The Other Side. Last week there appeared an article in the CHIEF headed with, "Be Careful of your Poultry." So I would just say be careful of your swine, for a sinplow, a good well, dug-out stable 16x gle hog may do untold damage in a turkey-gobbler that he had one of my damages and take my hog away. I went to him and asked him how the hog came to do such immense damages in so short a time. Why mid he here I am keeping a public house, and last night there was eight teams stopstable, and your bog tore the mot and I have been very liberal in my charge. I studied the matter over for a minute then as quiet as thought drew my "wonele-skin," and paid the five deflare in the prospers of two witnesses, thinking I had got off very reasonable but felt very sorry for the poor bee to out eight brabels of core in one night.

HALL STORM IN MUNICIPAL COURS TACTETT TRALE

A terrible hall storm and tormado swept over Nuckolls county, derastating a wide resolv of country. Gravecoppers left thei! warm bods and midnight carousals and fled in dismay. Young and tender locusts were left behind in the confusion. The parents forsook their offstring and left them to perish in their helplessness. Re ligious consolation was denied to many in their hour of need, and they too their flight to that boarne from which no traveler returns, with all their im perfections on their heads. It is sad -Fresh beef at the City Meat Mar- to think of their physical suffering | 100 CREAK GINGER BEER, AND here. It is heart-rending to template their hard fate in the dread hereafter. Besides this immense loss of life, property was damaged to an unparalled extent. A pig-sty in th vicinity of Nelson was over turned. and the cries of the young pigs unsheltered even by a mother's breast, touched the tenderest chords in the well-rape. The owls and prairie dogs dove into their holes, and blessed Heaven for dug-outs. The frogs shel tered themselves beneath the banks of the Republican, while the maiden fainted in the arms of ber lover. The mail-carrier on the route between Red Cloud and Pleasant Hill was severely pelted with the hail stones. We cannot but regard it but a dispediation of Providence. Webster county was spared and the storm limited to Nucl olla. It is impossible to estimate the damage that would have resulted, had Nuckells been inhabited. P. S. This is our last, the "Old

Mau" will be home next week.
