A SONG OF AUTUMN.

tent, and said 'twas fun. But I thought, for my part, I'd rather be to home. In the night 1 dreamed I was in swimming, and the water was awful Hall to thee, Autumn! Gracious of present Weary are we of bards that sing Of the May-tide joys of field and pleasance Of the old, false hymnis to the faith

cold. And pretty soon I woke up, and there I was two inches deep in water. A fickle uniden, none might trust her. and 'twas raining like sixty. So I woke Was hoydon Spring, with her chang up Guy, and we felt round and found

In ripened womanhoo f's richest luster Calmiy thousomest, Lady and Queen!

wet; and then we sat down on a board. Many to her are the ditties isden With honeyed breathings of flattering praise. Sated and vain with applause, proud ma.don, She flouts her lovers, and scorns their lays. Thou ?- With her 'twere shame to compare and the next thing I remember of t'was

Worthier thou to be sung and wooed; Thou like a high-born dame dost bear thee. Gracious of presence and bountcous of mood.

Hall to thee, Autumn! Thee we honor, Queen of the Seasons, without a peer! Spring ?-She had promise of beauty on her, But thing are the glory and crown of the

Year. Plest in worship why did we set her. Spring-the wayward, the cold, the coy? Aye in our hearts, we have loved then better. Autumn, the gracious, the bringer of joy!

Bountiful Autumn! thou that bringest The sweet, caim days of the cloudless light. Sountiful Autumn! thou that flingest A mellower luster o'er field and height; Thine is the flush of the purple heather. Thine is the gleam of the hurvest sheaves, Thine is the glow where tip-ning together The apples brighten through dusz-green

Thine is the givry on crags and moorlands, Thine is the haze upon dreamy sens. Thine is the plashing round dusky forelands Of fulling waters; thy gifts are these: With sport for the ranger of field and wild

Wealth of the corn-land for tolling men, And nut and berry for happy childhood In wonderful wanderings by wood and gien.

Bonutiful Autumn! Bringer of pleasure, Bringer of beauty, bringer of gain. More in thy bounty, bringer of jeisure To those aweary in heart and brain-Thou dost bring us-of thee the bliss is-Where Nature, All-mother, julis us to sleep, And cools our brows with her healing kines, Breeze of the mountain and breeze of the deep.

Rountiful Autumn! Well may we greet thes Chief of the Sensons! Quiven of the year! Well may our hearis go forth to meet thee, And bring thee in triumph, with shout and with cheer!

ligmus to thy praise will we not be sparing Binging thee, Lady, gracious of mien, Bounteous of spirit and stately of bearing, Antumn, the crowned one, our Queen, our Queen!

-Harper's Bazdr.

"BARTLETT & ARNOLD."

And it all happened in a heap, though you have to tell it one to time; so about I'm Bartlett myself-R. F., and my as soon as we saw Mr. Pressy's old roan partner's name is Guy. Anyhow, he and the woman we saw two little Holwas my partner once, but he isn't now, hander babies, with their yellow hair because we've gone out of business. braided in wispy pigtails, and white We've been acquainted ever since we dresses on, playing right square in the were real little, and always good friends, middle of the road. except once in a while we have a tiff or It seems to me as if I looked at Guy a long, long time, and Guy looked at something. Last summer there was going to be a me. And I thought about my mother, big celebration at New Holland. It's and my dog l'onto, and that we hadn't called New Holland because our State rolled all of the lemons; and then I felt sent for lots of Holland people to come as if something gave me a push. And and settle, and we'd give 'em land. So it was all in a minute, and Land Guy Smythesdale snow-balling was the popthey came, and we gave 'em farms, and we ran. And Guy he was a little first, their town is called New Holland, and and he grabbed the nearest one, and I it's twelve miles away from Deerville. grabbed the other, and I felt the horse Well, the Governor was coming, and side ways, and threw the little Hollander, and Decrville is our town. more'n a dozen brass bands, and mili- something hit me. tionary companies, and folks from all So that's all I knew till I heard a roar over everywhere. And they were to my ears that grew louder and louder, going to make speeches and sing and and pretty soon I knew 'twas folks talkeat dinner. And I and Guy we were ing, and I opened my eyes, and there I talking about it under a plum-tree in was in a little low room, with two funny Traits of the People of Newfoundland. brass candlesticks on the mantel shelf; the garden. "Cal Pressy says his father's going and my mother was there, and Guv, to have a shanty and sell things out and Mrs. Arnold, and father, and Mr. there-gingerbread, and pies, and pea- Arnold, and Dr. Henry. They looked uts, and such. And lemona ie." funny to me, and there was a queer "Twas before this that 1 and Guy we smell in the room, and my head was nuts, and such. And lemona te." wanted a good lot of money for some- t ed up with a wet rag; the wet was thing very particular. I don't mind what smelled so funny. "Hullo!" said I, first thing. telling you about it now, for 'tain't "Oh, my!" said my mother, and then likely we'll ever get it, and I'd as lieves some other boy'd have the chance as she began to cry like a good one. not. "Pulse is pretty well," said the docter, feeling of my wrist. 'Twas to buy a pony we wanted it, like those the circus had. The circus looked at me, and we both beran to men told us that they bought their ponies of a man named David Solomon, Isugh. who lived in a county that sounded like "All right," said Dr. Henry, rubbing his glasses up; "he's all right, Mrs. "Jumpup." down to Texas. And he had one more pony to sell for ten dol- Hartlett." And so I was, only dizzy a little, and lars, which was cheap, but we'd have to pay for him to ride on the cars. headachy where the hub of one of Mr. The circus man winked a good deal Pressy's wagon wheels had hit me. Well, when we went out of the little and laughed when we thanked him, and said 'twasn't any trouble at all, and he said 'twasn't any trouble at all, and he Holander house, there was the Gover-hoped we'd get the pony. So that's what we wanted the lot of money for. And as soon as Guy said the Governor's then. And the whole hoped we'd get the pony. So that's what we wanted the lot of that about Cal Pressy's father, an idea procession had stopped; and when we noting. Like the Southern negro, who tillage and manuring. The manure for popped into my head, and I popped it went out, you never heard such a cheer so often uses "him" for "it," so these the crop is best applied in the fall by out of my mouth:

The command of remain in the land after taking a crop "present arms" is given, followed by "forward march," and it is but a natuare about as hard to kill as Canada thistles, and a good deal harder than ral supposition that the order, "remain couch grass. They can be eradicated at rest" follows in "double quick time." by planting with cabbage and celery, - Philadelphia Bulletin.

which demand constant hoeing, so tesies. Their leading social amusement that few will remain after one season's is card-playing, in which the reductive tillage; but if neglected late in the season the roots will live many years and give a good deal of trouble, especially in

grass lands. The culture of this root for sale is confined almost entirely to the market gardens near large cities, for the reason ters, at least, of the population of 180. that the land must be very rich and 000 n the whole island is made up of fine to give a good crop, and the eradication of the remaining roots after rough race, familiar with every phase the crop is taken of demands such culfine as possible by composting, and

thoroughly mixed with the soil. The land is prepared as early in says, "Do as Mrs. Bertlett tells you;" and of course Mr. Arnold wouldn't fly in the faces and eyes of all three of 'em, and he's a little man anyway. So it turned out just the way I said this time, though they chaffed us some, and father and Mr. Arnold made a good deal of talk about the new firm. But "Now you'll come with me, Roy; I our Middle and Western States. For ridge, making marks for setting the We counted up our bank money, and can't leave you here again." the Newfoundlander's phrase "Up roots two feet apart; some prefer ten Mrs. Arnold said so, too. But I and South" we have no equivalent, except- inches, but I think they get more small I had five dollars and four cents and Guy had three dollars and seventy-nine cents. But his father leat him one and a quarter to make him even partner, and Guy gave his note. So that made ten, and ten dollars 'll So that made ten, and ten dollars 'll

ing, but we must buy the flour, and so forth. So we did. The and-so-forth cost a good deal more n the flour. So we had six left—six dollars—and we bought candy with it, and nuts, and twelve lemons, and some sugar. And we divided it up so's if it came to eat-ing we wouldn't get more'n belonged to us. And we painted a sign with black paint: "BARTLETT & ARNOLD." It looked real nice. And Captain Tilif the land is low and moist. The ridging of the land is believed to favor a smooth growth of roots, and it certainly favors the early growth of the early crop grown, between the rows of horse-radish, and makes it easier to dig the latter. The digging resembles the harvesting of parsnips; it is done in November for such portion of the crop as is wanted for winter sale or for very early spring, but about half the crop is usually left in the field over winter to be sold in April and May as dug. The roots are dug with a dung-fork after running a large plow as near as can be done to the row
