A partnership has been formed between Holcomb Bros. and Mr. Whitson, under the firm name of Holcomb Bros. & Whitson.

We are in receipt of a handsome little volume containing the memorial services in honor of the late Frank Welch, with a handsome lithograph of the gentleman. We presume we are indebted to one of our Senators for the favor.

Beginning with the first Sunday in May, the C. R. & Q. R. R. will run a Sunday passenger train from the Missouri River every Sunday, instead of every third Sunday as heretofore. The C. R. & Q. R. R. and C. & N. W. pool on Sunday passenger trains has been broken up.

Brother Andrew Jackson Kenney displays as little judgment in the matter of lying as in telling a lie. On the occasion of his telling a lie, which we are sorry to say is entirely too frequent, he tells such a whoopee that no one will believe it. This, we think, displays poor judgment in the profession that he has the reputation of being very proficient in.

The DeYonnes and Kellocks of San Francisco have another shooting maniac. This time Charles DeYonng, one of the editors of the Chronicle was shot and killed by young Kellock, son of the mayor who was shot last fall by young DeYonng. The shooting took place in the Chronicle office, on the 23rd of April, and was the outgrowth of a newspaper quarrel.

We meeting in a roundabout way that a meeting of the county agricultural society is called for next Friday at the court house. If this is the case we hope there will be a full turnout, and we would suggest to those having the matter in hand that they let the intentions of the society be known through the papers that the people may be induced to take an interest in the matter.

Parties who desire to prove up on their land should recollect that the application for final proof must be forwarded to the land office before publication can be made. Some unthinkingly send us a description of their land with request to advertise it, and make no allowance for the time it takes to forward the application to the land office and get returns, and then think that we do not attend to business because it is not advertised at once. The best and surest way is to come to this office yourself and bring your home-stead papers with you and the names of three witnesses, we keep the blanks on hand and charge nothing for filling out and forwarding them.

We are informed that when Wm. J. Norris, who lives a few miles south of the river reached home one night last week he found awaiting him on the front door step a big healthy boy apparently about three days old. It had evidently been left there by some one who wanted to get rid of it, and who thought that Mr. Norris would be a father to the boy. It is said that Mr. Norris, who has plenty of children of his own, will turn the little waif over to the tender mercies of the county. The inhuman parents should be severely dealt with for abandoning the helpless infant in the tender years of its infancy, at a time in its life when it most needs the tender and loving care of a mother.

Mrs. Lutz will not be undersold. The largest stock of millinery in the valley, at Mrs. McBride's.

GRACE CHURCH.—Divine services in court house every Sunday, at 3 P. M. All are invited.

This part of the country has been very much slighted by the clerk of the good rain last week, and only last Monday night Bloomington caught it—a regular dashing rain, in fact it has rained all around us of late and the good people have begun to wonder why, if according to scripture, it rains upon the just and the unjust, that we should be slighted.

Since the above was in type it has rained, oh so nice and gently, and vegetation and everything else seems to have taken a new lease of life.

Settlers on Government Lands. Homesteaders and others who have not yet proved up on their claims should remember that the new rulings require that they shall advertise at least four witnesses who are not relatives of the party proving up, and that the time and place of making proof shall also be stated in the notice. This, it is claimed, is for the purpose of giving parties who may have adverse claims on the land a chance to appear and present their claims. Those who wish to prove up can have their application papers made out at the CHIEF office, free of charge, as we always keep a supply of blanks on hand for this purpose, and as the editor of this paper is Notary Public, the affidavit does not cost anything, thus 25 cents is saved to each one who publishes his final proof notice in the CHIEF.

Monroe Taylor's Gold Medal Saleratus and Soda is accused of every impurity, and so arranged and combined that all unhealthy and injurious properties are stricken out, while Carbonic acid, the only active property remaining, is held in check until it has evolved a gas by means of which bread is raised, and each acid thus destroyed, which makes it suitable for the most delicate or dyspeptic stomach. Try one paper, and you never will have any other. Grocers and Druggists keep it.

The greatest remedy for this, the great, wise and good will tell you, is Hop Bitters—rely on it. See another column.

FOR THE CHIEF. INVALE, MAY 3d, 1880. The people of this community were greatly shocked by the sudden death of Miss Mary Stevenson, which occurred on the morning of the 27th ult. She was sick only 24 hours, and not considered dangerously ill till about an hour before she died. She was the oldest daughter of Mr. Hugh Stevenson, and was greatly beloved by all the family, and also by every one who became acquainted with her. She had received a first-class education and her mind was enriched with foreign travel. The house abounds with works of art from her hands, the music of her voice, and her piano will now be hushed. She will be greatly missed. So quiet and unassuming was she that the beauty of her character could not be realized until upon intimate acquaintance, but she was always pleasant and social to every one. It is said that "Death loves a shining mark" it was so in this case. She was a consistent member of the Baptist church, and although we mourn for her, our loss is her gain.

Miner Bros. having just received a case of standard prints at the late reduction in eastern markets, are enabled to offer their customers a bargain in this line.

Ladies, a word with you, nice millinery goods to look stylish and to show off to the best advantage must be put on by a first class milliner, and the only place in Red Cloud where you can get that done is at Mrs. Fowler's, one door north of the Bank.

ABBY ITEMS. Railroad work still in the lead. Boarding cars left last week. Mr. Gofford, from near Milwaukee Wis., is building a good store room 20x40 feet, he has it nearly ready for plastering.

Miss Millie Smith has been engaged to teach the school in Amboy for the coming year, a sensible move in the school board, changes are destructive of good, when a good teacher is dismissed without a good cause.

The eighth wonder, the Amboy school house, has been built and about completed without any wrangling. One of our grog shops has moved, and we are longing for an opportunity to say farewell to the other.

Elder S. C. Baur, formerly of Jefferson county, visited Elder Johnson, on his way to Norton county, Kans., and preached last night.

Mr. Halley's babe has been sick for over a week and is not much better. Elder Johnson is in the Bee business.
