The was never known to have any money road was built at a cost of \$80,000 and

had been in operation since May. Norman B. Willsher, of this city, who mountain, gives a graphic story of the accident. He says that he first heard a distant roar, as if thunder, and looked up and saw the car coming down the mountain, but sticking to the tracks, at the rate of about a mile in forty-five seconds. He had barely time to recover himself when the car, like a flash of and down the embankment fifty feet below. He was the first on the ground and found the car turned upside | yards over time. down and the passengers all thrown into a confused mass, and that with the assistance of others who arrived on the ground he helped to carry out the dead and injured. There were about a dozen of the latter with broken limbs and battered heads and their clothing covered with blood. As the car fell the united the scene.

Superintendent Dechart gives as the cause of the accident the refusal of the brake to work properly. It was a new brake and was being experimented with. A great many people visited the scene of the coach. The endight leaped of the accident during the afternoon. The car was splintered into kindling wood and the escape of a single passenger is miraculous.

STRIKE AT CHICAGO.

Firemen and Engineers at the Union Stock Yards, thirage, Go Out. CHICAGO, Aug. 22.-All the firemen and engineers employed by the Union Stockyards Switching Association went on a strike for higher wages this morn-

At noon forty engines, each having two men as a crew, were lying idle at the Forty-seventh street yards. In consequence of the strike 120 switchmen are also idle.

As the association does all the switching for the immense packing houses at the yards, all work at the packing houses is at a standstill. The tracks are filled with immense trains of fresh meat, which were destined for outside The reasons for the strike are: The

cents an hour and the engineers twenty-eight cents. The firemen want twenty cents and the engineers thirty cents. The men also desire the Sunday The demands were this morning made to G. T. Williams, secretary of the stock yards company. The men refused

Died in a Well LEAVENWORTH, Kan., Aug. 22 - Henry Hardin, a colored well digger, met with an untimely end yesterday morning. He had been digging a well on a farm at the edge of the city that had been sunk about sixty-five feet and was being wailed up. On going down to finish the well yesterday morning Hardin immediately became faint on account of the gas or damp that had socumulated and be signaled to be drawn up. The signal was promptly obeyed. slipped from the rope and he fell back into the well, striking the sides on going down and was killed instantly.

To Relieve String WASHINGTON, Aug. 22.—The Director of the Mint has authorized the super-intendent of the mint at Philadelphin to make advances on allver bars as soon to make advances on allver bars as soon as received, in order to relieve the alleged on all sides that the work has to attend a chariveri party, and during stringency in the New York money not been efficiently performed. From his absence the culprite went on the
