Webster County Confirmed.

Webster Co., Neb., lies in the Valley of the Republican River, in the west of the Missouri River and touches the State line to the South.

its owner has been offered \$100 per pound for it. Any one going to Chicago ought to visit the stock yards. The amount of ground these yards cover is surprising.

In Michigan the farmers were in the midst of their sugar-making, and we reacted until we wished we were in Nebraska where they have no maple sugar. The apples and cider were very fine, but still we did not seem to care much for them.

On our way home we stopped in Lincoln. The people of that place are taking narrow gauge. The prospects seem brighter than ever, and there has been considerable stock taken up ready, and a proposition will soon be put before Lincoln county to vote \$80,000 in bonds for its benefit.

We feel like mourning, just a little and only this once. We are going to say something about Truth or the want of it. We are not going to enlarge upon the importance of Truth, or its desirability.

Whether it be a friend or foe, we should be as candid as the truth. It is not the only duty. Kindness, politeness, and self-denial are duties also. Whether strict adherence to the truth be at all times the most sacred duty, is a question we do not propose to discuss. Of one thing we are assured. It is not generally so considered.

Mr. Richard H. Dana, Grant's nominee for minister to England, has been rejected by the Senate. Cause, literary piracy and perjury. Mr. Dana, it seems, stole the writings of a Mr. Lawrence, and published them as his own.

The New York State Republican Convention have expressed their preference for Roscoe Conkling, for President, and their delegates are instructed to vote accordingly.

After a few weeks recreation and a pleasant trip to our old home, we once more assume the duties from which we have taken a rest. We shall endeavor to do our best to keep our readers posted in regard to matters that are transpiring in our country, State and county.

A few words in regard to our route may not be uninteresting. The route over which we traveled in going east was first the St. Joe & Denver City R. R. to St. Joe, Mo., thence by the Hannibal & St. Joe to Chicago, from Chicago by the Michigan Central to Cassopolis, Michigan.
