

RED CLOUD CHIEF.

CITY AND COUNTRY.

Spring is here at last. Gardening is now in order. Runaway last Monday. No body killed. We hear of a number of weddings lately. Letter from "Betsey" crowded out this week. They have unearthed a den of thieves in Hastings. Is there any telephones in operation in this town. Stamping done on reasonable terms at Mrs. McBride's. Numbers of covered wagons pass through town every day. Births are of frequent occurrence in this municipality of late. Mr. Stevenson of Inavale called on the CHIEF last Saturday. NEW SPRING GOODS, just received at LIDDY'S. Mr. Fred Frits of Riterton was among our callers last Saturday. Old papers for sale at this office at 50 cents a hundred. McNitt, the P. M., does not propose to be left behind in the wall paper business. There has been a number of lawsuits before his honor, Judge Wilcox, the last week. Be careful about throwing out ashes, as many destructive fires have originated in this way. The Cowles Band, we are informed, has become a pleasant feature of that thriving place. Our merchants are receiving new voices of spring goods. Advertise in the CHIEF. The largest passenger train ever run in Nebraska, came west last Friday loaded with immigrants. Red Cloud is in danger from prairie fires, and steps should be taken to guard against it, in time. If you buy your hats and bonnets of Mrs. McBride, you will be suited both in quality and price. The time of running trains on the railroad is changed. They now arrive in the forenoon, from Hastings. We have for sale a number of the most desirable farms in this county. If you want to buy, we can suit you. You can buy more Groceries for a Trade, or Mexican Dollar, at LIDDY'S, than you ever saw for a Dollar. Mail arrive from the east, 11.20 a. m. Post-office will not be open on Sunday, hereafter. M. B. McNITT, P. M. A letter from Maple Grove was overlooked a week or two ago, that should have been published; but is too old now. The "Davis" spoken of in last weeks issue is not the L. E. Davis of Scott P. O., and our remarks were not intended to apply to him in any way. We have been disappointed this week as well as last, in getting a printer, and have not been able to give as much reading matter as we otherwise would. We have for sale a second hand job press, cheap. Can fit out an amateur printer with press, type, ink etc., very cheap. From and after this date, and until further notice, we will publish, without expense to the county, the proceedings of the board of county commissioners. Let us have a reusing old county Fair in this county the coming fall. Every one should take hold of this matter in earnest and give the thing a boost. Plant trees, and don't you forget it. Every dwelling in the state of Nebraska should be protected from the cold blasts of winter by a nice thrifty grove of trees. Rev. Geo. O. Yeiser will, by Divine permission, address the children of Red Cloud on next Sabbath at 11 o'clock, at the court house. All are cordially invited to be present. Seward Garber, son of the Ex-Governor, and well known and liked by all the old residents of Red Cloud, is at home spending vacation. He is a student in the State University. An exchange says that cats make good music—but it's after they have passed through the refining process and are properly adjusted and manipulated on the various string instruments. A number of our subscribers have proposed to pay their subscription in wood, but we fail to see the fuel. However, it is just as we expected, we never have been able to get wood of those who promised it. We are sometimes compelled to reject communications because they are written so badly, as we cannot afford to take time to decipher them. You certainly have as much time to write your letters in a legible manner as we have to decipher and re-write them. We are in receipt of some very good verses, from Negunda, and as we read them over we almost felt like publishing them. We really would like to oblige our friends but our rules are as inexorable as those of the Medes and Persians, and we must "beg to be excused."

As much as we dislike to refuse to accede to the wishes of our friends, we are compelled to say, once for all, that we have no room for poetry unless printed by special arrangement. Lines accompanying ordinary notices must be composed of not more than eight lines, else the entire effusion will be rejected.
