FRIDAY, FEB. 26, 1885

**CITY NEWS.**

As early spring is anticipated...

Will the cold weather ever let up?

The Chief and Argos took a flying trip to the capital on Saturday.

Mr. Bartelmer, working in J. L. Miller's harness shop, has some fine specimens of ornamental precious metals on display in the front window of Mr. Miller's store. They are beautiful.

D. M. Tomlin, of Aradonah, was in Red Cloud Friday night. He was here for the purpose of becoming acquainted with Royal Arch Masonry. He rode the goat with great agility.

Messrs. Anderson & Co. have started a restaurant and lunch stand one block east of Henry Cook's drug store. We hope the gentlemen will meet with success. They certainly have good prospects.

We respectfully call attention to the advertisement of Dr. Smith's public sale. The doctor has some valuable property which he offers on easy terms. The sale will take place on the 2nd instant.

The managers of the rink have decided to hold another inauguration at the rink on the 25th. These entertainments are greatly enjoyed by the young folks and are patronized in by a great many people.

Rev. Mr. Melkin, of Iowa, has been called to the pastorate of the Presbyterian church in this city. Mr. Melkin is an able divine and will build the church up. He will be here in a few weeks on all probability.

F. E. Gorman and wife, and Charley Remberg left Saturday night for the young South where they will take in the Centennial Exposition and other sights of the Crescent City, and numerous other points of interest.

Funeral meeting at F. A. M. O. Grand Master J. J. Wemple will be present and there will be work in the 3d degree. All Master Masons in good standing cordially invited to attend.

John T. Martin, living nine miles southeast of Red Cloud, will sell his stock farm implements, etc. at public auction on February 25. He has a number of horses, cows, etc., that are bargains. Terms, six months, at ten per cent, with approved security.

We learn that the masqueraders and lookers on had a good time at the Guide Rock rink Saturday evening. Very few were recognized in their quaint and curious costumes. Laughable incidents occurred. One gentleman paid his wager to his wife, and never said a word. He did not recognize her, you see, in her charming present costume.

Mrs. S. F. Spokesfield has purchased the millinery business of Mrs. J. A. Fowler. Mrs. Spokesfield has the best wishes of the City for success and prosperity in the millinery business, and we believe she will receive a large patronage from the ladies of Red Cloud and adjacent territory. Mrs. J. A. Fowler who has been in the business for some years past will go south, we understand in the near future, for her health.

Our friend M. T. Cowl, who for the last few months has been engaged as baker at Spokesfield's bakery, has purchased the bakery and contents of his employer and will henceforth run the business himself. Mr. Cowl will assume control March 1. The Chief wishes Mr. Cowl success and prosperity and can, with confidence recommend him to the public as a thorough-going and enterprising business man, and worthy of their patronage.

A. A. Popk was on the sick list one day last week.

The B & M pay car made the railroad boys hear palpitate with gladness on Monday.

DRAWMAN BURELY wishes to announce that he is prepared to furnish sand of best quality on short notice.

On March 4, which is nearly at hand, President-elect Cleveland will be duly inaugurated. The preparations are being made for the event.

On Sunday last quarterly meeting was held at the M. E. Church. Presiding Elder Gallaher delivered two able sermons on that occasion.

On Friday, Feb. 27, Elder A. J. Cadney of Fremont, and Elder Newcomb of Lincoln, will debate on the question of whether Sunday or Saturday is the Lord's day, at the Martin school-house.

Dr. DENNEY who is now in Chicago reports an extensive practice in the beautiful Chinese is a peculiar fellow and has already been after the doctor to heal his sick male.

L. H. Beck, formerly of this city and at present a student in the Keokuk medical college, has been elected president of his class. He is an apt scholar. Mr. Beck is a brother of Mrs. W. D. Forrester.

An effort is being made by some of the citizens of Inavale to move the post office to that place and also to remove the postmaster. We do not know upon what ground the complaints are made. Brother Knight is certainly a good officer.

Mr. VAN HORN, the Webster street consular agent, has visited his father-in-law, opposite the First National Bank and would be pleased to see all who want a first-class shave, hair cut, hot or cold bath, etc. Call and see him when in need.

W. J. ORCHARD wife and baby, of Deer-chester, Nebraska, is visiting his father, Mr. R. K. Orchard, one of our prosperous farmers, living near Inavale. Mr. Orchard is a prominent stock dealer in Deerchester. He put THE CHIEF a pleasant call on Monday.

POSTMASTER McNITT has been instructed by the post-office department to prohibit loading around the post-office. This order he will be bound to enforce, and consequently boys and others will take notice and loaf on the streets instead of the post-office.

A WELLS family of Cowles, have decided to move to Fairfield, Clay county for the purpose of educating his children at the college in that town. Mr. Wells is among the first subscribers of THE CHIEF in the early days and we shall be sorry to lose him from Webster county.

On a demerit found A. Cure says he finds Jim Miner of Red Cloud to be an honest man and says he may be next president, at least, thinks he is just as capable as Cleveland or any other man to fill the office. Mr. Cure was a good man, demerit and believes in good men filling responsible offices.

Our delinquent subscribers will take notice that we want money and can not afford to carry them longer than one year. Newspaper subscription is strictly payable in advance as a general rule in every instance. If you can not pay full pay part, on or about March let us send mail a statement to each delinquent subscriber and shall expect a prompt answer.

Dr. A. G. CATHERTON, Feb. 11, infant son of Mr. and Mrs. Isaac Cowley. Just at dawn of morning little boy was called from our parental care, that buds by kindred blood so near. While we weep for our boy we know that what is our loss is heaven's joy, but all the joys we bear are absorbed in this one comfort, that Jesus will care for our baby in heaven above, where all is love.

A FRIEND.

Our old-time co-laborer in the printing business in Illinois, Lyman H. Henry, lately of the Coon Rapids, (La.) Enterprise has purchased the Storm Lake (La.) Enterprise, and has assumed control of the same. We notice that under his guidance the paper has already assumed a sprightly appearance. The people of Storm Lake are to be congratulated in securing our worthy friend as editor and proprietor of the Tribune as he is wide-awake and enterprising with the necessary newspaper ability to make a good paper.

At one of our living near Catherton who has resided in Webster county for some five years, came to Nebraska from Worth county, Missouri, a poor man with scarcely any means with which to expect to make a living. How ever by hard work and careful management he has succeeded in getting well fixed having a good farm worth over \$3000 and fairly stocked and improved. He has also 3000 bushels of corn and 800 bushels of wheat, and other products, besides a new house, barn, crib, etc. He has the pluck necessary to make a success of life and will therefore get rich in the near future.

AS appreciative congregation attended the Baptist church last Sunday evening to take in the Sunday school concert exercises and they were not taken in, for the concert was a grand success in every particular. Where all do well it is hard to discriminate, but special mention is certainly due the choir for their part, both in singing and instrumental music. The recitations by the Misses Brewer, Emigh, Owen, Reagle were very fine and nicely rendered. Mrs. Arthur Mitchell's class did themselves great credit in the part they performed. Mrs. Dodd sang a solo with good effect, and Master Freddie Brown captured the audience with the solo, "If papa was only rich." The little fellow sang in a rich, clear voice, and the attribute and expression could not be better.

**LEGISLATIVE NEWS.**

(From our own Correspondent.)

LINCOLN, Neb., Feb. 17, 1885.

Legislative news of a very startling character is scarce this week. On Saturday both houses adjourned until this morning. Most of the members took advantage of the recess and went home. Several remained in the city over Sunday, and might be seen at almost any time in the state house paths reported that they had secured three. One from Ed. Parkes, another from John Kellogg, and still another from Mr. Melloy, all living on Fourth avenue west of the city. The society thereupon proceeded to act on the matter and after considerable discussion concluded to accept the proposition of Melloy which called for 28 1/2 acres of land which he proposed to let the society have at \$20 per acre, payable \$40 down and balance in one year. The location in the mind of the committee and others is a good one and much easier fitted up and put in condition for a suitable fair grounds than the present site, and the committee now proposes to sell and take the proceeds to improve the new grounds. The following committee was appointed to secure bids from parties for the purchase of the old grounds the names which are, W. N. Richardson, J. L. Miner, R. B. Fulton, B. T. Reed and Ed. Smith. The proceeds of this tract of land will certainly pay for the new grounds and put them in good shape for the coming fall which will be the most important exhibition ever held in the county. A. J. Pully, O. C. Case, and James Gilman, were appointed a committee on legal organizations, while E. H. Jones, W. A. McKeighan, and O. Mettall were appointed a committee on revision of the premium list after which the meeting adjourned to assemble at the call of the president. In revising premium list the committee should see that every useful or ornamental article has a place in the list. There are many things that should appear in the pamphlet that have heretofore been omitted. There should be a good premium on fine cattle, thoroughbred cattle, horses, &c. of Webster county, so that it will be an inducement for our farmers to exhibit their stock and also to improve it. THE CHIEF wants to see the next fair A. No. 1 in every respect.

THAT HATCHET—From the Blue Hill Times of last Saturday, we learn that the hatchet which was the instrument with which Leonard Rahl was literally butchered on the night of November 1, 1884, has been found. The Times says: "The hatchet with which the Cook murderer Leonard Rahl, was found Friday of last week, by Mrs. Rahl, lying about eighteen rods north of where the body was found. It was left lying there found until Monday, when it was picked up and brought to this city, and has been viewed by hundreds of people. After laying there ever since the wretch committed the horrible deed, exposed to all kinds of weather, hair and clotting blood is plainly visible all over the blade of the hatchet. It has been found before the trial the verdict of the jury would probably have been rendered different."

THE legislature will adjourn in about ten days. The prospect is that there will be but little railroad legislation enacted although several good bills have been introduced. In all probability the railway commission will be passed. This is one step in the right direction. As far as the three cent passenger rate is concerned the bill has been literally set down on the senate. The house passed a clean cut three cent bill with hardly a dissenting vote and sent it into the senate. That body has changed the complexion of the bill which undoubtedly will fail to receive the concurrence of the house. The people are entitled to some wholesome railway legislation this term. THE CHIEF is pleased to know that Representatives Kaley and Newcomer are found on the side of the people in this contest and are working hard for beneficial railway legislation.

Mrs. BIRBY Wilson the aged mother of Mr. W. J. and Thos. Wilson living on Hull creek, reached her eighty-fifth milestone in life's journey on last Tuesday. Her sons in order to commemorate the event agreed to surprise the old lady by getting up a party for the occasion. She was indeed very much surprised. Mrs. Wilson was born in Catawago county, New York in the year 1800, and consequently was one year and fifteen days old when Thomas Jefferson, the third president of the United States was inaugurated for his first term and has lived through several prominent wars in which the United States took part besides seeing the country grow from a small nation to one of the most important on the face of the globe. Her life has indeed been an eventful one. The event was a very pleasant one and enjoyed by the guests.

DOUBLE WEDDING—Married at the residence of Mr. and Mrs. Joseph Graves Sunday, February 1, 1885, by Rev. R. N. Brown, their daughter, Miss Alice Graves to Mr. John Riggins, and Walker Graves to Miss Lora Nichols. The ceremonies were performed in the presence of many relatives and a few friends of the contracting parties. The grooms are two of Wells' most exemplary young men, and may well feel proud of winning two of Wells' fairest daughters. At the conclusion of the ceremony and congratulations an elegant wedding banquet was spread. A more enjoyable feast and social gathering undoubtedly was never had at that place.

The meetings at Fairview are still attended with interest and profit. One notable feature is the bold religious truth is getting on the young as in revival efforts, so with this meeting a certain class of thoughtless persons raise up to laugh at their companions who are choosing God rather than the world; but against these those who feel they have souls to save are nobly standing by the right.
