No. tax for the north-west | strips to turn in at the edge, there is no difficulty in either tacking or overcasting them together around the later. Care must be taken not to let the joint be on the outside of the leg. A tasteful finish for the edge of the two shelves a velvet ribbon fastened at intervals aloney nails. This table is firm aid, and (if a good size) will give satisfaction as a lamp and book

-Demorest for June. CATION OF THE CRAZY PATCH-

eply to the inquiry for a pretty for a silk quilt we would suggest

gether to form the quilt it should be shade is desirable, as it does not said easily. Such a quitt is especially adapted for loungs uses, as it has the appearance of a handsome alghan, and a light cover is a ways acceptable when taking a few memests' rest, even in

the summer time. A pillow to correspond with the quilt is a tasteful accompaniment and should be made with a black velvet band placed diagonally across it and worked with springs of flowers in ribbon embroidery and filosolia. Dalsles and forget-me-nots are very easily and quickly made using ribbon one eighth of an inch wide drawn through the relect to form the petals; the yellow ere is filled in with knot stitch, and the With the fires, one may banish the stems and leaves worked with fileselle mantel scarf of plush or felt, and in its or arrasene; the sections each side of place arrange a drapery of Madras or | the band are filled in with silk tri-

shelf, it must be covered first with a Still another pattern differing from and full and long enough to reach to and for this reason it is more economithe floor. Leave a small ruffle at the cal in material and requires no ornatop as a finish. Loop the curtain at mentation. Muslin blocks five inches of an old-fashioned time. If the mantel for each one, as they have a prettier itself is ornamental, a short, full cur- effect when as much variety as possible

across each end, or a stripe of flannel or felt, makes a nice finish. A coat of varnish is thought by some to improve the wearing quality of the matting. If this is done, it should be washed over first with warm salt and water solution.

End is desired, it can be made square with small daisies powdered over it.

The following is a useful notion: Take two circles of calleo, cut out the center to a diameter of about three inches, stitch them up, stuff tightly, and cover the ring so formed; make a round slik bag with a stiff carboard at the bottom The winter sofa cushions may be the size of the opening; fit it in, sewing flight of swallows, discs, or crescents, and will be found handy as a receptacion with irregular connecting lines, would for thimble, thread, glove-buttons, relieve the plainness of a linen cover.

A bow of satin ribbon in one corner is of silk and cardboard in the shape of a silk and cardboard in the shape of a butterfly lightly resting on it. A third had a simulated Japanese fan made in doorway where the portiere is needed | the same way for a needle-book and only as a decoration, is made of an sewn firmly on, with a small pearls ordinary fishing-net with tassels of button and loop to hold down the up-

For the summer room let the table substitute a monogram crest or motto dustrious, they may be changed every few weeks, so that the spirit of freshness, so grateful in the heat and lassitude of the sultry days, will always hang about ones's surroundings.

A very substantial table may be constructed of an ordinary kitchen table, seem may be made with good sonare. To complete the illusion, a brim should be added of black volvet or a local description. or one may be made with good square | be added of black velvet or extored legs, which are better, by a carpenter, silk, tightly stretched on cardboard, at an expense of a couple of dollars, and then sewn on the cap, a small The table must have a lower shelf fitted button at the top and a ribbon tied in by a carpenter at any rate. With a a bow in the front must not be for few yards of cretonne or felt, a ham- gotten. A boating man might prefer mer and paper of small tacks, the a square cushion with his college arms transformation begins. It seems quite embroidered on cloth; and a pretty an undertaking, but the knowledge of how to do it comes with the work. Standard in embroidery and applique Cover the top of the table first with in the proper colors. All these last ordinary Cauton flannel, and then with pincushions should have a loop attach-the outside material. The lower shelf ed to hang them on the wall -

Some out-of-the way data respecting the great canals of the world are pub-lished. The Imperial Canal of China is over 1,000 miles long. In the year, 1681 was completed the greatest under-taking of the kind on the European continent, the Canal of Languedoc, of the Canal du Midi, to connect the Allantic with the Mediterraneant its length is 148 miles, it has more than 100 locks and about fifty aqueducts, and in its highest part it is no less than 600 feet above the sea; it is novigable for vessels of opward of 100 tons. The largest ship canal in Europe is the ification of the crazy patchwork Great North Holland Can ng various sized triangles. Every in 1825-125 feet wich at the wing must be three-sided, but the sides surface, thirty-one feet wide as surface, thirty-one feet wide at the of mustin eighteen inches square to be used for a foundation to the marking on each a diagonal a guide in arranging the pieces. Fe a "little method in your madwill not destroy the careless and added effect which has proved the added effect which has proved the careless and added effect which has proved the miles are actual canal. The first Chief miles are actual canal. The first Chief miles are actual canal. The first Chief miles are to be joined with feathering in gold or black silk, and the total large squares required for the tired size of the quits put tegether.
