Congressman Springer Gives Some Details of What His Bill Proposes - The Resolutions Adopted-A Committee to Go to Washington.

WICHITA Kan., Nov. 21 .- The early morning trains yesterday brought hundreds more of delegates to the Inter-State Oklahoma convention. The delegates and visitors met at the Board of Trade headquarters. About ten o'clock Hon. William Springer, of Illinois; Colonel Mansur, of Missouri: General Weaver, of Iowa arrived and were given an ovation. Shortly before eleven o'clock a procession was formed headed by a band and marched to the Crawford Opera House. The meeting was called to order by George L. Rouse, who introduced Judge J. S. Emery, of Lawrence, as temporary chairman.

Mr. Walker, of Wellington, was made temporary secretary. Committees were ty-one members each. Judge E. B. Jewett of Wichita chairman of the committee on permanent organization; resolutions and memorial, Sidney Clark, of gates to Washington, Major J. P. Allen, of Wichita; finance, M. W. Levy, Wichita, chairman.

After assignments of places for committees to meet the convention adjourned until two p. m. The arrival of the champions of the Oklahoma bill was greated with prolonged and a committee to go to Washington and use enthusiastic cheers. Mr. Springer was in-2coluced in an eulogistic manner by the chairman, after which he spoke as fol- rence; Captain W. L. Couch, Douglas; lows: "The object of the convention, if I Colonel M. M. Murdock, Wichita: Colonel tm correctly informed, is to give exprestion to the sentiments of the people of the Southwest in reference to the epening to settlement of that portion of the Indian Territory west of the lands perupied by the five civilized tribes. The bill now pending in Congress proposes an equitable adjustment of the Indian claims. There will be no difficulty in coming to an agreement with the Creeks and Seminoles in regard to what is known as Oklahoma proper. The Indian claims on these lands are of a very shadowy and unsubstantial character. The Government has a title already to them in fee simple and has paid the price which was agreed upon at the time of purchase. But the Government having Brigham, who will fill out the unexpired declared its purpose to settle friendly Indians upon these lands, it is of the utmest importance that the bill for the organization of the Territory of Oklahoma shall be passed at the ensuing session of Congress. The longer the opening of the lands is delayed the greater will be the complications and embarrassments which will confront us. The tide of civilization has already been stayed too long upon the borders of this Territory. The people are impatient to enter upon and possess the promised

and received with wild enthusiasm. He said it gave him great pleasure to be present at the meeting. He had long since decided that white men had rights as well as black or red men. It had been his experience that converts come to the movement from becoming acquainted with the facts involved in the Springer bill, which is the result of careful work in the interest of doing justice to all and injury to none. The decision of Attorney-General Garland that Indians have no power to lands to cattlemen had greatly weakened the stronghold of opposition. This should impart new courage to the friends and supporters of the movement. He gave a vivid description of the possibilities of Oklahoma and insisted that the interests of Indians and whites demand the passage of the bill. The movement could be successful by creating a public opinion which

comes with agitation and discussion. It was not a political position. "Thank God, one place we can meet on a level and part on the scuare." [Cheers for many minutes.] To a question asked if Indians would dispose of their lands according to provisions of the bill he said that when cattle men were allowed to lease the Cherokee Strip they appointed in the usual manner-of twen- paid the Indians \$200,000 and the interest on the money paid them for that land according to the bill would be \$300,000. Boston, Nov. 26,-A flerce northeasterly gale has raged since Saturday night. Snow fell yesterday, changing to sleet last evening. About six inches of snow has fallen in Eastern Massachusetts and is drifting badly. Shipping in the harbors has suffered considerably. Wires are down in all directions. A gale and heavy snow is reported at Brattleboro, Vt., and in New Hampshire. A washout on the Winthrop and Shore roads prevents the running of trains. The storm is the worst ever known on this part of the north shore and danger is feared from the incoming

At New Haven, Conn., the wind reached fifty-one miles an hour-the highest ever recorded there-and several inches of snow fell. Travel on the Shore line is stopped by the breaking of the drawbridge at Lyme. Many vessels have put in at that port for shelter.

Thirty years ago be was given five years in the Illinois penitentiary for robbing a bank in Chicago and since then he has figured as a forger, bank sneak, pennyweight worker and counterfeiter. He has figured in many crimes involving large sums, but his most important work was in the hypothecation of \$100,000 in forged bonds of the Buffalo. A Long-Year Crase. ANN HARBOR, Mich., Nov. 25.-When the app, 50 gay. died here three months ago, he left about \$250,000 to his nephew. J. L. Babcock, of Chicago, on condition that the latter should marry within five years, and Babcock is here settling up the estate, and his life is made miserable by the number of letters received from young women who are anxious for love and fortune. From the newspaper accounts sent out of the singular bequest it came to be believed that Bab-cock is a young man, when the fact is that he is past middle life. He has received offers of marriage from Kansas, Chicago, Detroit, Philadelphia, Baltimore, New York, Richmond, Cincinnati, New Orleans 1. Lucies B. Caswell, R. & Chartee E. Two Model Widows

Nearly every pleasant afternoon a little procession may be seen starting from Mrs. Sheridan's home in Rhode Island avenue. It is the widow of the great soldier and her four little children, all dressed in black, going out for a walk. Mrs. Sheridan's mourning, like every thing else about her, is simple and unostentations. She has not barred her house up gloomily or kept ber children indoors, or done anv thing that is conspicuous or irrational. She has been a model of dignity and propriety. A keen observer here, who has seen a great many widows of eminent men, said the other day: "There are two widows in this country who perfectly understand the proprieties of their situations. One is Mrs. Conkling: the other is Mrs. Sheridan. Neither one of them has uttered a word in print, expressed an opinion regarding their dead husbands' friends or enemies, or departed in any way from the strictest seclusion. It is a pity the widows of all public men don't copy them."- Washington Letter.

Cure of Pneumonia.

HESS ROAD, NIAGARA CO., N. Y., About a year ago I was taken with a severe pain in both lungs. I was first attacked with a violent chill, then a dreadful puin and then a cough accompanied by considerable fever. It looked very much like a bad attack of pneumonia. A friend of mine procured five Altoock's Plastrus. One he put under each arm, one under each shoulder blade, and one on my chest close around my throat. In a few hours the cough ceased, the pain gradually abated and I broke out in a profuse perspiration. I fell into a profound sleep, and the next day was almost well. I wore the Plasters eight days afterwards, and have never had any trouble since.
