... THE LIQUOR TRAFFIC ABROAD.

Brandy Drinking and Consequent Discuss. Want and Misery Constantly Increasing in traditionships.

The liquor traffic in the United States is an unstriggeded will against washing every influence: should be brought \$6 bear, but when it is prospered to what In Great Brita's drenkensors among all classes goes for beyond what is does that way. With my it is comparatively Or the rosen have bloomed in symmetric bounds. The larger cities of that younger. The evil is, however, fully recognized, and constant efforts are being made to upo prove it, and to limit the traffic which anakey it possible.

In Switzerland last summer a most versons thing occurred bearing upon this subject. An official inquiry was mucle into the liquid truffly and its results upon the people, prompted by numerous petitions and my from the various explonuous for legislation against thesevil. Natistics were given showing that more brandy was evaluaed per capita in Switzerland than in any other country in Europe, and that this was constantly increasing Correspending with this increase, it was also shown, was the growth of neutral diseases, while want and misery among

the people were spreading rapidly. Strange to say, in the face of all the facts given, the Federal Council wise and far seeing as it has proved itself in many directions, absolutely refrond even to recommend testrictive legislation. Worse them this, in its report to the Assembly, it boldly defends ascent strinking in the following words:
