Western Triumphs Over Bestern Manfacturers--Its Significance to the Trade.

NEW ORLEANS, June 4 .- Special to Chicago Times. | Pandemonium reigns. and everybody is now anxious to get away with their goods first. Many will go away heavy of heart, light of purse, and without a medal as a means of comfort. There has been a great struggle for the front rank, and the task of making the awards has been an arduous and trying duty for the indges. All could not receive a medal of first-class, however mentorions their handiwork might be: there must be some superior to others, and the ones who have come from the strnggle second best must accept the situation with the best grace list for some time past, but' is rapidly finest farms in Webster county. possible. A large number of our citizens were out to see the trial of the Esterly Binder last Saturday. It was the unaniimous verdict of all, that for lightness of draught, ease of management and perfect work the Esterly was ahead. To prove that there was no side draft the driver removed the neck yoke from the tongue and drove four rounds in that manner turning at the corners by means of the stay chain clevice, peculiar to the Esterly. restora direction ever come of the hand had that was to be seen, to the finest had that was to be seen, to the little town of Ecyce; Chuster. This place is comprised of 13 houses, all fulls since April. On either side of this town the land is quite rough, by ing cut up by deep and lang commer. A good deal of government land is verse yet around here, but what a year ago well howling officeness will need your by a thickly populated country. The only thing which struck us we favorably was the great season of ret-denable. During the time we were those we failed to see any, but judging from the large except of retirements his even, we constaled to make to fairly all to with the Center in like the make the
