

**THE WESTERN HORSE AND CATTLE INSURANCE CO.**  
THE ONLY AUTHORIZED LIVE STOCK INSURANCE COMPANY IN THE STATE.

Insures horses at the age of from 3 to 11 years; mules from 3 to 17 years; Stallions and Jacks from 3 to 8 years; and cattle from 2 to 11 against loss caused by *Insure, Injury, Accident, Fire, Lightning or Theft*, for not less than one or more than two years—excepting steers which are being fattened for the market, which can be insured for six months.

Special attention is called to our Fire and Lightning Insurance, which is good any where in the state of Nebraska, whereas the liability of loss by Fire and Lightning of Fire Insurance companies is limited to the premises of the assured and perhaps a small radius beyond. The advantages and benefits which this company offers to farmers and owners of stock generally are so plain and apparent that it is hardly necessary to call attention to them.

**Reasons Why to Insure.**

Because it is the only Live Stock Insurance company authorized by the laws of this state to do business in this state.

Because it is a Home Company, organized with home capital, the money paid to the company is kept in the state, and is paid out for losses to the citizens of the state; it all remains in the state.

Because it is a reliable institution, whose stockholders, directors and officers, are among the wealthiest and most prominent business men in the state.

Because its manner of adjusting and paying losses are always in harmony with the principals of strict justice and liberality.

Because you cannot afford to be without insurance on your live stock any more than on your house and farm. If you are well off you can lose nothing by insuring—if you are poor and cannot afford to lose any of your stock, it would be criminal negligence not to insure.

Because should you wish to borrow money and offer as security your stock the security will be more ample, and you can obtain money more readily, and at a lower interest, if that stock is covered by a policy of insurance in this company.

Because we insure stock against death by accident, disease or theft.

Because we insure stock against loss by fire or lightning.

Because no other insurance company can give you the same kind of insurance.

Because a paid up capital of \$100,000 and a constantly increasing surplus fund renders it safe and solid against any emergency that may arise.

Because its popularity among farmers and stock owners is attested by the fact that there are now written and in force over 15,000 policies.
