**"HOW ARE THE FOLKS?"**

Sold a friend to another as they were passing each other in the street. "How are you?" "Well, thank you."

"Why, a little better than ever, but the rheumatism is still there."

"And so it is with many people who suffer with the rheumatism. They feel better for a few days, but then it comes back again."

"My wife and daughter were both stricken with inflammatory rheumatism at the same time. The lower limbs were much swollen. The pain seemed almost beyond endurance. She pined out of the question."

"They suffered so much that to move or even to walk was a torment. They were confined to the bed for weeks. During that time and previously, I bought many kinds of medicines. Then I employed a physician, but nothing gave relief until I bought some Athlophoros, which I had heard of, and I am glad to say in a very short time the swelling was reduced, the pain gone and they were entirely well."

"How much did they take, Mr. Hopkins?" "I think it was three bottles in all."

"Have either of them had any return of the rheumatism?" "Not in the least."

"It was rather a strange coincidence both having an attack at the same time?" "Yes, it was, but such was the case, strange as it may seem. They were both helped, but are now well, and all from the use of Athlophoros. It is an excellent medicine, and well worth the trial by any sufferer from rheumatism."

"Mrs. C. J. Albeck, living at No. 1067 Clay street, Dubuque, has used Athlophoros and gives this as her experience with it: "Yes, I have used it and it cured me. Up to the time I used it, which was in February, 1884, I was subject to frequent attacks of inflammatory rheumatism and had been nearly all my life. At times I would be almost helpless. As sure as I would take a little cold I would have an attack of rheumatism, sometimes in my lower limbs and at others in my arms."

"When I commenced with the Athlophoros I was carrying my right arm in a sling. It was very much swollen and I could not move my fingers without causing me considerable pain. One evening, while I was suffering in this way, I heard of Athlophoros, and the wonderful cure it had made in Mrs. McCue's case. The next day I sent for a bottle and commenced using it at once. I was a little afraid of it at first, on account of the buzzing sensation it caused in my head, but I reduced the dose and kept taking it regularly. It worked like a charm. The swelling and pain were gone, my rheumatism was well, and I had free use of my arm."

"Has it ever returned, Mrs. Albeck?" "No, it is now a year and a half and I have not suffered any since."

"Then it has proven a valuable medicine in curing you of chronic rheumatism?" "Yes, it certainly has, and I could not say too much in favor of Athlophoros."

"If you cannot get Athlophoros of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer regular buyers from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us, as directed, ATHLOPHOROS CO., 112 Wall Street, New York."
