## COUNTY SEAT MEETING.

All persons in favor of calling a special election to re-locate the county seat of Webster county, are requested to meet at the opera house, in Blue Hill, Nebraska, on

Saturday, at 4 P. M., Aug. 30, 1890. For the purpose of organization. BY ORDER COMMITTEE.

BY ORDER COMMITTEE.

Now just what this means, we do not know, but we have heard it intimated under cover that there was a scheme on foot to move the county seat to Covies, but we have never believed that it would amount to much, but the above would seem to indicate that such might be the case. Such a thing would absolutely be suicidal to the interests of Red Cloud. Take away the county seat and what would our city amount to. Certain it is that those people who have landed interests in Red Cloud had better get to getter and see about nipping this matter in the bud, there is no use of trying to treat the matter lightly, because we believe it is a well conceived plan to wrest the county seat from Red Cloud help Red Cloud to become a good city. A business men's and citizens meeting should be called at once.

I do not think of woman as a slave no far from it, but a woman is a woman and when God Almighty created this world and its inhabitants he made a place for every thing, and by his own word declared woman to be a "help meet"

Women are now mocking work on every side, they imitate our army and mimic our noble heroes who have lain down their lives that our nat on lain down their lives that our nat on should enjoy liberty and equality, they mimic grand speeches long since made by our forefathers, and now have got so far as to adopt men's apparel, for shame, Oh man where art thou? What art thou? to allow such a thing to exist. There is reason in all things as well as bounds to all things. Women should have a voice in school elections because that is of great interest to them and there they may do great good by training youthful minds in the way they should go. But how disgusting to see wives and sisters go to the polls as if man had not the ability to control political affairs. I call upon you. Husbands and fathers, why should we, who are men supposed to be capable of engineering our political affairs, allow such a diabolical state of affairs to exist? Why, I say must woman act both in the capacity of office seekers and domestic overseers?
