their own accord. The trap was laid for them, and they fell into it unwittingly. These hunters of men went out to find those whom they could lead into them, and the most devilish arts are employed to catch them. This is going on all the time, and the number of victims are increasing precisely in proportion to the increase in the facilities for conducting the business. More money is being put into it every day, and new methods are being devised every day to make this money a profitable invest-

Is this a small thing? If it be so considered we know of nothing worthy to be considered by the public. There must be some way to check these menhunters. - Toledo filado.

A POLICE COURT INCIDENT.

Die Own Meral. Christmas morning, one of the police

mover is stronger than anything that and again in other lives. Five years ago, be as hear decent as the miserable charge from a good situation, and he eruel description. On one street in the born she was forced to take sewing at nity of Toledo there are twenty dens home, and learned to know, only too. whose principal business is the enticing well, what honger and cold meant. The of boys, the educating of their virgin day before Christmas, penniless and stomachs to beer, the training of them homeless, she went through the streets of to debauchery first, and crime afterward. New York, and after nightfall began They have back rooms, secure from the begging, passing the night in a stationobservation of the general public, where house, and in the morning decided to
