But if you do, don't forget that O. H. Maryan, the Red Cloud jeweler, has the best assortment of ladies and gentlemen watches & gold chains, and in fact everything kept in a first-class jewelry establishment. And that is not all; his goods cost less than anyone west of any place, and he has the people of Red Cloud vicinity to back up in this statement. There are many cases in town where he has sold goods cheaper than other dealers can buy them. He intends to keep this up, and by so doing will make good and take less profit. Friends for young or old. The assortment of goods in his establishment is simply immense. Everything that the heart could wish and money could buy. He makes a specialty of fitting spectacles accurately and every person fitted perfect. He has secured the services of Mr. J. F. Jeffords, a practical watchmaker lately from the Elgin Watch factory, he is prepared to do the finest and most difficult watch repairing, and all work warranted. A fine line of optical instruments is now added to his stock. He gives everyone a cordial invitation to call and see what they purchase or not.
