

THE TURQUOISE

ON A SLEEPING BOY.
Just now I missed from bed and stair
A joyful treble that had grown
As dear to me as that grave tone
That tells the world my soldier's gone.

THE TURQUOISE.

Where M. de Pined and Why It
Is Called the Turquoise.

THE TURQUOISE is a mineral
stone of a peculiarly beautiful
color, and is found in various
localities in the mountains of
the West Indies, and in the
mountains of the Alps, and in
the mountains of the Pyrenees.

the stone has a somewhat waxy luster.
It is only those of a fast, sky-blue
color that are prized for jewelry, but
at one time a green turquoise was
more highly valued than a blue one.

THE TURQUOISE is a mineral

foundly another, of about the same
size, shape and color, but valued at only
eighty francs. The color of the stone
is a pale, somewhat greenish blue, and
is not so bright as that of the first
stone.
