes!

The State Assistance Fund, which provides for Old Age Assistance, Care for the Blind, and for Dependent Children, receives a great part of its revenue from the liquor tax.

For the fiscal year 1942-1943, the liquor tax provided the greatest single source of revenue for the State Assistance Fund—

From December 1, 1942, to December 1, 1943, the liquor industry of Nebraska paid \$1,919,112.34 in taxes for Old Age Assistance alone!

IF THIS REVENUE IS LOST THRU RETURN OF PROHIBITION—WHAT THEN?

If, in the November election, the people vote Prohibition back into Nebraska, this tax money, paid by the Beverage Industry in the state would be lost! In addition, a matching amount, paid by the Federal Government would be lost also, making a total loss of nearly \$4,000,000.00. If this revenue is lost, it must be made up from some other source... state income tax... increased property taxes... state sales tax... or some other form of taxes. It WILL be made up. And YOU WILL HELP PAY IT.

FACULTY AT CHAMBERS SCHOOL NOW COMPLETE
The Board of Education of the Chambers High School are pleased to inform the people of this community that all teachers have

now been contracted for the coming year. In these times with such a shortage of teachers they feel very fortunate to have secured such well qualified and well recommended teachers. The faculty consists of Superintendent Byron Fuller, a young man from North Loup. He is a graduate of Kearney State Teachers' College with additional work at the State University. He has had eight years experience and is highly recommended as a mathematics teacher and excellent coach. Miss Ruth Ann Fletcher, a Wayne State Teachers' College student from Orchard, will be the Home Economics, Science and Music instructor. She has a pleasing personality and comes to us also highly recommended. Mrs. Arthur Walters will be back on our faculty again this year as teacher of English and Social Studies.
