Kendall's Spavin Cure. The most successful Remedy ever discovered, as it is certain in its effects and does not blister. Read proof below.

FROM REV. P. N. GRANGER, Presiding Elder of the St. Albans District.
St. Albans, Vt., Jan 20th, 1880.
DR. B. J. KENDALL & Co., Gents:—In reply to your letter I will say that my experience with 'Lendall's Spayin Cure' has been very satisfactory indeed. Three or four years ago I procured a bottle of your agent, and with it, cured a horse of lameness by a spavin. Last season my horse few weeks when he became better, but when I put him on the road he grew worse, when I discovered that a ringbone was forming. I procured a bottle of Kendall's Spavin Cure and with less than a bottle cared him so that he is not lame, neither can the bunch be found. Respectfully yours, P. N. GRANGER.

PERSEVERANCE WILL TELL. Stoughton, Mass., March 16th, 1880.

B. J. Kendall & Co., Gents:—In justice to you and myself, I think I ought to let you know that I have removed two bone spavins with 'Kendall's Spavin Cuee,' one very large one, don't dnow how longe the spavin had been there. I have owned the horse eight months. It tood me four months to take the large one off and two for the small one. I have used ten bottles. The horse is entirely well, not at all stiff, and no bunch to be seen or felt. This is a wonderful medicide. It is a new thing here, but if it does for all what it has done for me its sale will be very great. Respectfully yours.

Chas. E. Parker.

If any doubt exists in the minds of the intelligent voters as to the amount of rebel war claims that will be presented and allowed in the event of the success of the democratic ticket in the light of the fact that "history repeats itself" it is well to refer to old records of the democratic regime and deduce therefrom lessons of instruction for the present and future.

The archives of the Treasury De-

partment contain claims to the amount of sixty millions of dollars paid to the inhabitants of Georgia and Florida for losses alleged to have been sustained during the war with the Seminole and Creek Indians (better noble men-Hancock and English.- known as the Florida war) which occurred during the years 1834 to 1838.
