WESSTER COUNTY. . Tulleys. H. Jones, W. Tulleys. C. Bill, H. S. Kaley, C. C. Coon, W. E. Thorn, A. M. Hardy, ' County Commissioners.

Webster County Condensed.

Webster Co., Neb., lies in the Valley of the Republican, is 150 mile west of the Missouri River and touches the State line on the South. Winters are mild and dry; very little rain or snow falls in that season so litthe in fact that cattle live all winter with no hey or grain. Plenty of rain fulls in the disagreeably warm, as there is always a cool county first began to se the in 1870. In 1871 the county was organized with a population of 45. Its population is now between 2500 and 3000 and is rapidly increasing. There are at pre-sent 38 organised school districts therefore ample-better than those in some fund turni-hes nearly though money to pay land from \$1.50 to \$6 per nere with ten years to the acre is nothing new. Wheat averages about 25 bushels to the acre. Fruit does extremely well. Every farmer has his orchard growing. Forest trees from repidly. Cottonma: y other kinds of trees grow into timber large enough for fuel in about three years. Osng orange plants do Licely, and in a few years your live fences can be made. Mechanges find employment and fair wages. The very best and porest water is obtained by going from 5 to 100 feet. The cost is very small when the well is bored.-These wells nevergo doy. The streams of this county are the Republican and its tributaries, which are as f llows on the south side of the river. Walnut, Dry, Buffal , State Perry, C dar, Hicks, Ash, and Suide Rock creeks. On the north sid are Willow. Elm, Cottonwood, t rooked, Indian, and Farmers creeks. In the north part of the county is the Blue river

and its tributaries. The soil of Webster county is a dork, rich vegetable loam. The wild grasses are nutrit ous and abundant, and make most excellent tion. Those who have tried them so decide

one. But the farmers for years will find ready saic or surplus productions in the newer counties west and to new settlers. By the time these markets are closed roads for cheaper transportation east will be opened. Our climate is healthful, the air pure and dracing, and sickness of any kind is almost a

scianger to the people here. The county seat, RED CLOUD on the Republican river, near the center east and west and a little south of the center north and south. In it are shances for business men of every branch of trade. The country around food for the miner; we have the wa is such as to war and a good business in every ter power, capable of turning machin-Rand of merchandise. Red Cloud and Guide rock are the only two laid out towns. For ther information can be obtained from any specially adapted to the health and land agent who advertises in this paper, or at growth of cattle, hogs, sheep and this office.

Red Cloud to Hastings? This ques- will need the miners ore in exchange tion is often asked, and the only ans- for them. A railroad will bring us For wer we can give is we do not know. Petition after patition has been sent to our honorable Senator, Mr. Paddock, but to no effect. They seem to totally ignore our existence at Washington. While our friends above us while the miner's ore could be smelted on the river enjoy the benefit of a daily mal, we are put to one side with a tri weekly; at the same time this route pays double to the government that the one above does. We are galv in need of this daily mail, and if there is any way that we can secure it we should like to find out what that way is. At present we are talking tailroad up this valley. The prime to send east, for the manufactured armover in this project, we were informed by gentlemen from Beatrice, is Mr. Paddock. Our people on hearing this, lost much faith in the enterprise, for they say a man that does not take enough interest in our affairs in this county to help us to secure a daily mail surely must have some other than the interests of the people in this contern plated railroad.

Mr. Jacob Cramer of Merrimac Co. lost about \$1,000 worth of proberty by prairie fire recently.

Buffalo county is to have a jail. The State Journal says the people are wondering who will be the lucky person to dedicate it to the devil.

The Blue Valley House at Seward came near being destroyed by the explosion of a kerosene lamp.

Last week a fire occurred in Pawnee agement to men of this kind, and they county, burning the residence of Mr. Libby to the ground The family it where the water is most abundant .barely escaped cremation in the de- feed the cheapest, and the outlet to youring flames.
