The various newspapers over the state are now engaged in giving taffy to the Omaha Herald. We wonder if it is possible that Doc Miller has promised to publish the boys' profiles for taffy in exchange?

AMBY JOHNSON and his wife had quite a legal tussle one day recently in Judge McKeighan's court over their offspring. The court however set the trial for a later day, when the matter will be adjudicated. The people are from Kansas.

Some parties who have nothing else to do have been busy themselves lately with breaking in the windows of the floral hall at the fair grounds, besides doing numerous other depredations. The executive committee should have the depredators arrested if possible.

The fair ground committee have put up stalls enough to accommodate fifty head of horses. The association is doing its level best to put the grounds in fine shape and will have everything in readiness for the June races. Something like 30 horses have been entered for the races.

W. D. FORRESTER, who has been connected with the furniture business in this city for some two years, has sold his stock to Fred C. Winton, of Riverton. M. MASSON and John T. Wilson, the two bigwigs arrested at Blue Hill and who escaped from the calaboose this week were apprehended at Burr Oak on Wednesday and brought back to Red Cloud. The sheriff this time will see that they do not get away as he has prepared shackles for them. If the men are guilty as charged they ought to go over the road.

The series of meetings conducted by R. C. BARROWS in the interest of the Christian church, continue this week with unabated interest. About twenty conversions are reported, from the world, and many have renewed their covenant with the Great Head of the church. A church of fifty-three members was organized last Sunday morning. Seventeen have been baptized in the Republican river upon a confession of their faith in Christ.

 THE collection taken from proceeds of Children's Bible day exercises at Baptist church was \$1.50.
 REY, C. W. SPRINGER has been on the sick list this week and will not be able to attend to business for three or four days.
 A jail is what is needed at the county seat, and should be built. At nearly every term of court there is need for a county jail.

EKST WILSON, the enterprising restaurant man at the depot, is doing a splendid business. He is a good fellow and makes lots of friends. We wish him success.
 THE Seventh Day Adventists meetings are being quite largely attended at their pavilion on Seward street. Elds. Hoopes and Langdon are very pleasant speakers.

THE crossings are being laid on the Cedar street walks. This work is certainly a decided improvement, and the property owners are willingly putting down the walks without scarcely any objections.

At the last meeting of the city council Ald. Shirley gave notice that he would present an ordinance for the consideration of the council to prohibit the erection of barb wire fences within the city limits. This ordinance is timely and the council should pass it unanimously. Such fences are an absolute nuisance.

We are indebted to J. L. Miller, secretary of the Red Cloud branch of the Republican Valley Trotting Association, for a complimentary to the June races, which promises to be more attractive than any exhibition that has ever taken place in the city, of that character. Don't forget the dates, June 22, 23 and 24, 1888.

The following bills were audited by the city council at their last meeting: R. P. Hutchinson, \$40; Traders-Lumber Co. \$195.00, same \$1474; Thos Hatfield \$1; Wm. Cropp, \$2; J. H. The enterprise of our merchants is certainly to be commended as they are most certainly alive to the needs and wants of their customers. A sample of such enterprise is given by our enterprising jewelry firm of Wright & Wallace. The footpads who were arrested at Blue Hill the other day for holding up some Blue Hill men, broke from the calaboose on Monday, and made good their escape. The men were hard hats and should have been sent over the road. This fact should be evidence enough to convince the supervisors that we need a jail to keep the outlaws and criminals in when they break the laws of our county. They should not be too economical, but on the other hand commence the erection of a good and substantial jail. There's money in it.
