

THE RED CLOUD CHIEF

A. C. HOESMER - Proprietor

FRIDAY, JULY 17, 1885.

WELLS.

Harvest has begun. The reapers have come with their land harvest home, and the gleaners joyful sing, hold on to the plow, and weary not now, for corn is almost done.

Isaac David has a new windmill in his pasture.

S H Metcalf went to Burr Oak, Kan last Monday morning.

Royal R Wicks has sold his farm to F H Goodrich of Wisconsin. Mr G has been improving the house and will move in about September 1.

There will be a colony of young men start west from this place in about two months. That's right, young men, go west and grow up with the country.

I S Personette and H W Parkes will start out with their thrasher this week They will commence their first job at Wm McDonald's.

We have a lady visitor at our house, arrived July 4. Came to stay, says Wm Patterson.

O G Roberts has four or five thorough-bred bird pups for sale. Remember, prairie chickens will soon be ripe.

Geary Richardson has returned from his trip to Kansas, where he has been engaged in selling nursery stock. He will remain at his father's until after harvest, and we are glad to have him with us as he is a useful man in our Sabbath school that is progressing so nicely. Some talk of a Sunday-school picnic soon.

Rev Brown preaches to us ever four weeks at 11. R. U. T. C.

PLEASANT HOME.

Harvesting on the hillside, harvesting in the valley, and we are pleased to note the wheat and oat fields covered with their golden colors.

F M Shular expects to start for his old home in Iowa soon. We regret the loss of an old settler and a staunch neighbor. His friends in Iowa will rejoice in his locating with them.

Perry Norris has been on the sick list ever since the Fourth. He is now convalescing.

Father Norris just returned from a visit in Clay county, where he has been visiting some of his children and friends.

The big races at Guide Rock next Saturday promises to be a grand affair.

W H Barcus is seen in the saddle buying fat hogs.

Since Albert Horn lost his hand he is playing farmer himself.

Miss Emma Barcus and Miss Ella Shular are having holidays.

Samuel Bruner is ahead in the way of small fruit and large clover.

George Hagan's young nursery at Guide Rock is ahead of anything we have seen in the Valley.

Our immediate neighborhood has seven young ladies who are taking lessons in music from a gentleman living south of the river. So you see we are not going to be left in the shade.

We noticed our old friend Father Moolin, from Kansas, last Sabbath, we always welcome him in our midst.

Mr Reed and wife are paying their many friends here a visit. He is one of Jewell county's farmers. We were boys together. Miar and wife have many friends on this side of the river. Looquootee.

ELM CREEK.

The farmers have all laid their corn by till gathering time, and then they all expect a large crop. The small grain never looked better. There is no doubt but what we will have a large crop of all kinds of grain and fruit in abundance.

There are large amounts of improvements being made this summer.

M C Williamson is going to build a new barn.

Homer Hayes is improving his farm and running a well auger.

Knutsone is farming on a large scale.

Mr Corner has finished his fine residence and will build a barn.

Joseph Chambers is building a fine house.

We were down at Cowles and were surprised to see the large amount of improvements that has been made this summer. Cowles will be a town of some importance yet. We noticed that the Nebraska Lumber Co has a good stock of lumber, also the People's Lumber Co. We made some inquiries as to how they sold lumber and found that both yards sold cheaper than at Blue Hill. The People's Lumber Co sells lower than any one else. We read the best paper in the county, The Chief, and fail to see People's Lumber Co. advertised. They ought to advertise in THE CHIEF so the people of Webster county and adjoining counties will know there is a Lumber Co in Cowles that is doing business on the square.

Why is it that the democrats got a man to run a paper for them in so prosperous a town as Red Cloud that did not have a thimble full of brains in his head. A man that will come into a town and commence war with a good newspaper like THE CHIEF and call the people dead beats and everything else that is disrespectful can not run a paper very long. Let us have THE CHIEF and dwell in peace.

EAU.

PLEASANT HILL.

Most of the farmers are done planting corn in this vicinity.

Harvest has begun. Small grain is not so good as it was last year but will make a good half crop.

A Mormon preached in our school house last Sunday morning and evening. He said "Hell had the bottom knocked out of it and was closed for repairs, do as you please boys there is no danger until it has been repaired."

It is a shame for people to listen to such trash and the fellows that come around preaching it had ought to be egged out of the country.

The school picnic was postponed on account of rain, but we hope it will be held in the near future.

Mr S W Hull now a resident of Kansas who used to reside in this neighborhood is here visiting friends and relations.

Mr Post is not going to Arkansas this fall.

Sam Miller is cutting his oats with a cradle.

SPOONDYKE

In an editorial on the insult to the flag at Salt Lake City the St Louis Post Dispatch says: "From the record of former democratic administrations, foreign powers all know that an insult to our flag is more liable to be resented promptly and vigorously now than at any time during the last twenty years."

It will be observed that the limit is fixed at twenty years. Just prior to that time there was a considerable period during which the democratic party itself was very actively engaged in insulting the flag of the United States.

Omaha Herald.

The above is rather pointed coming as it does from a dispenser of government pap, the celebrated Dr Miller.
