

THE RED CLOUD CHIEF

FRIDAY, JUNE 11, 1886.

PICK-UPS.

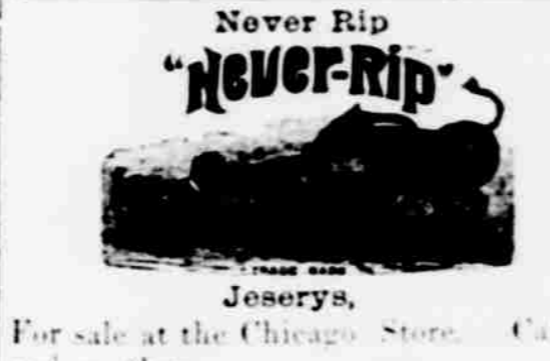

Mr. Grimm is putting an addition to his residence.
WILL BARBER, of Norton, Kans. is home on a visit.
Mr. Grow, an old friend of Prof. Picking is in the city.
Mrs. Prof. Picking and family are visiting in Putnam county, Illinois.
Don't fail to read the new advertisement of Athol & Young in this issue.
P. E. Goble is building a very neat grape arbor on his Seward street residence.
Fred Hummel and B. S. Briggs have gone to Curtis, Neb., for a few weeks.
G. W. Barker has moved his law office to the rooms over Ferguson's drug store.
The Qui Vive fire department have about concluded to purchase a hook and ladder outfit.
We invite the attention of our readers to the Golden Eagle clothing house advertisement.
Lawyers J. L. Kaley and O. C. Case were in Bloomington this week on professional business.
The daughter of Mrs. Geo. B. Gates has returned home after an extended visit in this city.
The county supervisors are in session this week as a board of equalization in the assessment of taxes.
Mrs. C. Wiener has returned home from her eastern visit, accompanied by Miss Selma Meyer, of Chicago.
P. A. BEAUCHY, of the First National Bank contemplates an extended visit to the Keystone state in July.
Mrs. E. C. Wilcox and Mrs. H. D. Craig have returned home, after an extended visit with Mrs. Wallace, of this city.
JOHN RING, while in Red Cloud the other day, lost \$17. The finder will be rewarded on returning the same to Mrs. Newhouse's.
Mrs. C. M. Nelligan, who has been to Orleans for some time attending a sick sister, has returned home, her sister having died.
Uncle Levi Moore who was recently thrown from Harry Feight's buggy, is again on our streets. We are pleased to note his rapid recovery.
The annual meeting and banquet of the Republican Valley press association will take place at McCook on Tuesday, June 29. We'll be there.
CHARLES MARVIN, agent at Oxford, for a long time freight clerk at that place, has our sympathy in the loss of his youngest child, who died last Monday.
Prof. Picking goes to Republic county, Kansas, this week, and thence west to grow up with the cowboys for a week or two, when he will return to Red Cloud.
We are under obligations to H. H. Thompson, of Norton, Kans. for a complimentary to the June races, which take place at Norton on the 18th and 19th.
W. N. RICHARDSON purchased 20 car loads of cattle at Salem this week and brought them to this city for shipment. The price of fat cattle seems to be increasing.
The statement of the Red Cloud National Bank, which appears in another column, shows that institution to be in prosperous condition and a constantly increasing business.
Don't forget the June races to take place in this city. The boys deserve a good patronage and we hope to see a large crowd. The B. & M. we understand have given a reduced rate on the occasion.
Red Cloud should make a strenuous effort to get water works. If there is any one thing needed it is water works. The cost would be very small compared with the benefits to be derived from a good system of water works.
There are strong probabilities of several new brick buildings going up in the postoffice block within a short time, and that work on the same will commence soon. We hope the report is true. The Chief feels highly elated over the prospects of Red Cloud.
Read the new ad of the Chicago Store, and don't fail to get their prices on clothing, as they are bound to increase the clothing trade and will make prices that no house can compete with, also giving away a pair of men's shoes in the bargain.
Elders Hoopes and Langdon commenced their series of free religious lectures as per previous announcement in the Chief, on Wednesday evening in their commodious pavilion, corner Second Avenue and Seward Street. The lectures and exercises are highly interesting and instructive. All are cordially invited, and requested to bring their Gospel Hymns.
IRA J. BEINAU, the popular and courteous B. & M. passenger conductor, or a former resident of this city, now running the cannon ball and express between McCook and Hastings, went east last week and formed a matrimonial alliance with a Michigan lady, whose name we did not learn. Judge's numerous friends all along the line unite in wishing the happy couple a long life of unalloyed happiness.
The demand for room rent in the new brick block to be erected north of the Red Cloud National Bank block are firm. Applications have been made for the entire eight rooms and we have been informed that work will soon begin on them. This will be a boom for Red Cloud, and we feel confident that she will boom as never before. The credit for the new block can be given to Rev. Geo. O. Yeiser, who has labored unceasingly to consummate the erection of the same. The present rapid growth of Red Cloud can be placed at the feet of our enterprising citizens generally.

The board of supervisors are contemplating building a county jail, in accordance with THE CHIEF'S suggestion and were consequently looking over some plans and specifications on Thursday last.
The Golden Eagle's grand prize drawing closes July 4. This being the third drawing, people know it is a square deal. Every purchaser, in addition to buying goods at bottom prices, by buying \$5 worth at one time gets a ticket, and has a chance to win one of the four prizes.
C. BORIS, of the Oberlin Kan. Egg, gladdened this sanctum with his presence Tuesday afternoon. The gentleman presided over paste pot and sessions of THE CHIEF many long weary moons ago, and is thoroughly conversant with the earlier history of Red Cloud. THE CHIEF will be pleased to have him call again when convenient.
The board of equalization was in session this week. They appear to have found many gross errors in assessments of property. Instead of assessments being graduated they seem to have been made by hit or miss in some instances. It seems to us that assessments of property should be made upon a graduated basis on real estate. Improved property should be assessed at a greater figure than unimproved property. The assessors are not wholly to blame for these errors as there has been no organized effort to regulate real estate assessments, but has been left largely to the judgement of the individual assessor.
MONDAY and Tuesday evenings, Col. Alexander Hogeland of Louisville, Ky. made two of the most common sense and eloquently pathetic addresses, on the subject of unrestrained and neglected boys of large cities and towns over a wide area of the heart and clinches his argument with undeniable facts. The object of this visit to our city was to elevate the morals of our boys, and establish a branch of the Youth's Mutual Improvement Society in this place, to co-operate with similar societies in other places, for the purpose of procuring employment and shelter for the unfortunate little waifs who are thrown upon the cold charity of the world, through the death of friends or otherwise. The object is a laudable one and our citizens are enthusiastic over it. Let the good work go on.
WEDNESDAY—Mr. C. E. Davis, of Superior, and Miss Ella A. Putnam, of this city, were married at the residence of Wm. Cather in this city Wednesday evening June 9th. Rev. Geo. O. Yeiser officiating. The groom formerly studied law in the office of G. R. Chaney, Esq., but for some time past has been engaged in the practice of his profession at Superior. The bride has been engaged as a teacher in the Red Cloud schools for several years past. THE CHIEF acknowledges the receipt of a generous supply of wedding cake and unites with the numerous friends of the newly wedded pair in wishing them all the happiness in life. They departed on the cannon ball for their future home in superior.
PROFESSOR Smith, Nicholson, and Andrews will conduct a Normal and business school in York College commencing June 21, and continuing four weeks. They will use the apparatus and other facilities of the college, and offer a rare opportunity to teachers or anyone wishing a brief thorough review of several branches, or to give all the time to one or two. There will be brief talks on memory, reasoning, health, etc., but the main aim is to give practice work in the best methods of studying, reciting, explaining, etc. The work will be oral and written so as to prepare teachers for examination of the work of the school room, and to advance in their studies. They will teach any branch required for a county or state certificate, or any branch of a business course. Professor Smith will come from York direct to Red Cloud, having been engaged as one of the instructors for the teachers' institute, commencing July 12.

We are informed that there will be a meeting of the officers and executive committee of the Webster County Agricultural Association to-day and a full attendance is expected as the committees are to report on premium list and other important matters. The committee on grounds have built twenty five additional stalls for horses and are putting in a well and other improvements. Also have put the track in good condition and there is no reason why there should not be a large attendance at the coming races June 22, 23, and 24. We are also informed that reduced rates over the B. & M. have been secured between Chester and McCook and Oberlin. Horses have been entered at this date from McCook, Kearney and other places. The amount of purses offered here, \$500, is of sufficient amount to induce good horses to come and participate, and we are confident that the fair will be well patronized.
At a meeting of the Webster County Bar Association on June 8th, 1886, a committee was appointed to draft resolutions of respect and condolence in memory of W. P. Overman, deceased. The committee report as follows:
WHEREAS, it has pleased the Supreme Judge of all human destiny to remove from our midst our esteemed brother and friend, William P. Overman, who departed this life in obedience to the divine summons on June 11th, 1886, and whereas we desire to testify our admiration for our dear friend's character and our sympathy with his bereaved family and friends.
Therefore be it resolved, that in the death of our departed brother the law of Webster county has lost an able, honorable and industrious member, who during the short time he has resided among us, has endeavored himself as a citizen and a lawyer as to merit the respect and appreciation not only of the bar of which he was a member, but of all our people with whom he came in contact.
And resolved, that we extend to his family and ours our heartfelt sympathy in this their hour of affliction.
And resolved, that a copy of these resolutions be read to the parents of the deceased and a copy furnished to each of the city papers.
