

THE FRONTIER

SMALL DOSES PAST AND PRESENT

By Romaine Saunders

Everybody admits they have a poor memory but feel their judgment is faultless.

Three horses were killed by lightning at the Reese ranch south of Amliia during a thunder storm a night last week.

Some one has remarked that the world is a comedy to those who think, a tragedy to those who feel. Feeling runs too deep for thought in this time of horror.

Boys who got up late for breakfast at home and were late for about everything find it doesn't go in the army. Getting back late to his outfit from a furlough is just too bad for the soldier boy.

With a few days yet to go in the meadows, a violent wind Monday night of last week put a stop to haying at the Berry ranch by wrecking the stacker, which had been built new for the season's haying.

The Maginot Line failed the French, and Germany's impenetrable western defenses are proving to be ropes of sand. At present there are no defenses that will stay the oncoming engine of horror employed by our armies.

Pu p'a man chih p'a chan. I am informed that is Chinese for Do not be afraid to go slowly; only fear standing still. If our friends of the dragon motif had got a little more of a hustle on them they would be in better shape to deal with an aggressive invader.

Nebraskans generally are gratified that their governor is something more than a stuffed shirt and has calls from all quarters of the nation for consultation. He takes to them the sanity and fresh vigor of a great prairie state and even moldy old sections of the country call for more.

They say the C. I. O.'s PAC setup will spend \$200,000 to defeat Howard Buffett for re-election in the First Nebraska Congressional district and have a knife unsheathed to defeat Karl Stefan in the Third. One good reason to re-elect both of these gentlemen while taking the Hillman money.

Seventy thousand Americans of Japanese origin have a vote this election. It is claimed their "leaders" have told them to vote for Mr. Roosevelt. There are a lot of self appointed bosses presuming to order the voting. One of the greatest national reforms now needed is to chase these self-styled bosses into fox holes that every American may be free indeed to vote as they see fit for the welfare of the nation.

The apple crop out this way is the best for several years, both in quantity and quality. One tree of late summer apples in our dooryard yielded more than six bushels of large smooth apples free from worms. Others throughout the southwest have good apple crops. The commercial feature of an orchard is not much, as a probable buyer would bat an eye if asked a dollar for a big heaping basket of fine fruit that the stores will be asking from three to four dollars for not so many weeks hence. But they are a grateful bounty from nature's storehouse for home consumption.

Entertaining high regard for others whose names came before the recent republican county convention for the nomination for sheriff, southern Holt county citizens are gratified that the nomination was given to Mr. Hubbard, feeling that if he is elected he will adorn that office to the satisfaction of the whole county as did our departed friend Pete. I do not know who was the last man to run for sheriff "over south" unless it was that redoubtable little broncho buster, Hay McClure, something like 40 years ago, when a political campaign in Holt county set in motion the mud batteries and engendered hate among men who should have had better sense.

It has become a habit in Nebraska to have one or more amendments on the ballot. Mostly they go by default because of indifference or opposition of the citizens. There are two proposed

Pvt. Ted McKenzie Of Dorsey Killed In Action In France August 4th

Pvt. Ted McKenzie, son of Mr. and Mrs. Clyde McKenzie of Dorsey, was killed in action on Aug. 4 in France, according to word received by his parents from the War Department a week ago Wednesday afternoon.

Private McKenzie, who was with a field artillery unit, crossed from England to France on D-day, June 6. He had been in service for about two years, having spent a major portion of his training period in this country at Indiantown Gap, Pa. When D-day came he had already spent considerable time in training in England, where his company was cited for outstanding performance of duty.

Private McKenzie has a brother in service, Clyde, Jr., who is a yeoman second class in the navy. A sister, Lois, is a nurse in a Norfolk, Nebr. hospital.

Total Of 67,710 Pounds Of Paper Gathered In County Fri. And Saturday

Last Friday and Saturday, all the waste paper in the county was gathered and loaded into two cars at O'Neill and shipped to the mills to aid in the war effort. The following is the amount of paper collected in each town and loaded into the two cars:

Atkinson	27,445 lbs.
Chambers	22,470 lbs.
Ewing	7,230 lbs.
Inman	5,070 lbs.
Stuart	3,280 lbs.
Emmet	1,025 lbs.
Emmet	1,190 lbs.

TOTAL 67,710 lbs. Mrs. Guy Cole, state chairman, and who was responsible for the calling of the drive, wishes to extend her thanks to all who helped in making it a success.

Switchgrass Offers More Income To Farmers By Harvesting The Seed

Switchgrass, another native grass, offers possibilities for additional income for Holt County farmers according to L. F. Brede-meier, Conservationist of the Holt Soil Conservation District. It is heading out now and appears to have a good seed set.

The switchgrass which has previously been harvested in Holt County by the Soil Conservation Nursery has consistently appeared to be one of the best in nursery trials according to E. C. Conard, Nursery Manager from Lincoln. Switchgrass is a tall growing grass ranging in color from medium-green to a blue-green. The seed is produced on a large, open branching panicle. It seldom grows in large acreages as pure stands but the yield is generally sufficient to make it profitable to harvest patches.

It was pointed out that switchgrass is one of the easiest grasses to harvest. Small combines are satisfactory and a medium amount of wind may be used in obtaining fairly clean seed from the combine. It may be cut with a binder and threshed after curing in the shock. A good stand with 40 percent or more of the florets filled with seed would be worth harvesting.

Farmers are urged to harvest this grass wherever possible although it does not qualify for payment from the AAA. There is a big demand for this seed and the price should make it profitable. More information can be secured from the office of the Holt Soil Conservation District in the Court House Annex basement or from the County Agent.

Joe Fuen Sells Cafe To Leonard Hamilton

Joe Fuen closed his cafe Thursday night and will leave here the first of next week for Norfolk where he has accepted a job as cook in the Merchants Cafe.

Joe completed a deal some time ago whereby he sold his cafe to Leonard Hamilton, proprietor of the Rite Spot, and he will move both cafes to the Stanley Soukup building.

Joe came to O'Neill about six years ago and after a short time opened up a cafe and has been in that business ever since. He has made many friends while here. Amendments for the November election, one the work of an association which would rather have good roads than to give a pittance to the old timers who traveled the prairie trails. The other is for a prohibition amendment. An argument against this is that the question of prohibition is raised at a time when many of our voters are in the armed service. If that proposition is any good it applies to both amendments. But as there is provision for soldiers to vote such an argument seems no less than silly. But when you are opposed to something you can say a lot of silly things.

O'Neill Public Schools To Open Monday, September 4th

The O'Neill Public Schools are scheduled to open for the 1944-45 school year on Monday, Sept. 4th. Pupils will be in attendance for a half day session only, on Monday. The afternoon will be devoted to a general teachers' meeting.

Pupils who attended O'Neill High School last year and registered last spring before the close of school, need not re-register at this time unless they desire to change their registration. Pupils who plan to enter O'Neill High School for the first time should register Monday, Tuesday or Wednesday, August 28, 29 and 30th in the superintendent's office. The office will be open for registration between the hours of 10:00 A. M. to 12 o'clock noon and from 1:30 to 3:30 in the afternoon. The office will not be open for registration on Thursday and Friday.

Those who desire to secure information in regard to rooming places, are requested to contact Mr. Dean, high school principal. It will be appreciated if those who have rooms available for high school students will convey this information to him also.

Two new subjects have been added to the high school curriculum. Chemistry will be offered to Juniors and Seniors and Beginning Latin will be offered to Sophomores and Juniors. Second year algebra which is alternated with Physics will be offered to Juniors and Seniors this year.

O'Neill High School offers four courses which students may elect to take. The College Preparatory which emphasizes the academic courses in mathematics, physical sciences, social sciences, English, and Latin is designed to prepare high school pupils for college work.

The commercial course emphasizes typing, shorthand, and bookkeeping together with academic courses. The Vocational Agriculture course for boys is designed especially for those boys who expect to follow agricultural pursuits. The general course leads only to high school graduation and allows the student great choice of subjects. The Normal Training Course prepares students for teaching upon graduation from high school and requires such special subjects as Professional Training, Reviews, Public School Music and Geography and Agriculture of Nebraska.

Faculty The Board of Education has now completed the selection of the faculty for the coming school year. The following is a list of the teachers and the position held by each.

Kindergarten, Mrs. Mary Morris Andersen; first grade, Miss Elsa Raabe of Stanton; second grade, Miss Loretta Enright of O'Neill; third grade, Miss Hilda Gallagher of O'Neill; fourth grade, Miss Eunice Chudomelka of Inman; fifth grade, Mrs. Mary Elizabeth Harbottle of O'Neill; sixth grade, Miss Gwendolyn Palmer of Armour, South Dakota; seventh grade, Miss Mary Schlegelmilch of Yankton, South Dakota; eighth grade, Mrs. Dorlin Lockmon of O'Neill; vocal music in the elementary grades and high school, Miss Betty Preston of Wells, Minnesota; high school social science, Miss Betty Lue Lawrence of Crawford, Nebraska; commerce, Miss Mary Albro of Maywood, Nebraska; home economics, Miss Edith Billerbeck of Crofton, Nebraska; mathematics, Miss Alice French of Page, Nebraska; normal training, Mrs. Myrtle George of O'Neill; English, Mrs. Mabel Murphy Krause of Cedar Bluffs, Nebraska; vocational agriculture, Mr. Donald Crosier of O'Neill; instrumental music, Mr. Ira George; high school principal, Mr. Howard Dean of O'Neill; and superintendent, Mr. Ruthven C. Andersen of O'Neill. Misses Palmer, Schlegelmilch, Preston, and Lawrence, and Mrs. Krause are new to the O'Neill school system this year.

Vic Schleich, formerly of Nebraska where he was with the Rose Bowl team of 1940, and where he received a position as tackle on the Al Big Six team of 1942, was selected to play in the All Star game but due to the 48 hour rule about being away from the base, he will be unable to play, but Vic will be doing his playing with the Iowa Seahawks this year.

While we are still on the subject of football we should mention that Lt. Glen Presnell, ex-vocational agriculture, Mr. Donald Crosier of O'Neill; instrumental music, Mr. Ira George; high school principal, Mr. Howard Dean of O'Neill; and superintendent, Mr. Ruthven C. Andersen of O'Neill. Misses Palmer, Schlegelmilch, Preston, and Lawrence, and Mrs. Krause are new to the O'Neill school system this year.

Turning our thoughts to base ball. Two of the busiest men in the big leagues seem to be the two pitchers of the Detroit Tigers, Hal Newhauser and Dizzy Trout. Both of them have twenty victories to their credit this year and they are the only ones, so far, in either league to become a twenty game winner.

Talking about base ball brings to mind the fact that the end of the 1944 season is not very far off. In the National League the St. Louis Cardinals have about a 17 1/2 game lead; but in the American anything can happen. The St. Louis Browns are now heading the pack with a three and a half game lead, but the Boston Red Sox, Detroit Tigers and the New York Yankees are still in there pitching. It seems to me that if any of these teams are going to take the pennant away from the Browns it will be the Detroit Tigers, for the Tigers in the last five weeks have been playing 697 ball over that period, which is good playing in any man's league.

Well, I guess that's about all there is to it this week, but we will be back next week with the latest in the world of sports.

Mrs. Bridget Swanson, who lives north of O'Neill, received word from the war department on Monday that her son, Pfc. Robert J. Swanson was missing in action in France.

Run Of Livestock At Local Sale Somewhat Heavier

The run was some heavier than last Monday and between 500 and 600 head of cattle were sold and the market on the good kind was steady and looked some lower on the plainer kind. One string of 900 pound heifers sold from \$12.15 to \$12.40 and these heifers were carrying a lot of fat and were good quality. One load of Angus steers weighing around 1050 sold for \$12 per hundred. Four loads of good grass cows sold from \$7 to \$10 per hundred; several packages of yearling steers were in and sold from \$9.50 to \$11.25, with the heifers some lower.

The hog run was light and it was the same as last week with the best selling at the ceiling of \$14.10 and the heavies and sows at \$13.35, which also is the ceiling. The feeding shoats were in good demand and looked some higher. Book your cattle early so they can be put on the broadcast and also on the mailing list.

SPORT NEWS AND VIEWS

Richard Cronin

Since it is getting near to the time when you will see pigskins floating through the air "with the greatest of ease" I have decided to try and give you a weekly account of the happenings in the world of sports.

The first, and one of the biggest football games of the year, will be played August 30, when the Chicago Bears, professional champions of last year, will meet the All Stars, players chosen from colleges throughout the United States. Some of the leading members of the All-Star team, which you should know, are, Ends, Dub Wooten, Oklahoma and John Yonaker, Notre Dame; Tackles, Bob Zimny, of Indiana; Guards, Bob Graiziger of Minnesota, George Hechet, of Alabama, Ellis Jones, of Tulsa University; Centers, Vic Lindskog, of Stanford; Quarterbacks, Lou Saban, of Indiana, and our own Ted Kenfield from Nebraska; Halfbacks, Glen Dobbs of Tulsa, Hilerbrand of Indiana, Cherley Trippi of Georgia, and Steve Van Buren from Louisiana State and at Fullback Gene Fekete of Ohio State, and Pete Layden of Texas.

Vic Schleich, formerly of Nebraska where he was with the Rose Bowl team of 1940, and where he received a position as tackle on the Al Big Six team of 1942, was selected to play in the All Star game but due to the 48 hour rule about being away from the base, he will be unable to play, but Vic will be doing his playing with the Iowa Seahawks this year.

Holt County People Are Becoming Wealthy

According to the report of the county assessor, the state board of equalization and the county board of equalization Holt county this year has an increase of taxable property amounting \$702,954.00 over that of the year 1943. The total value of the taxable property in the county, as returned by the assessors, is \$23,649,796.00, while the total for the year 1943 was \$22,946,842.00. The increase was in both the tangible and intangible property. The increase in the tangible property tax this year was \$313,290.00. The intangible property, both A and B also showed an increase. Intangible A in 1944 was assessed at \$946,710.00 while that of 1943 was \$630,150.00, an increase for 1944 of \$316,560.00.

Intangible B in 1944 was assessed at \$796,986.00, while in 1943 the amount taxed was \$723,882.00, an increase of \$73,104.00 for 1944. With taxable property in the county of about \$23,000,000 Holt county is a long way from being in the poverty stricken.

Pvt. Vera M. Coleman Wac Now In Missouri

Fort Des Moines, Iowa, August 19, 1944.—Pvt. Vera M. Coleman, of O'Neill, Nebr., is a member of a Women's Army Corps unit which recently left First WAC Training Center here, for duty with the Army at WAC Detachment, Rosecrans Field, St. Joseph, Missouri. WAC units are now at work with the Army on more than 268 Posts in all 48 states, the District of Columbia, and in Africa, England, Italy, India, New Caledonia and Hawaii.

The expanded WAC training program is resulting in a rapid increase of supplemental troops, the Wac members of which are taking over more and more Army jobs. Hundreds of trained Wacs go out each week from WAC training centers and specialist schools, to take their places with the Army. WAC companies on duty with the Army are self-sufficient. In addition to the women trained to do Army jobs, WAC companies also include mess and company personnel.

Jobs with the Army in which Wacs now supplement soldiers number in the hundreds, ranging alphabetically from accounting to weather observing.
