LINCOLN Medical Institute and Water Cure.

SWEDISH MOVEMENT CURE.
BATHS, ELECTRICITY, MASSAGE.

THE LINCOLN MEDICAL INSTITUTE AND WATER CURE is owned, controlled, and managed by a company of physicians and surgeons who have had years of experience as specialists in their respective departments. The building is one block from the Capitol and on street car line. From its tower can be seen all the state institutions, public grounds, the entire city of Lincoln and surrounding country. It is the largest, most thoroughly equipped, and conveniently arranged building in the West for the treatment of disease. It contains fifty-six rooms for the accommodation of patients, besides parlors, offices, reading room, and laboratory. Everything is made for the patient and enjoyable during treatment has been provided—pleasant company, music, reading, gymnastics, and bathing. For the management of chronic cases which have long resisted the ordinary course of treatment, new and improved methods have been adopted. There are thousands of persons who have taken gallons of drugs and patent medicines without benefit and at times with injury. For such cases the best results are obtained by MASSAGE, REST, ELECTRICITY, MINERAL AND MEDICATED BATHS, and the SWEDISH MOVEMENT CURE, the last of which is the wonder-working cure which has been so gratefully received by patients both in Europe and America. In disease of women a special department has been provided, and patients will find here a home where treatment is conducted with ease, both to physicians and patient. With large parlors and airy rooms a patient may enjoy either seclusion or society, all under the supervision of a nurse who knows how to entertain as well as to assist the suffering. In the treatment of SPINAL CURVATURE AND DEFORMITY OF THE FEET AND LIMBS, our Institute offers special advantages. Diseases of the EYE, EAR, THROAT, AND NASAL CAVITIES are under the care of a specialist of years of experience, and CATARRH, that terrible disease, is treated and permanently cured by our entirely new process. HERBIA, a deadly ailment by a new operation, without pain or danger. PRICES effectually and permanently cured, and invite correspondence in this particular.

Political Reform
Great reforms are demanded in our politics, notably the complete reform of the civil service. There is good prospect of the success of some of these measures, if only decent men of both parties will stand up for decency and prudence whenever they see it, demanding and commanding the thorough enforcement of the laws, while every party is in power. If these reforms fail, the blame will be at the doors of those otherwise highly moral and reputable citizens who prefer the success of their party to the welfare of their country.
