THE RED CLOUD CHIEF  
A. C. HOSMER, Proprietor  
FRIDAY JUNE 26, 1885.

## Chief Premiums.

A Silver Watch, A Caster, and A Set of Silver Forks for only \$1.50.  
THE CHIEF contemplates making some necessary improvements in the office and furniture soon, and proposes putting in a power press at no late date and therefore we want our friends who owe us to come forward with the money so that we may be able to make these improvements soon. Our circulation is rapidly increasing and we feel the necessity of having a faster press and better facilities to work with, and need all that is due us. In order to induce all to be prompt we have decided to give away a fine silver watch, a fine caster and a nice set of silver table forks, as a premium to our subscribers both new and old who pay up arrears and one year in advance. We will give each a receipt, numbered and a corresponding number will be placed in a box which will be drawn January 1st 1886. The awards to be made by three disinterested parties. This will be your chance to draw one of the three prizes. Come right along with your subscriptions. The whole business will be honestly conducted and every one will have an equal chance to secure the premiums

Paraphrase Poem.  
Ah, little fly, lo! 't thou to roam,  
Upon my shining, massive dome?  
Who would disturb thy dainty tread,  
That falls so light?  
Take not thy flight,  
Thou'rt welcome thrice upon my head,  
My dainty sprite, would I could see -  
Ah, now I feel -  
Great scot! O shoel!  
Slap on the mud! - it was a bee!

An Important Discovery.  
The most important discovery is that which brings the most good to the greatest number. Dr. King's New Discovery for consumption will preserve the health and save life and is a priceless boon to the afflicted, not only does it cure consumption, but coughs, colds, bronchitis, asthma, etc., yield at once to its wonderful curative powers. If you doubt this get a trial bottle, free at Henry Cook's drug store.

The lack of profitable employment for idle capital probably was never so noticeable in Wall street as it is at this moment. The city banks have upward of \$55,000,000 at their command and on call from day to day. Lenders are offering almost any amount at 4 of one per cent per annum without finding takers. Congestion of capital in New York simultaneous with the destructive death of capital in many parts of the west. The country is afflicted with with elephantiasis at one point, and marasmus at another. -Ex.  
Our advice to the financial dealers of the overcrowded east, is to come west and invest their superfluous lucre in hogs, hominy, land etc. They will then begin to realize the profits of western enterprise.
