Acme Pulverizer
Harrow, Clod Crusher and Leveler, subjects the soil to the action of a Steel Crusher and Leveler, and the cutting, lifting, turning process of double gangs of steel-coupled harrows, the peculiar shape and arrangement of which give
Immense Cutting Power!
The three operations of crushing lumps, leveling the ground, and thoroughly pulverizing the soil are performed at the same time. The entire soil is broken up and turned over, and the soil is left in a fine, friable condition, ready for the seed. It is especially adapted to inverted soil and hard clay, where other harrows utterly fail. Satisfy yourself by giving the ACME a trial.

LINCOLN Medical Institute and Water Cure.
SWEDISH MOVEMENT CURE
BATHS, ELECTRICITY, MASSAGE.
THE LINCOLN MEDICAL INSTITUTE AND WATER CURE is owned, controlled, and managed by a company of physicians and surgeons who have had years of experience as specialists in their respective departments. The building is one block from the Capitol and on street car lines. From its tower can be seen all the state institutions, a public ground, the entire city of Lincoln and surrounding country. It is the largest, most thoroughly equipped, and conveniently arranged building in the West for the treatment of disease. It contains fifty-six rooms for the accommodation of patients, besides parlors, offices, reading room, and laboratory. Everything to make life pleasant and enjoyable during treatment has been provided—pleasant company, music, reading, gymnastics, and bathing. For the management of chronic cases which have long resisted the ordinary course of treatment, new and improved methods have been adopted. There are thousands of persons who have been cured by the SWEDISH MOVEMENT CURE, the last of which is the water-working cure which has been so gratefully received by patients both in Europe and America. In diseases of women a special department has been provided, and patients will find here a home where treatment is conducted with ease, both to physician and patient. With large parlors and airy rooms a patient may enjoy either seclusion or society, all under the supervision of a lady who knows how to entertain as well as to assist the suffering. In the treatment of SPINAL CURVATURE AND DEFORMITY OF THE FEET AND LIMBS, our Institute offers special advantages. Diseases of the KIDNEY, THROAT, AND NASAL CAVITIES are under the care of a specialist of years of experience, and ATARSH, that terrible disease, is treated and permanently cured by an entirely new or semi-HERNIA radically cured by a new operation, without pain or danger. FILLS electrically and permanently cured, and further correspondence in this particular.
Lincoln is noted for its MINERAL WATERS and hospitable citizens. It is easy of access from all points and will cost you nothing to visit our Institute and learn its workings. Circulars and reading matter on special diseases sent free on application. Medicine sent to all parts of the country after examination or otherwise by letter, when it can be done satisfactorily. Members of the staff, in special cases, visit patients at their homes out of the city.

CHAS. S. HART, A.M., M.D.—Surgery.
