While there the doctors said I had a hole in my left lung as big as a half dollar. I gave up hope, but a friend told me of Dr. Wm. Hall's Batsan For the Lusus. I got a bottle, when to my surprise I commenced to feel better, and to-day I reel in better aprits than I have the past three years. I write this hoping that every one afflicted with Diseased Lungs will take Dr. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that Consumption can be cured. DR. JOHN BULL'S

FOR THE CURE OF

FEVER and ACUE Or CHILLS and FEVER.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PERMANENT cure of Agueand Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has beer sufficient for a cure, and whole familles have been cured by a single bottle, with a per-fect restoration of the general health. It is, however, pradent, and in every case more cer-tain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however require a cathartiomodicine, after having taken three or four dozen of the Tonic, a single doce of BULL'S VEGETABLE PARILY PILLS will be sufficient." bin

The genuine SHITH'S TONIC SYRUP must have DR. JOHN BULL'S private stamp on each bottle. DR. JOHN BULL only has the right to manufacture and sell the eriginal JOHN J. SMITH'S TONIC SYRUP, of Louisville, Ky. Examine well the label on each bottle. If my private stamp is not on each bottle do not purchase, or you will be deceived.
