TRIMMED hats from one dollar to twelve dollars at Mrs. McBride's.
On last Sunday evening Rev. Joseph Hall discoursed at the M. E. Church. Go to Mrs. McBride's and see the handsome patterns hats and bonnets. A SPIRITUAL medium gave our people several exhibitions during this week.

The ladies aid society will meet on Friday afternoon at Mrs. Forrester's residence.
A VERY heavy rain storm occurred Tuesday night with a slight change in the weather.
The church supper at the Presbyterian was postponed until this evening, Friday.

THE CHIEF is indebted to Mr. T. McCreary of the D. and M. depot for favors extended.
THE very best iron preparation, and the one having the largest sale, is Brown's Iron Bitters.

WE have been so crowded for space, that the necessity, we have had to leave out several important items, each week.
MR. KENDALL, formerly operator at the D. & M. depot has gone to Denver to work and C. E. Wood has taken his place.

MR. J. O. CHAMBERLIN has our regards for an excellent quantity of cheese from his factory at Inavale. Thanks.
WE hope our correspondents will send the news which occurs in their locality to THE CHIEF weekly. Every little item is news.

WE have secured several valuable correspondents at different points in the county who will make weekly reports to THE CHIEF.
REV. G. A. BUCHANAN, a colored divine of Nebraska City, expounded on theology at the congregational church Sunday evening.

RECOLLECT that North & Fulton are now selling barb wire at 51 cents. Call at once and secure what you want while it is going so cheap.
MR. C. A. WILLIAMS, of Melrose, Iowa, a cousin of Mr. T. McCreary, in Red Cloud, with an idea of settling here.

COAL has been very scarce here in the last few days, and it has been next thing to an impossibility to get enough fuel to keep the average inhabitant of Red Cloud warm.
REV. JOSEPH HALL of Maryon, Minn., brother of Mrs. O. H. Maryon, was visiting in Red Cloud this week. Mrs. Maryon and her brother will visit in Kansas a few days.

A GREAT many orchards have been set out in Webster county during the last year. Farmers are bound to have fruit in the near future. This climate is said to be prolific for fruit.
E. B. TAYLOR, brother of I. N. Taylor, of this place, started one of the first papers in Nebraska. That paper was the Omaha Republican, and was first published about twenty years ago.

TALK about your Mulligan guards, but G. S. Albright can't be beat when it comes to selling your jewelry, clocks, watches, etc. Repairing promptly and neatly done by an experienced workman.
H. T. HANN, of Sidney Iowa, who has been in Red Cloud for several weeks, returned home today. Mr. Hann expects to return in March with his family if he does not sell his farm in the meantime.

SCARCELY a day passes over Red Cloud, but what one of our readers that locate in here. Two years before it will not have 3500 inhabitants. Present indications can be taken as an evidence.
WE have accorded to our democratic friends a space in our columns for the publication of their county ticket. This we publish for the benefit of our democratic patrons. It is a matter of news and that is the kind of filling THE CHIEF wants.

John east at the Chicago Lumber Yard.
RECENTLY coal at the Chicago Lumber Yard.
THE public school let out two days for the county fair last week.

A FULL supply of Cannon City coal at the Chicago Lumber Yard.
FRYER BROTHERS, will sell fifty head of cattle on Saturday, in Red Cloud.

A SCIENTIFIC chemical compound that gives health and strength is Brown's Iron Bitters.
MR. YENNER, our candidate for county judge is having his home repaired and will move into it next week.

M. L. THOMAS, formerly editor of THE CHIEF, paid a flying visit to his parents in Iowa. He started Friday last and returned Monday. He reports Nebraska crop to be three times a head of Iowa crops. There is no doubt but what Nebraska is far ahead of all other states in the Union for crops this year.

SORTS miscreant attempted to wreck the east bound passenger train on the R. and M. near Arapahoe, Wednesday night of last week by placing a log in the end of the bridge. This is the second attempt at ditching a train at that place within the last two weeks, and should the restorable caught his worthless carcass should be left hanging to the nearest tree.

Now that winter is coming on, we believe that it would be a good idea for our store keepers to close up at eight o'clock during the winter months in order to give the clerks a few moments to themselves for recreation. A great many merchants in the state are adopting these rules and find them beneficial to themselves, as well as the clerks. Who will start the ball rolling?

MR. H. L. THOMAS, late publisher of this paper, has accepted an appointment as route agent in the railway mail service to run between Omaha, Neb., and Ogden, Utah. He will leave in a few days to enter upon the discharge of the duties of his new position. This appointment is well deserved as Mr. Thomas has been a lifelong and ardent republican and we, therefore, heartily congratulate him, knowing that he has the ability and will to make an efficient officer.

To show the popularity of our county treasurer Mr. Chas. Bilchuck, with the people of Webster county, it is only necessary to allude to his nomination by three different political parties. Mr. Buschow was first put upon the republican ticket, and was afterwards endorsed by the democratic and anti-monopoly parties. This is a sufficient guarantee of his election. Mr. Buschow has fully earned this endorsement of the people in the careful management of the duties appertaining to his office.

WE dare say that Webster county will be found to be the most prompt taxpaying county in the state. Up to date Treasurer Buschow has collected nearly fifty thousand dollars of taxes out of the sixty-eight levied for 1882. This is indeed a good showing, when we take into consideration that there has been a shortage of crops until the present year. Nearly the entire amount levied will be paid by the day the delinquent tax sales commence. Is there a county in the state that can beat Webster?

ERNEST & GRIFFITH, two young men who came here three weeks ago, mention of which was made in this paper at the time, have purchased one thousand acres of B. and M. land and are fitting it up for a cattle ranch. They will erect some substantial building for their stock, besides a large barn and house, and have just received thirty thousand feet of lumber for that purpose. They have a fine place, and being ambitious they will push their enterprise for all its worth. They will start in with 300 cattle and about 400 hogs. Here's our BEST shake. THE CHIEF wishes you success.

IT is surprising to find so large a stock of goods in the hardware line as carried by North & Fulton, of Red Cloud. To say the least their stock is simply immense and embraces one of the largest assortment of stoves ever brought west. Their store is literally covered with all kinds of heating and cooking stoves of every conceivable design and style, which will be sold at such low prices that it will astonish you. Remember that they carry only the best stoves to be procured and therefore guarantee satisfaction. They are well equipped in every department and have the largest and best stock of hardware, tinware, copperware, etc., in Red Cloud. If you want your own interest you will surely call on North & Fulton when wanting things in the hardware line.

THE largest assortment of millinery goods ever brought to Red Cloud, just received at Mrs. Kellogg's.

A. C. Hosmer has bought out the Red Cloud Chief and has made a big improvement in the paper. Mr. Thomas on retiring had the following entry in his diary: "I have sold the Chief Good bye."—Republican Valley Edition.
MR. JONES' new residence in the northwest part of the city is nearing completion and will be a very handsome residence when finished. Mr. Jones is a man of good taste, and his house will be a credit to him and our growing city.

STEWARTS BROTHERS informs us that there are sixty-five school houses in Webster county, and that the average salary paid to teachers is about \$20 per month. We believe that the various school boards should pay larger salaries.

A COUNTY poor house is what is said to be wanted in Webster county. We believe it would be a saving to the county for it to take special oversight and care for the poor, and to do it properly and economically they should have a county house of their own.

OUR TOWN.
As the time of day approaches we feel that the time has come when we should review the progress of our town. We believe that the progress of our town is such as to give us every reason to be satisfied. We have a fine school, a fine church, and a fine business. We have a fine location, and a fine climate. We have a fine population, and a fine future.

THE FAIR.
The following is a list of premiums awarded at the Webster county fair, held October 9, 10 and 11.

A SOLID FACT.
We are always pleased to announce the fact that Red Cloud leads in every lead all other in the state. In connection we wish to make it known that G. S. Albright, the jewelry, is now fully equipped, with one of the largest stocks of jewelry ever brought to this place. His main effort is to please his customers and to that end his stock is selected with that special care that is sure to please the people. His stock embraces all kinds of clocks, watches, jewelry, etc., from the cheapest to the very best. Call and see him.

By request of several teachers, a meeting of the teachers of Webster county, is hereby called to meet at the court house in Red Cloud on Saturday, October 20, 1883, at 2 o'clock P. M., for the purpose of organizing a county teachers' association. Let every teacher attend, who can possibly.

WAIT FOR HIM.
People wanting to buy furniture, will do well to wait for the new stock, which will be opened in Red Cloud, about November 15th, by R. E. Harmons, of Wahoo, Nebraska. He will give bargains that will astonish every person in Webster and adjoining counties. Do not get out and see him.
