Don't Read This!

But if you do, don't forget that O. H. Maynard, the Red Cloud jeweler, has the best assortment of ladies and gents watches west of Omaha, and in fact everything kept in a first-class jewelry establishment. And that is not all; he sells goods cheaper than anyone west of any place, and he has the people of Red Cloud and vicinity to back in this statement. There are many cases in town where he has sold goods cheaper than other dealers can buy them. He intends to keep this up, and by so doing sell his goods and take his profits. Presents for young or old. This assortment of goods in his establishment is simply immense. Everything that the heart could wish and money could buy. He makes a specialty of fitting spectacles accurately and every pair warranted perfect. Having secured the services of Mr. R. P. Jeffords, a practical watchmaker lately from the Egan watch factory, he is prepared to do the finest and most difficult watch repairing and all work warranted. A fine line of musical instruments is now added to this stock. He gives everyone a cordial invitation to call and see whether they purchase or not.

B. & M. Time Table.

CITY NEWS.

W. J. N. Richards went to Beatrice last night. Our city was well filled with people Saturday. C. F. Rinkema, county surveyor, is about moving to McCook. Revival meetings were held at the Baptist church this week. A northern invoice of that celebrated Marysville flour at Hackers. Our legislative letter was received late for publication this week. W. G. Knight is a full pledged pro-segman. He has an office at his usual place. Our Riverton correspondence came in just as we were going to press, too late for publication. Joe Garner has resigned his position as mail agent and will resume his clerkship on the farm. The Red Cloud Cornet band discoursed music for the entertainment on last Friday evening. Dr. Sherris, while attending to his horse last Sunday, got his arm badly pinched. However the afflicted member will be well in a few days. Vegetarian day will soon be here, and then, Oh, my! Look out for those costly portraits. School teachers and others will please take notice. W. H. Strom's old office will be moved from its present location to near The Chief. Our friend, L. C. Graham, the new abstract man will occupy it. Services at the Baptist church next Sunday as follows: Preaching at 11 a. m. and 7:30 p. m. Sunday-school 12 M. Competence Sunday school 3:30 p. m. The Rev. McMeekin, of Des Moines, Iowa will preach in the Presbyterian church on next Sabbath morning at 11 o'clock and also in the evening. The public are invited. Our grain men are paying good prices for corn now and consequently that cereal is beginning to move. When the corn commences to come in money will be more plenty and times much better. Takascher Beshow went to Lincoln on Monday to settle with the state treasurer. Our treasurer has the reputation of keeping the best and most accurate books of any treasurer in the state, and seldom if ever has mistakes to rectify. On Tuesday night Calantha Lodge, K. P., will hold its regular convention. At this meeting all brethren in good standing should be present. Bro. R. V. Shingy, D. D. G. C. will communicate the S. A. P. W. There will be work in the first and second ranks. Have you noticed that beautiful and valuable clock just back of the pulpit in the Baptist church. Look at it the next time you go there, it will tell you whether you are on time or not. Our popular jeweler O. H. Maynard has the credit of timing the church. A petition is being circulated to have a half mile of the Red Cloud school district on the east side cut off and attached to the Amboy district. This would be perfectly proper, as three miles and a half east is too great a distance for children to come to this city to school. Oxen, hogs, cattle, wheat, etc., have all been taking a rise in the last few days, and a revival of business can be looked for soon. Eastern manufacturing establishments are beginning to open up and business of all kinds seem to be better in every respect. This is indeed a joyful news to everyone. In the neighborhood of the about an apparent owner, has a breeze in the last few days that the brute takes to the water and attempts to possible chance. If you do not make a law-tax, VERY BEST OPERA, and a number is so many, QUICKEST SERVICE, and usually cures the MOST PERFECT CURE. Ever offered to the public.

Mrs. G. E. Chaney is visiting in Iowa. G. E. Chaney was in Lincoln this week.

Mrs. F. E. Gump has gone east on a visit to friends. There will be a special meeting of the W. R. C. Monday, Feb. 2.

J. H. Freeman was in Iowa last week and returned home Monday. The Rev. Dr. Oliver held services at the Episcopal church last Sabbath.

MARRIED in this city by the Rev. Geo. Yeiser, January 22, Mr. John S. Taylor to Miss Nettie J. Little.

25. We are selling a No. 1 ten line grain drill for fifty five dollars. Just what you need. Spangole & Son.

Mrs. A. Linsley and children went to Long Island, Kans., last Tuesday where her husband is engaged in business.

LOYD CRABILL is too utterly too. It's a boy and came to this county last Friday morning. Usual number of pounds.

The present winter so far seems to be the coldest one in the memory of the oldest inhabitant, but thank goodness it doesn't last long.

HENRY COOK has just received a thousand free sample bottle of Dr. King's New Discovery for consumption. Call and get one.

M. L. Thomas, formerly editor of this paper, while in conversation with some prominent railway men up the valley the other day, was informed that the southwestern branch of the B. & M. over to Wa-Keeny would certainly be built and also branch from Holdrege to Plum Creek in the spring.

J. E. Kinn was the B. & M. waterman, was called home Monday by telegram on account of an ailment which came to his household on Monday. He is the happiest man in all Nebraska. The little fellow weighs eleven pounds and the happy father vows that it is another democratic Kidd. He is to be congratulated.

Letters remaining uncalled for in the postoffice at Red Cloud, Nebraska, for the week ending January 23, 1885. L. C. Egan, Mrs. Betty Francis, John Kinsey, R. W. Moore, John D. Parsons, Miss Gustava Sandberg, S. D. Walker, Challenge Wind Mill Company. These letters will be sent to the dead letter office February 22, 1885, if not delivered before. M. B. McNerr.

At the annual meeting of the stockholders of the Nebraska Lumber Co., held Saturday the following officers were elected: President—R. D. Jones. Vice-President—Will Smith. Treasurer—R. Stevenson. Secretary—J. S. Pierson. Director—R. D. Jones, E. D. Rand, C. O. Smith, Hugh Stevenson, Ren. Stevenson, J. S. Pierson.

On last Saturday afternoon Frank Fuller, of Riverton, matched himself against Dennis O'Leary for \$25 a side in a wrestling contest. The event took place in Feard's old building and was witnessed by quite a crowd. After several trials O'Leary was declared winner by the referees. O'Leary is a small man weighing about 150 pounds while Fuller weighs in the neighborhood of 200 pounds.

It now seems that S. S. Voorhees, the supposed train wrecker, who was recently sentenced to fifty years in the state prison, has found witnesses who are willing to swear that he was at Humboldt at the time of the wreck of the "Cannon ball." This is certainly a strange case, and shows how easy it is to be mistaken as to the guilt of parties notwithstanding circumstantial evidence which is often presumed to convict them.

The Red Cloud Cooking club is now a permanent fixture of this burg. The officers are Mrs. W. W. Gardner, president, Mrs. A. H. Brown, vice-president, Mrs. A. L. Funk, Secretary, Mrs. Gump, Treasurer. Executive committee, Mrs. F. E. Gump, Mrs. W. D. Forrester, Mrs. H. P. Kinsey and Mrs. A. C. Hosner. This society will give entertainments for the members and friends, and for the promotion and advancement of the membership in the perfection of the culinary arts.

D. C. Myers and wife have returned from their visit at Salom, Kansas. They came very near being victims of a severe accident while over there. While out buggy riding the team became unmanageable and ran away. In the course of their flight the horses ran against a tree near a deep draw, the team, wagon, and occupants being precipitated to the bottom of the same, a distance of ten or fifteen feet. Fortunately no one of the party was seriously injured but all were badly scared.

Ours friend, Mr. L. C. Graham, of Maryland, successor to Geo. Dodd, has arrived in the city, and has assumed the management of his abstract business. Mr. G. is an enterprising gentleman and will push the matters in his office with the necessary vim, that warrants our saying that he will be successful in every way. He proposes to open up a real estate agency. His office takes pleasure in welcoming Mr. Graham to Red Cloud. Our friend, E. C. Balew, will assist Mr. Graham in the office.

The following officers were duly installed in Red Cloud Chapter, No. 19, R. A. M., January 28th, 1885: Robert R. Fulton, H. P. Robert V. Shirey, K. William E. Forrester, S. William N. Richardson, Treas. John P. Rayha, Secretary Jacob L. Miller, C. H. Richard L. Tinker, P. S. Charles Wier, R. A. C. James Potter, G. M. J. V. William P. P. G. M. J. V. C. M. W. X. G. K. H. V. S. Venter Day, Seal-bearer.

Another invoice of that celebrated Marysville flour at Hackers.

J. L. Miller was in Beatrice this week.

A. LATTEBACH took in the sights of Lincoln this week. Mrs. NEWBORN has had a neat new sign painted for her store.

WM. GATES bought forty sheep and sixty turkeys for his market. THE Pleasant Hour Club held forth at the "county capital" to-night.

POLLY Buss expect to have their new flouring mill completed within a few weeks. THE Rev. C. B. Leifest went to Fairfield this week. Mrs. Leifest will return with him.

C. J. POPE was in the city this week. He left his title for a year's tax to the "Great and Good."

J. W. WARREN and W. B. Roby represent Garfield Post at the state encampment at Beatrice.

PALMER WAY, brother to Mr. W. H. Way, the hardware man, was in the city this week on business.

COKE & McNEST have a neat new sign for their new office, which by the way, is one of the finest in the state.

CHARLEY WINFREY rode fifty miles the other day to get a violin that had been attached by some parties for debt. The county commissioners have elected Dr. Sherris, as coroner for the balance of '85, vice Dr. Moena resigned.

Mrs. G. W. KNIGHT and Mrs. Sherris Warren represented the Ladies' Relief Corps at Beatrice this week, at their state convention.

BLAKE HILL lodge of Odd fellows will meet with their brethren in this city on Saturday evening. All members are requested to be present.

MR. FRED CANNEY and wife formerly of this city, but now of Minnesota, arrived here on Wednesday and are visiting at J. H. Smith's residence.

It is said that Orange Taylor, when he came home from Kearney, was heartily congratulated over the rumor that he was married. Orange is now setting up the cigars to the boys.

On Tuesday night a number of the friends of Mr. and Mrs. J. C. Warner, gave them a very happy surprise. A large number were present and most enjoyable evening was the result.

OUR carpenters have several contracts for new dwellings to be built as soon as the weather moderates. Mr. DeHart and J. H. Remberg, will each build a dwelling as soon as the weather permits.

MEETINGS in the Baptist church continue to increase in numbers and interest. The pastor is pointed and practical in his discourses, and society at large, as well as the church must be greatly benefited by this earnest attention to the claims of God.

STATEMENT of business transacted in the Red Cloud post-office for the year ending December 31, 1884. Ordinary stamps sold, amounting to \$225.36. Postal cards sold, amounting to 28.33. Stamped envelopes sold, amounting to 64.41. Postage collected by carrier not fully reported 19.35. Newspaper market at publishers' rates 44.00. Waste paper sold to R. C. Hosner 2.16. Post paid collected 20.12. Total \$329.53.

DR. R. R. STRENS did a handsome thing for the Baptist church a short time ago. He attended service there one evening and was impressed with the idea that the church lacked light, and desiring that the people should not sit in darkness, he invited the pastor to call at his store. Hanging over the organ is a beautiful lamp, one of those brilliant electric lights. The church appreciates the gift and thanks the donor. If the Doctor had been there last Sunday night he would have been gratified because only for his light the people would have again been in darkness.

WILL SMITH, of Minden, vice-president of the Nebraska Lumber Company was in the city the forepart of the week on business in connection with his company. Mr. Smith is yet a young man but by gentlemanly bearing and close attention to business he has step by step won hosts of friends and arisen to prominence, beginning at the bottom of the ladder as a day laborer as it were. To show his popularity, at the annual meeting of the lumber company last week he was re-elected to the vice-presidency. THE CHIEF is much pleased to see the worthy young man promoted to position of trust. Especially are we gratified to observe the evident prosperity of Mr. Smith, which he is richly deserving of.

A NEW ENTERPRISE—Mr. Wm. Gates proprietor of the Red Cloud Meat Market has bought the necessary machinery and steam fixtures for starting and operating a hog rendering factory near Red Cloud. This scheme is a good one and will result in much gain to our worthy friend whose object is to buy all hogs which die from cholera or other diseases, and become unfit for meat and render the same up into lard oil, which is the standard oil for machinery at the present day. He will pay a good price for hogs of the kind mentioned above, so that the owner will not be at an entire loss when disease overtakes his stock. This enterprise is to be welcomed to the community and the farmers should take advantage of it. Mr. Gates will have it running in a few days. This City has several times mentioned the fact that such an enterprise would pay and now hopes that Mr. Gates will reap a just reward, and by so doing help the farmers and from a total loss of their hogs by the ravages of cholera. Success to the enterprise.

A State Normal School for Red Cloud.

Several times in years past efforts have been made to secure certain educational institutions in Red Cloud, but up to date all efforts seem to have been in vain, or have fallen through from the lack of vigorous efforts on the part of those who should have championed the cause. Another effort is now to be made to get a State Normal Institution located here and Hon. J. L. Kaley, our representative, has introduced a bill in the house which authorizes the establishment of such a school in Red Cloud under the management and authority of the state.

This is just and proper, and we believe that the great republican valley is worthy of recognition by the state, as it is one of the most fertile one populous portions of Nebraska. Red Cloud being the Gate city thereof, and the largest city in the valley is justly entitled to receive the preference over all competitors. We do not know of a better place, as we have railroad facilities that are convenient for travel to and from all parts of the state, besides many other advantages that other towns of lesser importance cannot boast of, nor either can have for many years to come. Under these circumstances and many others which we need not relate we must say that the legislature will certainly miss it if they do not locate the institution in Red Cloud. THE CHIEF feels that the prize is within our grasp should the proper efforts be put forth by our people. The citizens should take hold of the matter with a zeal and determination that will insure success, and by so doing will materially assist Representative Kaley in locating the school in our city. THE CHIEF hopes the proper efforts will be put forth without delay and will do all that lays in its power to promote the enterprise.

LADIES will find the most complete line of artists' materials in the city at Cottig's.

Happy Festing Moments.

On Saturday J. H. Smith, manager of the Red Cloud Creamery, arrived at the age of fifty three years. His estimable wife knowing the fact set out to surprise the good brother on this occasion. Much has been said about women keeping secrets, but this is a case where the secret of what was to take place on the advent of the anniversary day was well kept, so much so that when Mr. S. came home from his lodge on Saturday night he was surprised beyond measure to find a large crowd of friends at his house, and then for the first time he realized that he was travelling toward the three score years which is the lot of man. This feeling soon vanished after an excellent repast, and before the crowd dispersed he had forgotten he was over twenty one. The evening was most pleasantly spent in all kinds of amusements such as singing, tripping the light fantastic, etc., until a late hour. It was certainly one of the most pleasant parties that our reporter has had the pleasure of making note of. Mr. S. was remembered by friends in the shape of many handsome gifts which were presented in a most artistic and elegant speech by our reporter, and very neatly responded to by the recipient. THE CHIEF wishes Mr. S. many returns of the happy occasion, which will long be remembered by all those who had the pleasure of being present.

CASTERS, cake dishes, silver cups and all kinds of silverware at a great reduction for next 30 days in order to make room for finest assortment of new goods ever brought in Red Cloud, Wright & Wallace.

Cure for Diptheria.

Ruth Lockwood, the nine-year-old child of Thomas Lockwood, a compositor in the New York Times office, became violently ill with diptheria a little while ago. She was so weak that it was deemed dangerous to try tracheotomy or cutting open the windpipe. A day or two before, Dr. Nichols, of 117 West Washington place, who was attending her, received a copy of the Paris Figaro, which contained a report made to the French Academy of Medicine by Dr. Delteil, that the vapors of liquid tar and turpentine would dissolve the fibrous exudations which choke up the throat in croup and diptheria. Dr. Delteil's process was described. He pours equal parts of turpentine and a liquid tar into a tin pan or cup and sets fire to the mixture. A dense, resinous smoke arises, which obscures the air of the room. "The patient," says Dr. Delteil, "immediately seems to experience relief, the choking and rattle stop; the patient falls into a slumber and seems to inhale the smoke with pleasure. The fibrous membrane soon becomes detached and the patient coughs up micrococci. These, when caught in a glass, may be seen to dissolve in the smoke. In the course of three days afterward the patient entirely recovers."

Dr. Nichols tried this experiment successfully with little Ruth Lockwood. She was lying gasping for breath when he visited her. First pouring about two tablespoonfuls of liquefied tar on an iron pan, he poured as much turpentine in it and set it afire. The rich, resinous smoke which rose to the ceiling was by no means unpleasant. As it filled the room the child's breathing became natural, and as the smoke grew dense she fell asleep.—E.

Now is the time to send in your order for nursery stock. L. H. Best will fill your order with first-class stock at reasonable prices. Shade and ornamental trees, evergreen plants, trees and shrubs, house plants of the best varieties.

The Athletic Tournament.

On last Friday evening at the rink the audience numbered about 150. The entertainment was most thorough. The only drawback was the non-acceptance of the offers to anyone to contest for the prizes offered. The stage manager offered numerous invitations to anyone in the audience who wished to contest for any of the prizes to step forward, none of which were accepted. The first event of the evening's entertainment was the match of pedestrianism between Mr. Al Hess, of Springfield, Illinois, and Mr. Frank Gilbert, of this city. Hess to go a square mile of miles while Gilbert, square heel and toe was to make 41 miles. Hess won the race by 3 laps, time, 41 minutes. The next on the programme was the contest between Masters Elliott and Collins for the feather weight prize, which was won by Master Elliott in four rounds. The next contest was for light weight championship, between Mr. H. P. McKinney, of Dakota, and Mr. Chris Zeiss, of this city. Mr. Zeiss did some fine sparring for an amateur. Mr. Hank Moore was referee and decided in favor of H. P. McKinney. The next was the wrestling between Prof. O'Leary and M. McKinney. Mr. Hessest, the gentleman who was matched against Prof. O'Leary, failed to appear on account of sickness therefore McKinney was matched in his stead. The match was won by O'Leary in two straight falls. The next thing was the high kicking. The only contestant was H. P. McKinney, who kicked 8 ft. 2 in. high. The stage manager offered any person in the house \$25 cash who would beat it. The offer was not accepted. The next was the contest for middle weight, which was hotly contested for by Prof. O'Leary and Little Mac, the referee, decided in favor of O'Leary. There were some extra fine hits, feints, and stops, executed by both contestants. The other feature of the evening was a game between a friendly set-to between Mr. Robert Slater and Johnnie Tomlinson, but the manager saw fit to make a change. He therefore placed Mr. Tomlinson as master of ceremonies, putting Edward Slater in his place to spar against his brother. The whole was commented upon by many spectators as a moral entertainment and one in which they enjoyed themselves, only hoping there would be more. The management was disappointed by outside parties who conspired to be here to compete and did not put in an appearance. The elegant line of silver that was displayed for prizes to be contested for was from the reliable firm of Wright & Wallace, of this city.

FOR reasons best known to C. W. Winer proprietor of the Golden Eagle clothing store, he is selling all winter goods regardless of all former prices and it will repay all to call in if in need of anything in his line.

ANOTHER invoice of that celebrated Marysville flour at Hackers's.

JUNGE J. L. Kaley, the float member of the house for Franklin and Webster counties, has already shown himself to possess more than ordinary ability. He has the happy faculty of not hobbing up and down, on every little matter, he has only asked the attention of the house 2 or 3 times during the two first weeks, but has each time done himself credit, and won encomiums from those who heard him. Mr. Kaley is the youngest of three brothers who have located in Webster county, and all three have been members of the legislature and all three have filled judicial positions and the youngest bids fair to fill, with honor, the shoes of his illustrious and late-esteemed brother, H. S. Kaley.—Ede.
