Spring Without Blossoms
Late in Life to Look for Joy—Yet Near too Late to Mend.

Readers of Hawthorne's "House of Seven Gables" will recall the pathos with which poor Clifford Pyncheon, who had been unjustly imprisoned since his early manhood, said, after his release: "My life is gone, and where is my happiness. Oh! give me my happiness." But that could be done only in part, as gleams of warm sunshine occasionally fall across the gloom of a New England autumn day. In a letter to Messrs. Hixson & Co., Mr. L. H. Titus, of Pennington, N. J., says: "I have suffered untold misery from childhood from chronic disease of the bowels and diarrhea, accompanied by great pain. I sought relief at the hands of physicians of every school and used every patent and domestic medicine under the sun. I have at last found in Parker's Tonic a complete specific, preventive and cure. A year's invaluable medicine, which did for me what nothing else could do, is entitled to the credit of my getting back my happy days. I cheerfully and gratefully acknowledge the fact."

Mr. E. S. Wells, who needs no introduction to the people of Jersey City adds: "The testimonial of Mr. Titus is genuine and voluntary; only he does not adequately portray the suffering he has endured for many years. He is my brother-in-law, and I know the cause well. He is now perfectly free from his old troubles, and enjoys health and life, ascribing it all to Parker's Tonic."

Unequaled as an invigorant; stimulates all the organs; cures ailments of the liver, kidneys, and all diseases of the blood.

Griggs' Glycerine Salve.
The best on earth can truly be said of Griggs' Glycerine Salve, which is a sure cure for cuts, bruises, scalds, burns, wounds, and all other sores. Will positively cure piles, tetter and all skin eruptions. Satisfaction guaranteed or money refunded. Only 25 cents. For sale by A. Lindley.

HANOVER, O., Feb. 13, 1884.
After having lung fever and pneumonia I had a dreadful cough and could not sleep at night. The doctors told me I had consumption and would die. I have taken six bottles Piso's Cure and my cough is entirely gone and I am well as ever.

How Watch Cases are Made.

In buying a silver watch case great care should be taken to secure one that is solid silver throughout. The cap of most cheap silver cases is made of a composition known as allata, which is a very poor substitute for silver, as it turns black in a short time.

The backs of such cases are made much thinner than those of an all silver case, being robbed in order to make the cap thicker and get in as much as possible of the cheap metal. Another important point in silver case is the joints or hinges, which should be made of gold. Those of most cheap cases are made of silver, which is not a suitable metal for that purpose.

In a brief period it warps, bends and spreads apart, allowing the backs to become loose upon the case and admitting the dust and dirt that accumulate in the pocket. The Keystone Silver Watch Cases are only made with silver caps and gold joints.

St. Louis, Mo., Feb. 17, 1884.
In our long and varied experience in handling watches, we cannot but acknowledge and give our testimony that the Keystone Silver Watch Cases are the best made to our knowledge. Having no soldering they require no repairs, harder and stiffer than they would be were they heated for soldering, and have more resisting power against pressure than any other case in the market. Send 2 cent stamp to Keystone Watch Case Factory, Philadelphia, Pa., for handsome illustrated pamphlet showing how Silver and Keystone Watch Cases are made.

The Postille's
ORGANIC WEAKNESS & IMPURITY IN MEN
Harris Remedy Co. Prop's, St. Louis, Mo.

"As to the amount of your medicine, this I know, without six months use, I had weak, lean and stoop-shouldered, with a nervous, but no inward force to execute them, whose nights were spent in tossing and rolling upon a sleepless bed, whose days were haunted by melancholy reveries or blighted by biting, itching and burning eruptions on the face and neck, after the use of your most excellent remedy. I feel myself a MAN—strong, stout, weight in the scales so good that I will try to do more and short out of doors. In a week of all this the \$10.00 stake has magnificently been made \$100.00 and I have not a doubtful young man by recommending your remedy."

The original letter from which the above is an extract, and several hundred others, are on file and will be shown to any one calling at our office who shows that his interest in the matter is purely from a desire to guard against imposture.

"Acme" Pulverizer
How rarely does a farmer contemplate a newly harvested field with satisfaction? He walks over it and sees here and there seed uncovered; here a furrow slice untouched because the surface was not quite level, and there a bunch of stubble driven into a heap having dragged the soil and seed before it for yards. He shakes his head and wishes there was a harrow that would do the work perfectly, leveling the rough places, breaking up the clods, and not only pulverizing the soil, but turning it over the seed so that this is all covered to an even depth and without waste. But the farmer who uses the "Acme" Pulverizing Harrow, Clod crusher and leveler has none of the sadness and disappointment for his fields are leveled and mellowed and smoothed and the seed properly covered. Full plowed ground especially needs this perfect work which is done quickly and without the need of any spring plowing. This also is a most effective method of the corn is above twelve inches in height. For sale by
