We take pleasure this week in announcing the name of our fellow townsman Mr. J. H. Remsburg of the office of coroner. Mr. R. would be just the right man for the place and we should like to see him nominated.

What is the matter with the city making arrangements to pave the streets. The lot owners could well afford to pay for it. Don't all speak at once. Sewerage and paving is absolutely needed as the city can afford it.

**Laws for Congress.**  
Aside from our own personal choice for congress in Red Cloud, THE CHIEF has no particular man. We believe, however, that Mr. McNeny, or J. S. Gilham, would be eminently fitted for the position made vacant by the death of our distinguished friend, James Laird, yet, there are numerous other candidates in the district that are quite popular and are receiving considerable mention by the state press and especially the press in the 2nd district, viz: Hon. Gilbert L. Laws, Harlan of York, Bostwick of Hastings, &c. Mr. Laws seems to be the most prominently mentioned candidate and aside from our personal choice, as we have said, we should just as soon see him elected as any man so far mentioned. The republican valley must be represented and our choice is for McNeny or Gilham and then Laws or any other good man.

**Be Watchful.**  
The Republican primaries of this city are announced for tomorrow. Before another edition of THE CHIEF, the republicans of Red Cloud will have selected the delegates who are to represent them in the county convention. As to the merits of the various candidates who will present their claims to the convention THE CHIEF has nothing whatever to say. It feels confident that that body will present to the people of this county a ticket which every republican can conscientiously and cordially support. We deem the moment opportune however, to call attention of republicans to the deplorable condition of the party in this city. In every other part of the county the republicans are unusually harmonious, in this city the party is split into factions, with the rancorous animosities of which toward one another is not only damaging to the republican party, but is becoming absolutely ruinous to the business interests of the town. We presume if people generally were asked to point out the individual who is chiefly responsible for this state of affairs, nine out of every ten of them would designate the man who is now doing the dirty work of his employes on the Republican. Coming to this city with the declared intention of going to congress, he was disappointed in his ambition and has been a meddling sorehead ever since. For the past three years this sneaking coward has made it his business to go from business man to business man in this city, acting as tale bearer and mischief maker, stirring up strife and contention among them. The main object of his life seems to be to peddle falsehoods from man to man, and to set neighbor against neighbor. If anyone doubts the truth of this statement let him compare the present state of affairs with that existing in this city prior to the advent of this cringing, hypocritical and unprincipled scoundrel monger. THE CHIEF has always believed that if the business men of this city would simply treat the malicious stories he is circulating from man to man, among them, with the contempt they deserve, harmony would not be long in coming, and this city would enter upon a new era of peace and progress. The man is simply contemptible. Why cannot the business men of this city treat him as he deserves, and stand together in the future for the upbuilding of the city.

The time is fast approaching when you will be buying your fall and winter dry goods and millinery, and no doubt you are looking around for the best place to make your purchases. We don't claim to carry the largest stock, but what is more important to you is, we can save you fully twenty per cent. This is a broad assertion and easily said but compare our prices and you will be convinced that what we say is true. We will carry a more complete stock of dry goods than before and our millinery stock will be the latest styles in the market. Our trimmer writes us the selection of pattern hats is already made and will be here in a few days, also the newest novelties in trimming. We respectfully ask you to call and examine everything in the stock. No trouble to show you goods.  
YOUNG'S C. O. D. EMPORIUM.

It would be a good time for some of the voters of the 2d ward to remember the promises Dooky made to them three years ago. He was a candidate for mayor then. He was running on a high moral platform. The sale of intoxicating liquors was to be discouraged, the bawdy houses suppressed, and a reign of law and order inaugurated. How was it? The period of his mayoralty was the most corrupt the city ever experienced. The sale of liquor was openly carried on under the nose of the reform mayor, he persistently patronized the saloon, and was the reputed physician and surgeon of the prostitutes of the city. The voters of the city ought to call those facts to mind and defeat any candidate that this man supports.

**Public Meeting.**  
Inasmuch as a great number the parents and friends of the boys who belong to the Boy's Branch have not had the pleasure of attending our meeting in the past, we will have a public meeting in the M. E. church next Sunday at 3 p.m. and extend a cordial invitation to every body to attend, especially the parents. The meeting will be as interesting as possible and you will, no doubt, be surprised at what an active part each boy takes.

Corresponding secretary.
