DR. JOHN BULL'S

FOR THE CURE OF FEVER and ACUE

AND ALL MALARIAL DISEASES. The proprietor of this celebrated medicine

Or CHILLS and FEVER,

justly claims for it a superiority over all remedies ever offered to the public for the SAVE, Property and other markets at Furne CERTAIN, SPEEDY and PERMANENT cure of Acue and Fever or Chills and Fever whethor of short or long standing. He refers to the entire Western and Southern country to boar him testimony to the truth of the assertion that in no case whatever will it fail to care if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cared by a single bottle, with a perfect restoration of the general health. It is, however prodent and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked more especially in difficult and long-standing cases. Usually this modicine will not require any aid to keep the bowels in good order. Should the patient, however, requireacathartic medicine, after having taken three or four dozes of the Tonic, a single dose of KENT'S VEGETABLE FAMILY PILLS will be sufficient. Use no other.
