Also at the same place on the eve of the 14th, Mr. JNO. W. POSTER to Miss MARY BLEVINS, all of Webster Co., by Chas. W. Wenger, J. P.

We return our thanks for the cake, and wish the newly-married couple all the happiness that may be attained in the conjugal state.

—Vick's Floral Guide, No. 3 for 1875 is at hand. Mr. Vick gives a very interesting account of his trip to California. There are many other things of interest beside, in the Guide.

—We listened to an able sermon by Rev. White of the M. E. Church, of Kearney Junction, last Sabbath evening.

—We are having plenty of refreshing showers now-a-days which casts a shade of living green over the fields of wheat and other small grain. A great many farmers have corn ready for the plow, and say they never had better prospects for a good crop.

—J. D. Post has just returned from Beatrice, where he purchased a fine team of ponies, which he will add to his livery stable.

—Geo. Zeiss has the frame work of his new addition enclosed and will probably have it finished by the first of next week. He intends to give the boys a social hop one of these days.

—For some of the "sitt-edged" best butter we have seen in Nebraska, we are indebted to Mrs. Holofuk.

—Mrs. Burtis sent to this office a half dozen eggs which for size are not often excelled. We measured the largest but as it didn't quite come up to that we mentioned in the Juniata Gazette we won't give the figure.

—Mr. S. S. Wells bro't the first onions of the season as far as our experience goes, to town last Thursday.

—Asher Beal says he will count trees with the most of his neighbors. He has set out 14,359 since the first of last April.

—Joe Warner has an egg that beats the juvenile egg layer at Juniata. It measured 9x7 1/2 inches. What a huge "shake up" that would make.

—J. L. Miller's father-in-law, and wife, have been in town several days on a visit.

—G. W. Shepard of the U. S. Land Office, at Bloomington, and J. R. McDonald, County Clerk of Franklin county, were in town last Friday.

—W. E. Hatch, of Riverton, called on us on Saturday last. He intends soon to start for Granada, Colorado, to take charge of a gang of hands on the Atchison, Topeka & St. Fe railroad. There are quite a number of men going from Riverton to that place and they are in need of more hands.

—I. W. Vollintine, of Republican City, was in town last Friday. We understand he is going to Riverton to take charge of his flouring mill at that place.

—A little disturbance occurred in Berenz's store one day last week by the meeting of two pugilists. A show case demoralized, a little blood spilled, and a nose out of place, was the result. Both combatants are now satisfied and peace reigns supreme. We would mildly suggest that when parties come to a misunderstanding that they settle it out of doors, where they can have plenty of room and show cases can not be used for a fort.

—We understand that last Friday a young man brought a large span of mules into this place and sold them to Mr. Barry, of Smith county, Kansas, for the remarkable small sum of \$25. He says he brought them from Ellsworth, Kan. Mr. Barry deposited the money with W. N. Richardson to be paid at the expiration of twelve days, providing the sale is valid.

—There were more teams in town Tuesday than we have seen for some time before. We guess it was on account of Mr. Barry's sale.

—Mr. Bobier tells us he has forty-five acres of pasture fenced in with a good board fence.

—Sherer has his Soda Fountain up and in full blast. It works like a charm for us tried it, and Sherer set 'em up to the boys in good style Tuesday afternoon. "Go drink and be merry, etc."

—Sleeper has a lot of machinery on hand which he offers at reasonable terms.

—Ed. Smith has on hand some very nice Oranges and Lemons. Go and try them, they are cheap. We might try some of your tropical fruit Ed., tempt us and see.

—Ed. Smith's pony was bit by a rattlesnake last Tuesday morning. Proper remedies were used, and he is now rapidly recovering from the bite.

—Shorty Butch has purchased a canary, and is now trying to catch a barn swallow for its mate. We think the two together would make sweet music for Shorty,—the sweet notes of the canary for tenor, and the rattling noise of the swallow for bass.

—The "Old Man" is away now a-days attending to Constitutional affairs and if any of our "high-blood" readers get offended at some of our "personal notices," they will do us a favor by keeping cool till he gets home.

—If you want to be happy, virtuous and wise patronize those who advertise,—and go to see John G. Foster's new goods which he is selling at Grand prices.

—Mr. Jan. Steiner has sold his horses, which strayed away from Hastings several weeks ago. They were taken up by a man living near Spring Ranch. Mr. S. now has them in charge at the end of a lariat.

—Miss S. A. Mansell has just received an addition to her already large stock of military goods. And the way the ladies are getting new hats and bonnets that's slow.

Notice.

To whom it may concern. All persons are hereby notified that the M. P. K. K. Company have become tired of this wholesale slaughter upon their timber, in the Republican Valley. And from this time forward we propose to protect our own interests, and by so doing we think we will protect the best interests of the settlers, as we are convinced that there is no timber in the Valley to spare. Especially to be drawn out of the State or cut into lumber, or in any manner wasted. And we hope all good citizens will consider these matters carefully and lend us their influence to protect what timber there may be left.
