TOWN AND COUNTRY
Building has been checked a little the past few days.
Friday was a fine day. The snow melted away very fast.
Mrs. Wilson arrived home last Thursday from her trip to Omaha County.
J. E. Wood of Hastings, has purchased land in Orleans, and will open a store there.
We are sorry to learn of the illness of Alch. Rutherford but hope that he is improving.
We got several loads of wood last week. Well we can stand a great deal more without grumbling.
Mr. Hawley has removed his law office from Miner's and now hangs out his sign over Reed's store.
Call upon a man of business only on business in the hours of business, transact your business, go about your business, and leave him to attend to his business.
John Cline who had been sick for several weeks, died last Thursday and was buried on Friday. Rev. Prynne conducted the funeral exercises.

The night is now shrinking at both ends, much to the annoyance of those who hold that its northfulness as well as its impetuosity is due to the sun. Journal.

Our friend James R. Allen of Nebraska, with his family arrived home from Morning Star, Iowa last Wednesday week. He reports hard times there, and says that goods are cheaper here in Red Cloud than where he spent the winter.

From a gentleman from Guide Rock we learn that Mr. M. Talbot has for the past week been very sick, and nearly all his property has appeared in pawn. Much sympathy is expressed for the family, and it is hoped that Mr. Talbot may be relieved of his dreadful condition.

In an article on prairie dogs the Agriculturalist says that prairie dogs dig a well for water, that only take possession of abandoned holes, and make their nests about three or four feet from their mouth, and that prairie dogs infest the towns nearly to play on the young dogs, and eggs of the owls.

GLENSWOOD PRECINCT.
Mr. Editor.—having no response from our corner, to the call for items I will send a few.
Weather fine, every body wearing a cheerful countenance (except brown corn men) they are looking rather blue just now.
Several new buildings going up this spring in our precinct.
Glee Hill is without a post-box on account of selling whiskey. Where in the Grand Jurors, suppose they will be around by the 10th of Feb.
Mr. Wilson has gone east to look after his interests, and visit friends.
Dr. Felt's new house improves the looks of our neighborhood considerably.
W. Hagan has improved the appearance of his place greatly by putting wire fence around 40 acres, for pasture, building new sheds, hog lots, etc.
School is preparing body with Mr. Warren as teacher.
Cheverton Lodge of Good Templars enjoyed a very pleasant time last Thursday if the lecturer did seem a little better than some, and have to have a chair every week. Frank, some one else will have to deliver the next time.

DON'T BUY
Until you have our prices, we are selling goods lower than any store in Hastings.

For the following reasons:
We have a **buyer** constantly in the East.
We **manufacture** our own clothing.
We buy all **Domestic** of the manufacturers.
We buy for **cash** at big discounts. We have **special** rates on freight.
We never buy of travelling salesmen. We have **no** funds to pay.
We are under less expense than most other houses. We have the **largest** stock, and best assortment of any house in the West.
We call special attention to our immense stock of extra **silverts**, and fine of Bay's and Children's clothing. Largest and only stock of Carpets, Oil Cloths, Feathers and Curtains in the City.
We will make it an object for you to call on us at the **GREAT** CHICAGO STORE.

D. WENGER Proprietor HASTINGS, NEB

The Howell boys have gone to Kansas and without a look back.
Farmers going to begin to sow wheat in a few days unless the weather changes.
Health good with the exception of bad colds.
The little folks enjoyed themselves hugely at Mrs. Wilson's Wednesday evening, they would not care if Eddie's birthday came twice a year.

AUNT PATSY.
The Patten Committee have pitched into the riper business lately.

The funeral of Senator Russell was attended at Ashland by the Senate in a body, and by a very large concourse of friends. Rev. C. A. Miller, who both officiated at the marriage ceremony of the deceased and baptized him, conducted the last rites, by preaching from Revelation: "And I heard a voice from Heaven saying: There shall be no more death."

We heard something the other day which is too good to let pass. We were telling a gentleman that a bill had been introduced in the Legislature to locate a Reform School at Nelson. He appeared to disagree, and thought we were "giving him a way." On being assured that it is so, he replied: "Yes and there was a bill introduced into Congress last week to prevent any money from interfering with the carrying of the United States Mail."

The Virginia senate has adopted, by a unanimous vote, the series of resolutions which were recently presented in that body. These resolutions assert the broadest possible view of state sovereignty. They deny the right of general government to protect a citizen in his liberty or property, or the exercise of rights where the state claims jurisdiction; declare the legislation which has grown out of the constitutional amendments to be null and void; deny the right of the general government to enforce the decisions of its own judiciary where the state interposes its veto.

The S. & N. railroad company have lately brought on from the East two handsome passenger coaches, designed for use on the road. One of them was used to convey the Honorable party to Ashland yesterday, and will be at once put on the road for general use. The coaches are very neat exteriorly, and inside are fitted up in a substantial if not elegant manner. The appointments are perfect, and a number of improvements are noticeable over older cars. A new patent parcel holder, and a patent arrangement to adjust the ventilators, are among the improvements. The S. & N. Co. have reason to be proud of each coach, for the coaches in question are certainly a credit to the road.

The investigation over Charles Fairfield seems to assume a peculiar interest. He is arraigned by the editor of the Republican for things that the editor knows nothing of, and what is told him by others; by the fact is a "put up" letter purporting to be signed by one who did not write it. We hope the investigation will be made but we think it will place our University Faculty in a better light than before, provided there is no better evidence against it than we have heard.

LEGISLATIVE.
A resolution has introduced in the Senate requiring the state treasurer to furnish a tabular statement of moneys received and disbursed during each month from the organization of the State government to the close of the last fiscal year. A bill was introduced to make jurors in criminal cases the judges of law and facts.
The resolution favoring the Omaha bridge bill passed House by a vote of 54 to 10, 19 yeas and 10 nays.
The consideration of the bill to prevent the planting of cotton-wool without protection, by lawful means was indefinitely postponed.
The following is the vote of the House on the Prohibition bill.
Those voting in the affirmative were:
Messrs. Babcock, Baker, Barnard, Bruce, Burling, Davis of Buffalo, Day, Draper, Ferguson, French, Grigg, Hickman, Hanson, Johnson, Keith, Kennedy, of Pawnee, Keith, Moore, Pelt, Polak, Rohr, Smith, Sisson, Simpson, Stewart, Smith, Sparks of Gage, Sparks, of Lincoln, Stone, Thompson, of Washington, Trumble, Vanaman, Vandenberg, Warner, Warrington, Whitman, York, Ziegenfuss, Clark, and Stewart.—48.
Those voting in the negative were: Messrs. Bailey, Bennett, Burdick, Burns, Bush, Carter, Davis of Saunders, Dempster, Dodge, Dundy, Egan, Lehard, Foster, Fisher, Frothingham, Gilbert, Gurnea, Hildreth, Johnson, of Douglas, Kimball, Link, Long, Loveland, Mack, McArthur, Mack, Mitchell, Owen, Patton, Plummer, Price, Ryan, of Shelby, Thompson, Cummings, Tracy, Wells, and the Speaker.—28.
Ayes and noes voting, Messrs. Davis, Gammann, Hanson and Stewart.

Of these about thirty Messrs. Hanson and Stewart were in favor of Prohibition—just enough to pass the bill on all hands present. Messrs. Gurnea and Stewart were in favor of the anti-temperance measure but were outvoted by the first majority of the bill.

Messrs. Kennedy is one of the "smooth" men who think of themselves as statesmen. He has been a member of the Legislature for many years. He did not seem to be influenced by temperance feelings, and anti-temperance language but he was outvoted for the first time in the State. Yet the gentleman who next brought down a resolution to suspend the consideration of the Omaha bill was one of the "smooth" men who think of themselves as statesmen.
