Ed Young while making an excavation struck a log twenty-five feet under the ground. He thinks the log was cotton wood.

Rev. A. W. Snider, the recent pastor of the Baptist church has gone in to the missionary work. Mr. Snider is one of the finest men we have ever met, and is a wholesome christian gentleman, a man of broad ideas, and fully able to express them. The church in this city has lost an able divine, but we pleased to note that he will be much better rewarded financially in his new home, Deadwood, South Dakota.

Lou Vance, who has lived in Red Cloud a great many years, and justly entitled to the appellation of "old settler" although comparatively young in years, has purchased the jewelry store of L. H. Wallace, and will henceforth be allied with the business interests of Red Cloud. Lou is a hard working, industrious and enterprising young man and will make a success of the business which he has just embarked in. THE CHIEF is pleased to see the young men of Red Cloud coming to the front, for it is the young blood that makes vigorous towns and enters new life into the business interests. We wish him prosperity.

The Akron, (Col.) people are using some very questionable methods of advertising their town. They have about two columns of positively false statements in regard to Akron in the St. Louis Republic. They tell about street cars, mines, etc., which may be all right for Akron but they won't help the town any. When people of the east learn that their statements are all moonshine and that the town is nothing but a little inland town with nothing but agricultural land to back it, and with no prospect of ever being more than a little village of 1000 to 1500 inhabitants. They will turn around and "smile a snore" that will not help Akron people.

A continual coughing is very annoying to persons living near you in any kind of a gathering place. It is of great damage to the throat and lungs, and is exceedingly dangerous at this season of the year. The half bottle of Ayer's Cherry Cough Syrup will relieve any ordinary cough, and this remedy costs no more than the inferior ones that are thrown on the market to sell at enormous profits.

C. L. COVINO, Druggist

### Save Your Hair

By a timely use of Ayer's Hair Vigor. This preparation has no equal as a dressing. It keeps the scalp clean, cool, and healthy, and preserves the color, fullness, and beauty of the hair.

"I was rapidly becoming bald and gray; but after using two or three bottles of Ayer's Hair Vigor my hair grew thick and glossy and the original color was restored."—Melvin Aldrich, Cassan Centre, N. H.

"Some time ago I lost all my hair in consequence of measles. After due waiting, no new growth appeared. I then used Ayer's Hair Vigor and my hair grew."

Thick and Strong. It has apparently come to stay. The Vigor is evidently a great aid to nature."—J. B. Williams, Florenceville, Texas.

"I have used Ayer's Hair Vigor for the past four or five years and find it a most satisfactory dressing for the hair. It is all I could desire, being harmless, causing the hair to retain its natural color, and requiring but a small quantity to render the hair easy to arrange."—Mrs. M. A. Bailey, 9 Charles Street, Haverhill, Mass.

"I have been using Ayer's Hair Vigor for several years, and believe that it has caused my hair to retain its natural color."—Mrs. H. J. King, Dealer in Dry Goods, &c., Bishopville, Md.

### OBITUARY.

At 10 o'clock last evening (April 16) Thomas O'Brien, proprietor of the merchants hotel died at his home of consumption. He has been a sufferer from this complaint for years, and his death, only a shock will not be a surprise to his acquaintances. The deceased was born in Weymouth, Nova Scotia, November 24, 1833, and was therefore in his fifty-seventh year. He came west in the seventies, and went first to Portland, Oregon. In 1880 he came to Helena, and has been running the merchants hotel for about four years. He leaves a widow and four children, George, Ike, Mamie, and Howard. Mr. O'Brien was one of the most highly respected citizens of Helena, being a man of strict integrity and of thorough business ability. He was also a model landlord and landlord, and has brought the merchants to its prominent position in the west. His death will be a severe loss to the city, and the family will have the sincere sympathy of a very large circle of friends in Helena, and almost innumerable acquaintances outside the city.

The death of Mr. O'Brien's eldest son Horatio a short time ago brought on an attack of lung fever from which the father never recovered. His grief was not to be overcome. He leaves a family in very good circumstances.—Helena, Mont., Journal.

The deceased was a brother of Mrs. Kate McAvoy of this city. Mrs. McAvoy has the sympathy of the people of Red Cloud in her bereavement.

Cleanse your breath and regulate your bowels with DeWitt's little early riser. Sold by Cotting.

The aesthetic concert given by the members of the M. E. Church choir was one of the most pleasant entertainments that it has been our pleasure to witness in this city for a long time. The cantata of "Singing flowers" is well named and is at once appreciated by the audience for its uniqueness of composition and presentation. The following ladies and gentlemen took part in the exercises: The Misses Belle Spanogle, Emma Brown, Jessie Sherman, Josie Igon, and Anna M. Randall. Messrs. L. F. Albright, H. E. Pond, C. W. Cather, and A. L. Funk, Geo. W. Barker, presiding at the piano. The scenery represented a house with various flowers painted thereon, and the singers performed their parts from the interior with only their faces in view from apertures in the scene, and forming the base of the aesthetic flower they represented, each singing an appropriate verse. It was highly appreciated by the large audience, and the choir are to be congratulated although the night was very inclement. After the cantata was furnished the following program was rendered in addition to the cantata.

Vocal solo, by Miss Minnie McAvoy. Vocal solo, by Belle Spanogle. Solo by C. W. Cather. Solo by Miss Josie Igon.

Piano solo, Miss Minnie McAvoy. Vocal solo by Miss Emma Brown. Solo by A. L. Funk.

Each and every one of the participants did well and were loudly applauded.

Dizziness, loss of appetite, that tired feeling, faintness, dyspepsia, blood disorders, constipation, biliousness, pimples, chills, and most diseases result from an impure condition of the blood. Purify it with DeWitt's Sarsaparilla. No cell and recommend it, C. L. Cotting.

### X Roads.

We had a fine rain Friday night. The farmers out in this part of the county are pushing the spring work along finely.

The sick are mending slowly. Mrs. Hutton and Wilson on the east were better. Mrs. Stuckers week long ear ache is better, and Mether Rounds was out to church Sunday, quite a good turnout to listen to the Christian Union Church of the Bible preacher, Topic, the Everlasting Gospel, he spoke in the morning at Mt. Hope, Subject The sea of Glass. Both themes well received. He preaches at Mt. Hope every two weeks there at next appointment. The Church of the Bible its government: ordinances and practical working measured by rule. We are too busy for much, that is political, we mean to look out a little after a while. Mr. Henderson and others are turning over quite a bit of prairie near the Cross Roads for Mr. Gullifer.

Perhaps this is enough for the first from V. D. M.

DeWitt's little early riser are a little pill that do not grip or cause pain. Small, easy to take, safe. Sold by Cotting.

Harvesting Machinery from the World's Fair City.

Chicago, April 15th, 1890.—(Special)—A monster freight train drawn by two engines left this city to-day for Minneapolis. The entire train was loaded with Deering twine binders and Deering mowers from the works of Wm Deering & Co., this city said to be the largest manufacturers of harvesting machinery in the world. The train was highly decorated and a brass band in uniform accompanied it. On one car a binder and a mowing machine were shown set up ready for work. Dispatches from points passed to-day show that enthusiastic crowds greeted the train at all stations, and the trip so far is one grand triumphal procession. It is not unusual for this firm to send solid train loads of machinery all over the country, but this train attracts special attention.
