SAYS:

"TAVERN OWNERS
HAVE PROBLEMS,
TOO!"

Most tavern owners want to conduct their place "in the public interest." But, in doing this, they are often faced with difficult problems. For instance - finding the real age of young folks. To aid beer dealers where customers misrepresent their age, this Committee has provided "Sworn Statements" which retailers now insist that doubtful cases sign for their own protection. Thus, in another way, this Committee aids in law enforcement.

**How the Farmers of
Nebraska Will Suffer
If Prohibition Returns**

The Brewing Industry of Nebraska is a definite aid to the farmers. It provides a market for their grains that the farmer can count on year after year. A return to Prohibition would deprive the farmer of this tremendous post-war market for his grains.

For instance, in 1943, the Brewing Industry of America bought 13,643,696 bushels of Corn alone! In 1943, the Brewing Industry of America also bought 69,219,166 bushels of Barley.

This huge market would be lost with the return of Prohibition. In addition, the more than \$5,000,000 in taxes of all kinds paid to the state each year by the Brewing Industry of Nebraska, would have to be made up from some other form of taxation . . . and this increase in taxes would fall most heavily on the farmer.

VOTE "YES..."
ON
GAS TAX AMENDMENT

Your vote for the CONSTITUTIONAL GAS TAX PROTECTION AMENDMENT will assure—

1. Protection of our road tax funds for construction and maintenance of our primary, farm-to-market, and municipal roadways.
2. Opportunities for employment for our returning "G. I. Joes" and war workers through using all our state gasoline sales tax funds on road repair and construction.

REASONS FOR AMENDMENT

1. Nebraska needs more and better roads.
2. Thousands of young Nebraskans coming home from the war will need jobs. The adoption of this amendment will assure opportunities for employment immediately on a state-wide basis.

"G. I. JOE" DESERVES THAT OPPORTUNITY!

3. Present diversion of road funds should be stopped and future diversion prevented.
4. We Nebraskans were promised that use of gasoline sales tax funds for non-highway purposes was only temporary and soon would be discontinued.
5. Adoption of the Constitutional Gas Tax Amendment will redeem that official promise.
