

# THE RED CLOUD CHIEF

FRIDAY, JUNE 20, 1884.

A. C. HOSMER - - Proprietor

ANOTHER carload of barb wire at Morhart & Fulton's.

WOOL sacks, wool twine, and sheep shears at Morhart & Fulton's.

SQUARE dealing, one price and that a low one, is the cause of the Golden Eagle's success.

It is astonishing to see how many ladies buy shoes for themselves and children at the Golden Eagle.

PRINTS, piques, percales, gingham, shambrias, etc., at Mrs. Newhouse's, cheap to close out. 41-4f

LADIES' and children's neckwear, ribbons, hosiery, hair nets, parasols, notions, etc., all closed out very cheap at Mrs. Newhouse's. 41-4f

LAWNS, Cambrics, white goods, worsted goods suitable for the season, at low figures to close out our stock. Mrs. NEWHOUSE.

SILKS, satins, velvets, laces, Hamburgs, etc., marked down very low to close out our entire stock of goods. Call and see. Mrs. NEWHOUSE.

Hol every one of you! If you want a vapor stove of the latest '84 design, call on Morhart & Fulton, the popular hardware men of Red Cloud. They have the latest and most improved pattern.

at Red Cloud mills, 30c per month for yearlings, 35 for two year olds, 40 for cows, 60 for colts and 75 for horses. Salted and attended to by Marvin Chase at the mills. [4-2m] J. Q. POTTER.

Bucklen's Arnica salve. Warranted to speedily cure Burns, Bruises, Cuts, Ulcers, Salt Rheum, Fever Sores, Cancers, Piles, Chills, Sore Throat, Teeter, Chapped Hands, and all skin eruptions, guaranteed to cure in every instance or money refunded. 25 cents per box. For sale by Henry Cook.

HANOVER, O., Feb. 13, 1884. After having lung fever and pneumonia I had a dreadful cough and could not sleep at night. The doctors told me I had consumption and would die. I have taken six bottles of Dr. Williams' Pink Pills for Pale People and my cough is entirely gone and I am well as ever. EMELINE FORD.

Griggs' Glycerine Salve. The best on earth can truly be said of Griggs' Glycerine Salve, which is a sure cure for cuts, bruises, scalds, burns, wounds, and all other sores. Will positively cure piles, tetter and all skin eruptions. Satisfaction guaranteed or money refunded. Only 25 cents. For sale by A. Lindley.

These are solid facts. The best blood purifier and system regulator ever placed within the reach of suffering humanity, truly is Electric Bitters. Inactivity of the Liver, Biliousness, Jaundice, Constipation, Weak Kidneys, or any disease of the urinary organs, or whoever requires appetizer, tonic or mild stimulant, will always find Electric Bitters the best and only certain cure known. They act surely and quickly, every bottle guaranteed to give entire satisfaction or money refunded. Sold at fifty cents a bottle by Henry Cook.

CITY BREVITIES. The M. E. church is to be decorated on the inside. The Presbyterian church will give a dinner, July 4. GEO. DODD is one of the best county officers in the state. SOME new pews have been put in the Presbyterian church. MR. J. S. NOLL has returned from a short visit at Hastings. The little son of Mr. and Mrs. J. W. WATSON died on Tuesday. F. M. RICHMOND has taken a position with Miner Bros., as clerk. WE understand that another church will be built in Red Cloud. The CHIEF is under obligations to C. E. DAVIS for favors extended. CHARLEY PLATT and Anson Higby were in Hastings on Friday. THE G. A. R. Post of Wells will have a grand camp fire on the 26th. MR. MEYER, his son and daughter, of Chicago, are visiting C. Wiener. THE Wells Grand Army Post will hold a camp fire in a few days. XAVIER DEMARS made this office a pleasant call one day this week. AT J. W. HULL's sale on the 12th, his property aggregated nearly \$1000. GATES & BOHANNAN have been fixing up the interior of their meat market. MR. D. SCOTT has been confined to his bed with sickness for the last few days. COUNTY Clerk Bayha was on the sick list during the fore part of the week. MR. J. STEIN and wife, of Chicago were the guests of C. Wiener, this week. J. G. POTTER, of this city, will soon have his store ready for business at Wells. C. W. KALEY was in Peru this week, attending a meeting of the State board of education. THE Red Cloud National Bank has received its currency, some \$11,000, from the government, and have commenced the issue of the same. The bills are of the denomination of \$5 and are very handsome.

A BROTHER of Mr. Funk has arrived in the city. He is stopping at the Gardner House. THE Ladies' Baptist H. H. society will meet at Mrs. Ambler's, Tuesday afternoon, June 24. A GOOD many hogs were marketed this week. Prices are steadier and ruling movement higher. REV. JOHN FLEMING, of Ayr, Nebraska, will preach in the Presbyterian church, Sunday, June 22. OUR Home Club went to Superior on Thursday to play a match game of ball with the Superior nine. J. H. FAWELL, of Lincoln, Neb., was in the city Tuesday. He will probably locate here in the near future. THE Band of Hope composed mostly of children, held a very interesting picnic last Wednesday at Gov. Garber's grove. LET our republicans make some arrangements to organize a Blaine and Logan club. Who will start the ball rolling? JOHN BOESCH, agent for the Acme harrow, has returned from Pawnee county, where he has been for two months. THERE was some fine fancy skating at the rink by some young ladies from Atchison, Kansas, who were visiting Mr. M. Berney. MILLER & DODD, abstractors and real estate agents, sold 260 acres of land on Saturday to Mr. Wm. Irons. This is a No. 1 stock farm. MARRIED, in Franklin, Neb., on the 15th inst., by J. E. Hart, Esq., Mr. John Kuhl, of Red Cloud, to Miss Minnie Mahnke, of Franklin. WHEN the B. & M. get their Minden cut-off through, several of our prominent railroad men will have to change locations in all probability. C. E. DAVIS, who has been studying law in this city for some time past, will go to St. Louis in a few weeks to attend a law college in that city. MR. N. E. MILLER, of Johnson county, brother to J. L. Miller, of this city, called on us Saturday. Mr. Miller intends going into business in this city. MR. K. SKEEN has bought the Rev. Pryse residence, we understand, and will at once build on a large addition and make some other needed improvements. C. BUSCHOW, wife and family, went to Iowa on Friday for a short visit. Mr. B. by the way, is one of the best county treasurers in the State of Nebraska. THE Cannon Ball on Sunday night ran over and insane woman between here and Kansas City. The woman was trying to cross over a bridge but was caught. MR. W. M. DICKERSON, of the firm of Oransby & Dickerson, produce merchants, went up the B. & M. on Monday on business. He was gone two or three days. A. A. FRAME, W. W. Hogate, J. M. Frame, John Rhode, S. B. Middleton, of Blue Hill, attended Masonic lodge in this city Friday night. They made this office a pleasant call. W. P. HANTRONS, a former citizen of this county, who has been absent for about two years in Seward county, has returned, and will build a stone house on his farm, and will move his family here soon. THE Red Cloud National Bank has had the interior of the building finely decorated. It is a very handsome design and adds greatly to its appearance. Mr. Vischer was the artist and designer and the work is a credit to him. WE are under many obligations to our friend, L. H. Rust, who owns one of the handsomest farms in Webster county, for some very delicious strawberries raised on his farm. The berries were very large and a very popular variety. Thanks, Bro. Rust. SLATER BROS., of West Virginia, a few days since bought 160 acres of land in section 15, town 3, range 10. This office received a very pleasant call from them. They are much pleased with Nebraska. OUR friend, John W. Hull, one of our staunch farmers, has sold his farm and on Tuesday, together with his family, started for the state of Alabama, which he proposes to make his future home. We wish Mr. Hull and family prosperity. THE fourth of July celebration at Wells bids fair to be a grand success, and the people of that enterprising village are making every to have a big time. The north end of the county will probably take in Wells on the Fourth. E. ANSLET, a friend of G. R. Chaney, from LaPorte, Ind., has bought lot 1, block 5, in the original plat of this city and is going to build a brick block on said lot this summer. He also bought a section of land near Riverton. We wish him success. ONLY two weeks more before the grand prize drawing comes off at the Golden Eagle clothing house. Those that have not availed themselves of the chance to win \$20, \$10, and \$5 in goods by purchasing some goods, should do so now. Drawing to come off positively on July 1.

DR EMIGH was in Wells on Monday. A NEW barber shop in the city by Gilbert & Davis. MOHART & FULTON were in the village of Wells this week. MR. E. GILFORD of Cowles made this office a pleasant call on Thursday. MILITIA returns show 1429 names taken for Webster county, for 1884. MRS. HENRY POOR, is visiting her father and mother, Mr. Ballard and wife. J. L. TROUP, manager of the Singer Sewing machine, at Kirwin, Kansas, was in the city Wednesday. PERSONS wishing to build should see H. W. Brewer and get his prices on lumber. You will save money if you do. REV. BLACKWELL of Guide Rock made our office a pleasant call Wednesday. The good brother will soon retire from the ministry and turn his attention to farming, we understand. DR. STAPLEFORD, who recently located here, has concluded to locate at Riverton. The doctor is a thorough gentleman, and being a man of fine education, we take pleasure in recommending him to the people of Riverton. JOHN B. FINCH, the great temperance orator, will address the citizens of Red Cloud, on the subject of temperance, June 25, at which time the temperance people will hold a mass meeting in Red Cloud. Mr. Sibly and Mr. Scott will also be present and make addresses. THIS week we present to our numerous readers the advertisements of the business men of Cowles. These gentlemen are all enterprising business men and THE CHIEF points with pride to their success and prosperity. We can fully recommend them all to the people of Webster county. NOTWITHSTANDING the fact that people are being continually robbed by street fakirs and gamblers, others are always ready to be taken in. One day this week several people were "scammed" by one of these fakirs to the tune of several dollars. The best way is to leave them alone and save your money. MR. JOHN MOORE has been in Lincoln this week, for the purpose of getting plans and specifications for the new brick building which the First National Bank, of this city, propose to commence erecting in a few days. This building we understand will be built after the latest designs in architecture, and will be a credit to our city. MR. J. TOMLINSON, one of our oldest and most respected citizens, has sold his farm for the sum of \$2500, to F. J. Radanacher, a gentleman who is in the wholesale furniture business at Crete. We hope that Mr. Tomlinson will still remain a resident of our county, as we are proud of citizens in the high standing of truth and sterling integrity in which he is held by all who know him. OUR friend, Barney Meiers, who has been peddling milk to our citizens, withdrew from the business on Sunday, on account of having so much business on the farm. He has nearly 100 acres of corn planted, and this together with the other duties of the farm, called for his personal attention, and consequently it became necessary for him to stop his milk wagon. He will, however, resume in September. THE work of equalizing the assessment of the county is a tedious job and requires a great deal of work on behalf of the commissioners. They have been in session fifteen days, doing nothing else but equalizing. It would seem that there should be some understanding between the assessors of the various precincts so that the task of equalizing would be lessened, and at the same time more satisfactory to the people in general. THE latest news from the Pat Berry neighborhood, is to the effect that Mrs. Anderson, whom Berry assaulted is lying in a precarious condition, and but little hope is entertained for her recovery by her friends. Berry is still at large. It would seem only just that every effort possible should be put forth for his arrest, and if guilty, and there seems to be but little doubt of that, he should be properly punished for this dastardly crime. THE stock of harness formerly belonging to O. G. Roberts, who recently failed has had a number of owners recently. It has been sold, bought in, replevied, advertised for sale and replevied again, until it is somewhat difficult to tell which from t'other. The last act in the case is another replevin suit brought about by O. G. Roberts, who now holds the winning card. The next act in the drama is to be enacted at some future day, we presume. DON'T forget that Red Cloud will have one of the largest 4th of July celebrations in Western Nebraska. Bear it in mind and make arrangements to be here. The Hon. Thomas Applegate, of Johnson county, a noted orator, will address the people on that occasion. In the evening there will be a grand display of fire-works, and in fact arrangements are being made to have an immense time. The eagle will scream to the full extent of its lungs. THE Red Cloud creamery has our thanks for some fine butter. This institution has a wide reputation for making fine butter. They have lately increased their facilities for manufacture of butter, having put in a new engine, a new churn, a new butter worker, new vats, etc., and are now pushing the business for all it is worth. THE CHIEF is glad to learn that the creamery is prospering beyond its most sanguine expectations. Success to the institution. It is a great benefit to our people. MR. B. BRIGGS and Mrs. Rickerson, of this city, were united in marriage on the 15th of this month. Rev. Geo. O. Yeiser officiating. During the years of her widowhood Mrs. B. has, with her own hands, earned a comfortable livelihood for herself and family and has many warm friends in this city, who now hope that her union with the kindhearted Mr. Briggs may bring her nothing but bliss and happiness. May their love for each other continue to grow and strengthen until their lives are lost in the sunlight of eternity.

Webster County. THE CHIEF points with pride to the prosperity everywhere noticeable in Webster county. On every hand can be seen multitudinous evidences of thrift among all classes of our inhabitants. The wonderful growth and development of the county is simply astonishing, even to the oldest settler. Last year, or better perhaps 1883, the assessed valuation of realty and personal property in Webster county was \$1,333,099. This year it stands as follows as gleaned from the assessors books:

Personal property.....	\$ 800,000
Real estate.....	1,000,000
Town lots.....	100,000
B. & M. bed.....	33,099
Total valuation.....	\$2,233,119

A net gain of \$897,340 in valuation for the year 1884 over the year 1883. This is a tremendous gain, and at once shows the improvements made on farms and town property during the last twelve months. Prosperity is visible on every hand, and the farming classes are continually improving their property. The towns and cities are also keeping pace with the times. The assessed valuation of town lots is about as follows:

Red Cloud.....	\$19,273
Guide Rock.....	15,918
Blue Hill.....	5,919
Cowles.....	2,700
Amboy.....	418

And what is better than all there is no slack in the forward movement, and we predict a much higher valuation next year, which will be in keeping with the present rapid strides in that direction. People have awakened to the fact that there is no better farming country in the west than that in Webster county, and have therefore gone to work with a vim for improvement. Let the good work go on.

A Visit to Guide Rock. A member of THE CHIEF staff spent a few pleasant hours one day last week in the thriving little town of Guide Rock. Our attention was attracted to the new hotel now being finished for Mr. Grubb. It will cost about \$1100, and will be commodious and first-class in all its appointments. Mr. G. is an old hotel man, and understands how to meet the wants of the traveling public. The new church is nearly finished and is a credit to the town. We met Messrs. Berg & McGuire, formerly business men of Red Cloud, who were busy getting their new store into proper shape. Also, we were agreeably entertained by Mr. Chadlin, the enterprising attorney. He had a very amusing hog case under way, which promised great sport. Mr. C's law practice is a complete success. We made to us, a very pleasant call on Mr. Newmeyer, of the Signal. Everything presented a neat and prosperous condition about the office. We were pleased to find the people of Guide Rock well pleased with their newspaper, and that they displayed their pleasure and wisdom by giving it good patronage. May it ever prove the Signal to Guide its readers, to truth and happiness.

The following is a correct copy of the census of Webster county, Nebraska, taken for the year 1884, and compiled for said state at this office:

Red Cloud precinct.....	1969
Guide Rock precinct.....	1273
Potsdam precinct.....	926
Stillwater precinct.....	661
Harmony precinct.....	579
Oak Creek precinct.....	553
Glenwood precinct.....	496
Invalde precinct.....	449
Pleasant Hill precinct.....	413
Batin precinct.....	351
Elm Creek precinct.....	298
Garfield precinct.....	298
Walnut Creek precinct.....	292
Line precinct.....	246
Total.....	8841

J. P. BAYHA, county clerk.

The skating rink is the great place of amusement at present, and the attention of the young people is directed in that direction. The managers of the rink, Messrs. Albright, Wallace and Platt are doing their level best to make every thing pass off pleasantly for their patrons and each evening they try to have a different program. On last Saturday night Miss Florence Teary, Maud Dennison and Jennie Powell of Atchison, Kansas, entertained the large crowd present with some fancy skating. Miss Teary, was especially noticeable and was pleasantly applauded by the audience. The skating was greatly admired. On Wednesday night the game Polo was introduced and successfully played to the satisfaction of all present.

The Fourth. The people of Webster and adjoining counties should not forget that the grandest Fourth of July celebration ever held here will take place on Friday, July 4, at Red Cloud. Hon. Thomas Applegate, of Johnson county, will make the eagle scream with all its old time vigor, and this and many amusements will afford the people who are present a day of enjoyment and pleasure. Don't forget it and be sure and come to Red Cloud on the 4th of July. Fireworks, racing, ball playing, &c., will be part of the amusements of the day. Come, every one.

A BUSINESS CHANGE.—One day last week J. L. Miller and George Dodd purchased the abstract and insurance business of Bingham & Kirk, of this city. The new firm will at once enlarge and increase the facilities of the office for the purpose of expediting matters pertaining thereto. THE CHIEF wishes the new firm prosperity and success in their enterprise and hopes that they will meet with great results.

A. H. GATES, an attorney of Salem, made this office a pleasant call Wednesday. The gentleman informed us that the officers were now in hot pursuit of Pat Berry. Pat is supposed to be somewhere in Franklin county.

TRAIN WRECKED. Passenger Train No. 40, Bound for Kansas City, Missouri. Wrecked by Road Agents near Hubbell, Nebraska. The Engine, Tender, Baggage, Express and Smoking Cars a Total Wreck. On Tuesday night the cannon ball, No. 40, in charge of conductor Pat Lyman, and Alex. Stewart, engineer, left this city per schedule time for Kansas City, loaded with human freight, not one of whom ever dreamed that they were running with lightning speed into the jaws of death. On, and on, went the train, the careful eye of the engineer scanning the track in the distance as far as he was able to see by the aid of the headlight. All of a sudden, when nearing the bridge five miles east of Chester, an exclamation fell from his lips that "the rail had been misplaced" and before he could reverse the engine it left the track, and with it the entire train of five cars, down to the depths below. A scene of confusion followed. As soon as the passengers became clear of the wreck they, or those that were not injured, set about to relieve the sufferers, and with willing hands soon had them in as comfortable places as possible, while the fireman, who fortunately escaped, made haste to Hubbell, where the operator was informed of the catastrophe, and word was at once sent to this city and Lincoln for aid. The officials here at once summoned the train hands and at 12 o'clock a. m. the wrecking train and Dr. Hall were on the road to the scene of disaster. The facts as gleaned by our reporter are substantially as follows: The place where the wreck occurred seemed to have been well selected for the perpetration of such an infernal deed, as the track is some thirty feet above the level of ground, and on an open bridge. The train was making its usual time when as above stated the engineer saw a short distance ahead that the north rail had been loosened and bent half way to the south and firmly held in that position. The momentum of the train was so great that the engine was forced seventy feet beyond the bridge and then turned over twice down the embankment, the cars being piled in the ditch under, or in close proximity to the bridge which was an entire ruin along with the cars. Out of about thirty on the train, but

THIRTEEN WERE INJURED and are as follows, as near as could be ascertained: Conductor Lyman had both legs broken and will probably lose both. Engineer Stewart had one leg broken and otherwise injured. Express Messenger McNaughton was fatally injured, and mangled beyond recognition, almost the entire train falling upon the express car. The balance were more or less injured, and it is thought that some two or three of those who died from their injuries. The wounded were taken to Wymore where the best of medical aid was brought to their relief. It is impossible to tell, or even surmise who the guilty parties were, but several hard locking men are suspected of being implicated in this damnable crime, and in fact a stranger who had been loafing around that section for two or three days, has been arrested and is now in jail awaiting his trial. The excitement at the scene of the wreck was simply intense, and a large number of people viewed the ruins Wednesday and Thursday. There seems but little doubt but what the guilty parties when caught will be meted out quick and summary justice without the usual formula of a trial. The villains seemed to have concocted their plans very quietly with a desire to make the wreck as

FAIR PLAY. I thought I would write you a few lines to let you know that we are alive and everybody well. Crops look well. Small grain is booming. Some fields of corn have been plowed twice. The sons of veterans gave a ball on the 6th inst. in the hall. They had a big crowd and a nice time. Mr. West is hauling lumber to build him a new barn. Base ball has taken a boom, and the fever is high. Our boys played the Blue Hill nine and beat them two tallies. News is scarce, so I will close for this time. BUCKEYE.

LINE. As this is a favorable time to write you a few lines from our part of the county, I would say that everything looks well in the crop line, and the people are in good spirits. A birthday party on the 17th at Mr. O. Wickwire's, which was a pleasant affair. The ladies in the neighborhood got up a birthday party for Mrs. Tanshill, as it was her 72nd birthday. She was greatly surprised when the teams came driving up and began to unload the baskets from the wagons. Those who were present are O'Call and wife, A. McCall and wife, G. W. Hummel and wife, S. McCall and wife, Mrs. Richmond, O. Skeen, and others. After dinner the ladies presented Mrs. Tanshill with some fine presents, with which she was well pleased. The little son of Mr. Luther Kimminsky died on last Thursday evening from a complication of diseases. FARMER.

GARFIELD. Farmers are busy planting corn. Small grain is doing finely. It never looked better. Mr. F. F. Hull has leased his farm to R. Manley, and will move to North Branch, Kansas, and engage in the agricultural implement business. We wish Mr. H. success in his new calling. Mr. John Hull had his sale on the 12th, and goes to Alabama. They are now visiting on Elm Creek. Passing the house of one of Garfield's voters the other day, we thought we heard the faint echo of Blaine and Logan. Upon investigation we found it to be his baby, Cornelius, crowing for Blaine and Logan. Mr. J. Coon is on the sick list at present. Capt. Houchin's house is nearly completed. Mrs. Shultz expresses herself as well pleased with her new home, and she may well be, as they now have one of the finest farms in the county. Z.

Cowles. This little village can boast that it contains two first-class blacksmiths and four carpenters and that all six of them are left handed. The people here are enterprising and have faith in the future of their town. They are about to build a parsonage for their minister, Rev. Alfred Martinis. The school is in a very flourishing condition; has 48 pupils, and the thoroughness of the work they are doing proves Miss Parsons to be a teacher of tact and experience. A harness shop is needed, and a stock buyer. It is a cause of complaint among farmers in this vicinity that they are obliged to haul their hogs past a station to Red Cloud to find a buyer. There is plenty of territory for some good man to occupy here in this business. Who will be first? The country surrounding this town is nearly all No. 1 farming land. The crops are in fine order and there is also a large amount of blooded stock owned in this neighborhood. There is a wide range of country tributary to this place which in the near future will make it one of the best towns in Webster county. Its professional, mechanical and business men are endowed with enthusiasm, and believe that the power of brain and muscle that is now at work on their section, will soon bring it to a high stage of development, and aided by "printer's ink," every vacant quarter of land around them will soon be occupied by thrifty farmers.

A Few Facts. Mr. Editor: Lately I had the pleasure of visiting many different portions of this county and was much pleased to see the general appearance of thrift and prosperity. The crops of grain and grass are most excellent. Fruit trees and forest trees could not possibly look better in any county. Herds of very fine cattle on every side of us, and miles and miles of wire fence has been built the past year, and a great amount of breaking has been done. One of the commissioners informs us that the county debt is being reduced and our taxes growing lighter, and says if the prudence and economy of the past four years is continued for four years more, our allowed county accounts will be at par. Now, sir, all this, with the glorious result of the republican convention at Chicago, should and I believe does make us feel cheerful, and should cause us to bestir ourselves to see to it that our public offices are kept in hands of able and honest men. And as the time for making some new selections is drawing near, the public is very properly looking about to see who would be the most suitable and deserving, and I hope that the selections may be made with such care that the bickering of the past may be forgot and entirely lost sight of. In a fair play, and a fair deal and that there may be no cause to say that our town wants all the offices of both county and state, and you know it is a wide open secret now that Red Cloud has a hungering and thirsting for office that is hard to satisfy. Please look at her list and you know there was some heartburnings at the last election because she did not have member of assembly. Red Cloud has now a state senator, county commissioner, county clerk, county judge, county sheriff, county superintendent, county coroner, county attorney, county physician, and two or three commissioners of the insane. It may be the people of this county will quietly submit to this state of things for a thousand years—but it is not likely.

FAIR PLAY. I thought I would write you a few lines to let you know that we are alive and everybody well. Crops look well. Small grain is booming. Some fields of corn have been plowed twice. The sons of veterans gave a ball on the 6th inst. in the hall. They had a big crowd and a nice time. Mr. West is hauling lumber to build him a new barn. Base ball has taken a boom, and the fever is high. Our boys played the Blue Hill nine and beat them two tallies. News is scarce, so I will close for this time. BUCKEYE.

LINE. As this is a favorable time to write you a few lines from our part of the county, I would say that everything looks well in the crop line, and the people are in good spirits. A birthday party on the 17th at Mr. O. Wickwire's, which was a pleasant affair. The ladies in the neighborhood got up a birthday party for Mrs. Tanshill, as it was her 72nd birthday. She was greatly surprised when the teams came driving up and began to unload the baskets from the wagons. Those who were present are O'Call and wife, A. McCall and wife, G. W. Hummel and wife, S. McCall and wife, Mrs. Richmond, O. Skeen, and others. After dinner the ladies presented Mrs. Tanshill with some fine presents, with which she was well pleased. The little son of Mr. Luther Kimminsky died on last Thursday evening from a complication of diseases. FARMER.

GARFIELD. Farmers are busy planting corn. Small grain is doing finely. It never looked better. Mr. F. F. Hull has leased his farm to R. Manley, and will move to North Branch, Kansas, and engage in the agricultural implement business. We wish Mr. H. success in his new calling. Mr. John Hull had his sale on the 12th, and goes to Alabama. They are now visiting on Elm Creek. Passing the house of one of Garfield's voters the other day, we thought we heard the faint echo of Blaine and Logan. Upon investigation we found it to be his baby, Cornelius, crowing for Blaine and Logan. Mr. J. Coon is on the sick list at present. Capt. Houchin's house is nearly completed. Mrs. Shultz expresses herself as well pleased with her new home, and she may well be, as they now have one of the finest farms in the county. Z.
