A DEEAM.

Wish me joy," he said, and turned, With the aughter in his eyes; "Mary, I have won a wife, And my choice you must approve. With a feeling, not surprise; And I felt that Death in Life, Was the ending of my love. Flux she is, and like a fawn,

Wander ng thro' the woodland ways; And her voice is soft and low As the murmur of a dove; And the promise of the dawn Riushes quickly in her face; Mary, can you wonder so, You, the sister of my love?" So I tried to speak and smile, Taking buth his bands in mine Faying he was worthy her— Words that seemed to burn and choke. From my breaking heart the while Then with all my pulse astir. And my brain on fire-I woke!

"Wish me well," he said, and gared. All his soul into my eyes; Mary, I would win a wife, Do you care to listen who? As for me I stood amazed,

In a sort of glad surprise; And the secret of my life Blocsomed into beculy new. Tall and stately doth she go Like a queen through woodland ways: And her valce is sweet and clear As a muted nightin; ale's. Tell me. Mary, do you know Her, whom I would fitly praise; But when I have called her dear, All the autumn woodland seemed To awake in summer glow; As, with blush on cheek and brow, I confessed him dear to me. When I told him what I dreamed,

story again typified in this case. Only a cold tubercies, might-sweats, and the now rapid forth this intelligence: The admiral is in same condition as reported last night. A -According to a correspondent of burning fever his been slightly reduced. Consumption held full sway now, and the well-

The vmptoms of blood-poisoning, a torpid liver, intense rains throughout the body, eyetor-the liver. These were the means which had reduced the admiral from the pinnacle of bealth to the valley and shadow of de th. known skill of naval doctors was in this instance at least completely foiled. The admiral had besued orders for the flarship to touch at Montevideo for coal, and it beyond endurance, and before the ship could reach Montevideo. Among a group of sailors gathered around one of the great guns on the spar deck stood the captain of the Brown, a slight but healthy looking mon-His companions were listening to a recital of his sufferings from consumption, which had

"A year ago this day I was hove to in the 'pill man's' sick bay in the Ranger, then off Yokobams, an' I tell you, pards, 'twee no use pipin' my number, 'cause I was nigh on passin' in my enlistment papers for a long cruise aloft," continued Brown. "Consump-tion had me flat aback, and the doctor says it was no use to stow away his lush in my bold secin' that my bellows was condemned by a higher cover than be could wrastle with." "How did you pucker out of it?" asked a

"Wa'all," replied Brown, "my Chines Washman come to me one mornin' an' he says to me, 'me hab got aliee came Melican man to me, 'me hab got alice same Melican man medikin, do you heap good!' I says bring it off, Chang. I buy all the same. That a ternoon Chang hove up with fourteen bottles of a lush, enough to kill or cure the who e ship's crew, an' that looked fresh in their nice wrappers. Says Ching, 'China man doctor hab got pientee more, he make heap good well with my sick, this number one medikin alice same through Yokohama.' Wa'all, I took the bottles an' told the doctor. I was coin' to tre bottles an' told the doctor I was goin' to try
one as by the sailin' erlers on the bottle, and
the doctor he langhed and says 'twas no good,
but I dies as the regulations says from the
first, an' here I am, ag'in the doctor's ideas
to be sayer!"

With this triumphent assertion Prown looked about the circle. Then, lowering his voice, said, "boys, I've four of those precious bottles left—ain't give 'em all any year. bottles left—sin't give 'em all aw y yet after I was cured—an' if you all think that it would not be too free with the 'old man,' suppose I go to his am there on the poop deck an' say what I have to you, an', askin' his rardum, any we want the admiral to try the stuff in my bottles, seein' that they cured my consumption."

This blue met with apparent from all sides This ides met with approval from all sides. Therefore Brown walked off for the later view

"Have you had a job to-day, Tim?" to. with the admirac's son, with no come ony one her the secures frown. song apprarance, most preasing this wild night to those within. In his statement Lie the admiral - ade confuctable by all that lowing heads and willing hearts could sugge at ing congratulations on my restoration By his side as his son, who is quiet one was to health to before me. When we puried recogning to his father the interview with Br. wn, and the opposition o et with from the doctors when the idea of giving this new melicine was bounded.
"You were sleeping at the time, lather, and therefore missed a laughable scene, in de so, s spite of your condition, by the intense dislike displayed by the doctors for this new fangled stuff, 'this patent liquid,' which they are passed the interior is charming, row, when we meet at your disser, as you only declared should never with their consent be know that I have possed through a terrible given to run. Well I cut the matter short saying that I would toke all the reapmoniguests, while the other is a library or made by a man who to-day stands to the minister it. That I obtained when I found bility and with goor permission would at front rank of his felow sorkers, unequaled you awake and new you are under w y with first bottle as per directions. I am satta-

have found the means of arresting the form trouting you so much." The admiral's reply w a cut short be a severe spell of courbin; during which he spat out, and when figured sons book exhaust ed. But the grateful look which he bestowed his son was an additional assurance of bedoing him any good. But laying aside his distinct for may but old-established remedies. the adviral acquiesced in his son's requisiand now, after this last spell, admitted that the effect of the dose had softened the dreadederverity of the racking rough.

Three weeks latter found the Named makeing the harbor of Montey des. After severe and prolonged weather she had rounded the Cope and now was standing in the ha his for the purpose of recoming and watering. To one given to the study of formun linearments the faces of those aboard the flagship this each man's happiness flowed from the same fountain of grateful joy. The beloved admiraing, deer reader, your answer would have been easily found in his face. A changed on the snow where it is level or a little reeling machine, or read a fooling made and Tokohama, the balance sheet stood man was be. Victory was perched on his descending it drops its fore feet back by chine, or reel a fooding machine, or a largely in layor of oil Se, tune's rough charg! The fight was a severe one, but with so cess tion in virilent action and careful anplication of the contents of four bottles the . inur I had turned the fink of consumpti and was slowly but surely driving him off the the field with a power which acton ded the doctors and filled all hearts with joy and

What was this then that had won the victory for the seaman brown, and was now leading the admiral's shattered forces to the same grand result! When asked this quessoe of his office son duty, in Monvideo the admired slowly lifting his hand re lied, "I won d that in letters of gold and name of this great remedy could be shows, coupled with the genius who discovered it - 'THE Got, MEN MERICAL DISCOVERT! Pierce, of Euffaio, N. Y., the man who given to his follow men the greatest rrom all like that mortal flesh is helf to?" This is the name of the contents of that bottle on my table, and God bless the man who has found the secret of filling it with a me icine at once purtlying and strengthen ing, wholesome and thorough in its results, and claiming, in my bumble o inton, nothin for itself that it cannot reasonably perform Nature's a ly against the abuse of man? Well might the admiral sing the proises that which had so unexpectedly rescued him from a fatal fitness. When the ship anchor the first commission for the admiral's son execute was a large purchase of Dr. Pierce's Golden Medical Discovery, which, as the admiral sadly admitted, he had seen in every port the world around and had only admiras an evidence of the energy and emerprise of an American who could thus place his Golden Medical Discovery in every noon and corner of the globe. But now he was one more to testify to the wonderful power of this medicine, and estately did so in Montevideo.

by praising it up to all the high officials who A week later and the Nomed sailed for Boston direct. What the condition of the edmiral was when she arrived there is shown in his letter shove. Let it be recorded to the credit of the doctors on the flarship that they were com letely cured of all di-like for th Golden Medical Discovery, used it faithfull on the voyage to Boston, and lauded through its wonderful power, the admiral completely restored; and more than one poor fellow who started out in the sick bay of the Nomad. What staunch friends the Golden Medical Discovery made in that ship!

The above, reader, is an outline of the story erun by the admira to his friend when they met at the dinner. We will not touch on other portions of his interesting recital of his cruise in general, our aim being to record his test: mony for the greatest wonder in medical science that this nineteenth century of surpris ing developmen a has produced From the wooderful power of Dr. Pierce Golden Medical Discovery over that terrib fatal disease consumption, which is acroid a of the lu gs, when first offering this new world-famed remedy to the public, Dr. Pierce thought favorably of calling it his "consum tion cure," but abandoned that name as is restrictive for a medicine that from its wo de ful combination of germ-destroying. well as tonic, or strengthening, alterative, blood-cleansing anti-bil ous, distretic, peetal, and nutritive properties, is unequaled, not only as a remedy for consumption of the lungs, but for all chronic diseases of the liv er, blood, kidneys, and lungs. Golden Medical Decovery cures all humors, from the worst scrofula to a common blotch, pim e, or eruption. Erysipe's, salt-rheum, feversores, sea yor rough skin. in short, all diseases caused by disease ger is in the blood, are conquered by this powerful, purifying, and invigorating medicine. Great eating ul e a rapidly beal under its benign influences Especially has it manifested its potency in curing le ter, rose rash, boils, carbuncles, sore eyes, profujous sares and swellings,

white swellings, writte or thick nock, and en-'The blood is the life." Thoroughly Golden Medical Discovery, and good digesstrength and soundness of constitution ar if you feel dull, drower, debilitated, have ealiow color of skin, or yellowish brown spots on face or body, frequent headsche or dizziness, bud taste in mouth internal beat or chills, alternated with bot fishes, low spirits and gloomy forebolings, irregular appetite, and tongue coated, you are suffering from indigestion dyspe els, and torpid liver or "billiousness." In many cases only part of these symptoms are experienced. As a remedy for all such cases Dr. Pierce's Gold-

en Medical Discovery has no equal as I ffects perfect and radical cures. For weak lungs, spitting of blood, short breath, consumptive night-sweats, and kindred offections, it is a sovereign remedy. the cure of broachits, severe coughs and con-sumption, it has asionished the medical faculty, and eminent physici as pronounce it the greatest medical discovery of the age. The nutritive properties possessed by col-liver oil are triffing when compared with those of the Golden Merical Discovery. It rapidly builds up the system and increases the firsh and weight of those reduced below the usual standard of beath by wasting dis-

gression, prompted by our admiration for a remedy that performs such marrelous cures. and permit us to say that when the admira returned to his home in New York the only cloud cast upon the happiness of the reuni-with his family was caused by the continu illness of his eldest son, a young man o twenty four, whose disease, when the admira sailed from Montevideo, had been reported as doctor. But his father found it otherwise; the unfortunate young man was suffering neverely from chronic disease of the kidneys and bindiler. Jefore leaving Boston the admiral had purchased a copy of Dr. P.erce's book, "The Foople's Common ferme Medical Advisor." He read this valuable book thoroughly, and upon his arr val home had made up his mind as to the future treatment for his son. The latter was sent to the famous lavalid's Hotel, at Buffalo, K. Y., conducted by Dr. R. V. Pierre, and his connectent staff by Dr. R. V. Pierre, and his compet of specialists, where, under skill ment, the sufferer soon found reli-
