ROBERT BONNER says that Mad. S. will be bred the coming season for the first time. She will never be driven again but her record against the best will be given three trials next summer to break the world's record of 2:08 1/2. It is claimed by Marvin, her driver, that she can trot a mile in 2:04 and a quarter of a mile in 29 seconds—a 1:26 gait.

The Alabama Senate has passed the House bill to redistrict the State into nine Congressional districts, the number to which the new apportionment, based on the late census, entitles the State. The Legislature has divided up the black districts by attaching black counties to white counties, so that a solid Democratic delegation is assured.

The story telegraphed from Cleveland, O., that Stanley M. Adams had been proposed to give up all the presents he had received from crowned heads and others, consisting of diamonds, etc., to General Booth for the Salvation Army is a piece of fiction. At Akron, where he is located, he is reported to be doing no more than to deny it in all its details.

GOVERNOR BRIDGES is organizing the militia to eject intruders from the Chickasaw Nation. The Government will furnish arms to assist. There are 60,000 citizens there, of which it is estimated there are at least 10,000 intruders. This order, if carried into effect, will work hardship, as the majority are dependent on this year's crop for a living. In the British House of Commons Mr. Henry Matthews, secretary of State for the Home Department, replying to questions as to the legality of the baccarat games played at Mr. Arthur Wilson's house at the time of the Doncaster race meeting last autumn, where the scandal which disgraced Mr. Gordon Cummins occurred, and which involved the Prince of Wales incidentally, said that he had been informed that the playing referred to was not a contravention of the laws against gambling.

GOVERNOR FIPPER, of Illinois, has received a communication from the Secretary of the Interior exposing the operations of the Cherokee Land Company in Paris, France, and the local claims in the Cherokee Outlet. The Standard Oil Company has filed an answer to the petition of the Attorney-General of Ohio in the State Supreme Court to dissolve the trust in its charter. They set forth the company did not enter the trust in an incorporated capacity but that many individuals of the same were interested in the companies and it was their intention that the trust should be dissolved. It is held that the trust is not a corporation and that it is not a partnership. The trust is a trust and the company is a trustee.

In the Senate the other day Mr. Stockbridge introduced a bill to incorporate the National Guarantee Loan and Development Company of the United States. The company is to be organized for the purpose of the condition of the poor, the development of unoccupied farming and mineral lands by furnishing the necessary means to cultivate and operate them, the development of national wealth, the establishment of industries on the co-operative plan and the construction and maintenance of non-sectarian schools, colleges, hospitals, asylums, etc.

An important feature of the program for the future treatment of the Indian question is the scheme now being prepared by the War Department for the establishment of a number of young Indian reservations in the ranks of the army. It is proposed to enlist about 2,000, including 600 or 700 scouts. A separate regiment composed entirely of Indians will not be organized, as at first proposed by some army officers, for the reason that it is not regarded as perfectly safe to bring such a large body of untrained people together. Separate companies, however, will be organized and about one attached to each of the infantry and cavalry regiments serving in the West.
