

THE CHIEF. LOCAL MATTERS.

Go to the polls and vote. Subscribe for the CHIEF. Overcoats at "Uncle Sam's". Apples are plenty in this market. Last Sabbath was a pleasant day. Last Monday it was windy and dusty. See Mr. Simons' notice in another column.

Send us the news from your neighborhood. Vote the straight ticket on the 4th of November. All branches of business seem to be doing well now. We are informed that the Argus is offered for sale.

Uncle Sam's store is literally piled full of new goods. No clew of the post office robbers has yet been obtained. New corn is coming to town in considerable quantities.

Business has improved wonderfully in the last few weeks. The weather prophets predict warm weather in this month. The "Nebraska Zephyrus" have prevailed for the last few days.

The County Commissioners met in regular session last Tuesday. Mitchell & Morhart are doing a rushing business in the store trade. The CHIEF building will soon be enlarged and otherwise improved.

Once in a while, for a change, the passenger train from the east comes in on time. Doe Middleton, the outlaw, is engaged at some dressing in the penitentiary. The days are growing shorter and as a consequence the nights are growing longer.

It has been said that woman's inhumanity to man is what keeps the broom market steady. A farmer brought two loads of potatoes to town last Saturday and could not dispose of them.

The house fly who has been so active all summer now folds his wings and quietly drops into the grave. We learn that the contract for rebuilding the Methodist church was let to Mr. G. A. Brown, for \$1,100.

Blanks.—We will have a supply of blanks of all kinds in a few days, which we will sell at Lincoln retail prices. Candidates have been unusually plenty this fall, and yet we have heard of only a few hen roosts being robbed.

WANTED—A boy to learn the printing trade, one who will not learn it all in two or three weeks, preferred. A good chance is offered for a good steady boy to thoroughly master the trade, under the tutelage of our experienced foreman. Apply early.

The Lewiston Gazette says every paper in the United States ought occasionally to put the fact before its readers that burnt corn is a certain and speedy cure for cholera. The best way is to take a pile of corn on the cob, effectually scorch it, and give the affected hogs free access to it.

If the person who stole a keg of lead from Mr. Halcomb's new house last week will return the same no questions will be asked, but if it is not returned the thief, who is well known, will get into trouble. Mr. Halcomb does not desire to expose the person but will do it publicly if the lead is not returned in a reasonable length of time.

The school in Guide Rock, under the charge of Miss Brown, is considered one of the best in the county. The Superintendent speaks very highly of her method of teaching history. Mr. Johnson Bailey will teach in this district the coming winter. The people of Guide Rock take a lively interest in their school affairs and what is better, always support the leading school of the county.

N. D. Fox & Co., grain merchants of Cowles, wish to announce to the public that they have completed their new elevator and are now ready to handle all kinds of grain. Their facilities for handling are as good as any in the country. They also have the advantage of low freights to Chicago, and propose to pay all their in grain, and cordially invite the public to give them a trial.

From Mr. Pope we obtained the following in regard to the schools in the northeast part of the county where he has been visiting: Miss Victoria Morton is teaching in district No. 53, has enrolled seventeen pupils. Miss Morton has taught this school two terms. Mrs. Susan Stiles is teaching her second term in district No. 57, while her daughter, Miss Alice Stiles has commenced her first term of school in district No. 29.

Last Sunday night about midnight, when everything human is supposed to be at rest and graveyards are supposed to yawn and ghosts come forth and stalk about, "Uncle Sam" and Sheriff Warren arose from their virtuous couch and departed for bleeding Kansas in quest of an individual by the name of Davis, whom it was supposed had secretly departed from this county in search of greener pastures, leaving sundry small bill unpaid. He was overhauled in Kansas and made to liquidate his indebtedness to Uncle Sam.

Harvey A. Bailey is to teach the school in district No. 16. Hiram Hampton teaches his second term in No. 28. G. W. Barker has been engaged for the winter term in district No. 6, at Inavale. Mrs. Beat is teaching her third term in No. 13 at Batin. The school has opened in district No. 31, Miss Steers, teacher. Mrs. Tharp is to teach in district No. 12. Miss Nellie Whitney, a young lady from Iowa, communicates the fall term in Helvern's district next Monday. Mark Noble, who taught thirty terms of school in this district in No. 3.

We have on exhibition at the Journal's sanctum, a large piece of pure chalk taken from the ground four miles from the thriving town of Red Cloud. The vein from which it was taken is said to be three feet in thickness. Mr. Godman, of this city, from whom we received the sample, informs us that the vein or bed was discovered by a man who was engaged in digging a well. The greatest excitement, it is said, prevails among the citizens over the discovery, and the prominent men of this town are taking a deep interest in the matter. Lincoln Journal.

Tax payers should bear in mind that the law passed last winter provides that "No demand for taxes shall be necessary, but it shall be the duty of every person subject to taxation under the laws of this state to attend at the treasurer's office, at the county seat, and pay his taxes, and if any person neglects so to pay his personal taxes until after the first of November next, the treasurer is directed to levy and collect the same, together with all costs of collection, by distress and sale of personal property." And in regard to taxes on real estate, that "On the first Monday in November in each year, between the hours of nine o'clock a. m. and four o'clock p. m., the treasurer is directed to offer at public sale... all lands on which taxes are levied for state, county, township, village, city, school district, or any other purpose, for the previous year still remaining unpaid. No notice of such sale by advertisement or otherwise shall be required, but in all cases the provisions of this chapter shall be sufficient notice to owners of the sale of their property."

We steal the following from Beatrice Express, who stole it from the Johnson County Journal who stole it from some other paper, but fails to say what paper it stole the "pome" from: "Gaily the candidate Seeketh the bar, Where the dry cistern Comes from afar. Singing—"I've sought thee, And found thee, methinks; Candidate, candidate, Set up the drinks!"

PETERSON'S MAGAZINE, which a contemporary calls "pre-eminently the first of the lady's books," is on our table for November, ahead of all others. It is astonishing how this favorite continues to improve. The present number leads off with a charming steel engraving, "The Little Haymaker," and is followed by two of those double-sized steel fashion plates, superbly colored, only seen in this periodical. Then comes a powerful engraving, "The Oriel Window," illustrating a story, then comes some fifty wood cuts of dresses, patterns in embroidery, crochet, &c., &c. A pretty love story, "The Prize At Our Archery Club," brilliantly illustrated, follows, and then tales and novelties by Mrs. Ann S. Stephens, Mrs. F. Hodgson Burnett, Marietta Halley, Frank Lee Benedict, &c., &c. With this number appears the prospectus for 1880. A specialty of "Peterson" is a monthly supplement, given to each subscriber, with a paper pattern for a lady or child's dress, the pattern alone being worth more than the subscription price. Five original novelties will be given in 1880, by Mrs. Ann S. Stephens, Mrs. Frances Burnett, Frank Lee Benedict, &c., &c. A new feature will be introduced, in a series of brilliantly illustrated stories, and other articles. The price of "Peterson," remember, is but TWO DOLLARS A YEAR, or less than other first-class magazines, postage free; to clubs the terms are even lower, viz: two copies for \$3.50, with a superb, copyright mezzotint (size 24 inches by 20). "Washington at Valley Forge," as premium. Or four copies for \$6.50, and an extra copy of the magazine itself as a premium. Or five copies for \$8.00, with both an extra copy and the "Washington at Valley Forge," for premium. For larger clubs the premiums are even more tempting. Now is the time to get up clubs for 1880. Specimens are sent, gratis, if written for. Subscribe to nothing until you have seen a copy of "Peterson." Address CHARLES J. PETERSON, 306 Chesnut Street, Philadelphia, Pa.

MOORE INDIAN FIGHTING. CHICAGO, Oct. 4.—The following was received to-day at Gen. Sherman's headquarters in this city, via Ft. Leavenworth, Kansas: "Morning came up with Victoria and his band on the 28th of Sept. near Okajabi, and so far, after two days, reports have been received from the Indians, including twelve or more of Hooker's horses. Victoria was in an almost impassable country, and was well fortified, but Morrow dislodged him. Morrow continues the fight, and sending Apaches just enlisted, a company of sixty cavalry and two companies from Stanton to him and now have no doubt of the final result. This relieves me and I can attend to the Utes' country. Signed, HATCH, Commanding.

TROOPS GOING TO THE FRONT. DODGE CITY, Kan., October 4.—Company A, Nineteenth Infantry, Lt. Spencer, commanding, left here to-night for Ft. Lyon, Col., there to await orders. Four companies of the same regiment are held at Ft. Dodge ready to leave at a moment's notice. Company G, Nineteenth Infantry, mounted, Capt. Bradford, commanding, have left Ft. Dodge, and are to Otero, N. M. These movements are to frustrate the hostile demonstrations of the Southern Utes and other bands in Colorado and New Mexico.

NO NEWS FROM CAPT. PAYNE. RAWLINS, Wyo., October 2, 10:15 p. m.—The painful silence still continues. Not a word has been heard from the front. Seven companies of the Seventh Infantry, under Col. Gilbert, and Company B, of the Third Cavalry, under Lieut. Hunter, arrived to-day, and will go forward in the morning. Gen. Crook will probably reach here Monday evening. The mail from the south is due to-night. We confidently expect to receive important news.

BOLD INDIANS. OGDEN, Utah, Oct. 4.—Six Shoshone chiefs, with war paint and armed with breech-loading rifles, came down the Utah Northern Railroad, and went east this morning on the Union Pacific road, paying their fare and announcing they were going to join the Utes.

STATEMENT UNDER OATH. To WHOM IT MAY CONCERN.—In the year 1875 I treated with Kendall's Spavin Cure a bone spavin of several months growth, nearly half as large as a hen's egg, and completely stopped the lame and removed the enlargement. I have worked the horse ever since very hard since and he never has been lame, nor could I ever see and difference in the size of the bone joints since I treated him with Kendall's Spavin Cure.
