JOS. HERBURGER,

## What is

# CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

### Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. OSOON, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KENNEDY, Conway, Ark.

### Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

Dr. A. ANCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

UNITED HOSPITAL AND DISPENSARY, Boston, Mass.

ALLEN C. SMITH, Pres., The Castoria Company, 71 Murray Street, New York City.

### A Writ of Quare.

At last the Supreme court has given out its decision in regard to the governorship and declares in favor of John M. Thayer, and ousting Boyd. Gov. Thayer is now governor of Nebraska, and at last the Supreme court by its order has vindicated the law and thrown out an usurper that has never had the shadow of right to occupy the office except by "checking it." Boyd has never been naturalized according to law and his pretense thereof have only been of the slimy kind. He, himself having been a member of the constitutional convention that framed the law that said: "A man must be a naturalized citizen of the States two years before being eligible to the office of governor." He was the first and only man that has tried to hold the office in violation of the article that he helped to make. Of course the Omaha Bee, a republican paper, who while feigning to work for the republican ticket, clandestinely did all it could to help Boyd will call the decision a "blunder" as will the democratic papers, but nine-tenths of the people will rise up and call the Supreme court "blessed" for their righteous decision in the gubernatorial matter. The decision is a wise one and a good one.

### Inter-State Reunion.

RED CLOUD, NEB., May 5, 1891. At a meeting of the council of administration of the inter-state reunion association of Kansas and Nebraska G. A. R., held at Superior, Nebraska, April 23, 1891, the following resolution was unanimously adopted: Resolved, that the adjutant be and he is hereby directed to advertise for sealed bids from the various towns in the counties of Jefferson, Thayer, Nuckolls, Webster, Franklin, Harlan, Phelps, Kearney, Adams, Clay and Fillmore, Nebraska, and Washington, Republic, Smith, Jewell, Osborne and Cloud counties, Kansas, for the location of the third annual inter-state G. A. R. reunion to be held not later than October 1st, 1891, and that the council of administration be empowered to contract with the town offering the best inducements for the location of said reunion, said bids to be opened and considered on or before June 2d, 1891, at 12 o'clock.

Sealed proposals will also be received at said time for the location of a permanent place of encampment for the period of five years herefrom. All parties who desire are hereby requested to send in sealed proposals on each of said propositions. Said council reserves the right to reject any and all bids at their discretion. Requirements—bids will be received up to noon June 2d, 1891, for the following items: Twenty tons of hay delivered on the grounds. Fifteen tons of straw. Twenty cords of wood delivered on the grounds. Securing 200 tents more or less set up on the grounds. Sufficient supply of pure water for camp in convenient places. Tanks for watering stock on grounds. Suitable grounds for holding reunion within 1/2 mile of the depot. One large pavilion. The above subject to the following conditions: All bids of whatsoever kind, horse racing, street fares, gambling devices, political meetings, etc., must be excluded from the grounds and not allowed in town during reunion. Sealed bids must be accompanied by good and sufficient bond. K. R. FULTON, Red Cloud, Neb.

The Red Cloud Mills have been sold by the United States court, and the Red Cloud National bank was the purchaser. With the confirmation of this sale, we are led to believe that Red Cloud will resume her accustomed place in the road to prosperity, and that several new enterprises will be floated. It is a consummation devoutly to be wished for and can not come around too quick for us. The capitalists behind the scheme are men of note and are able to push matters to a successful ending and that is what Red Cloud has needed for years, as we have all of the natural resources, except money, to make a flourishing little city. We hope the tide has commenced to return.

May day was observed in Red Cloud by our young folks and many little tokens of friendship were found hanging to the doors. One band of two girls and one boy, however changed the monotony of the occasion and tied a string to a May basket and then laid it on the step, knocked on the door and got out of sight. When the party came to the door to pick up the basket the manipulators gently drew it from their reach and the scene changed from smiles to frowns, and the happiness of the trio was complete as they had fooled some one.

### Bladen

Hot. Cool. Weather. Small grain looking fine. Some corn was planted last week. Miss Minnie Cuffman spent last week with Mrs. Hicks. W. W. Keith is confined to his bed with an attack of LaGrippe. W. E. Thorne, county surveyor, spent several days in Red Cloud last week on business. Several of our business men pass their idle time playing lawn Tennis for their health. N. J. Hengin and G. W. Parker, machine men of Blue Hill were in town Monday looking up trade. Mr. L. B. Thorne and wife contemplate a pleasure trip to Washington and the north west in the near future. Last week J. W. Wratton had a horse bitten by a rattlesnake. The horse and snake both died within an hour after the bite, the latter by the hands of Mr. W. Deputy Grand Master J. E. Butler, of Hastings organized a new lodge of A. O. U. W.'s on April 29th, with the following list of officers: Chas. E. Hicks, P. M. W. F. W. McLaughlin, M. W. Henry McKelvey, Foreman. R. S. White, Overseer. D. P. Kimmel, Recorder. H. L. Richendifer, Financier. A. P. Johnson, Receiver. J. Speer, Guide. A. C. Bloomfield, Outside W. Dr. Swigart of Roseland, M. E. The dates of meeting will be the 2d or 4th Monday of each month. We wish the new order success.

### Judson.

Beautiful spring weather. Grass is getting there in good shape. Mr. Alex Judy of Burr Oak brought 200 head of cattle up to this place. Mr. Judy bought of J. Mobley lately. Most of the farmers will be through planting corn this week. A good rain would help the small grain. Mr. Roy Myers took his lister to the black-smith shop to get it sharpened, and Orney Seamp went and stole the spur wheel and chain of it after sun down. We have lots of rope ready for such fellows. Miss Lizzie Barrett spent Sunday at home. Miss Annie Barrett is keeping house for her father. K. of L. is flourishing in Logan. Sid.

### The Grand Jury

Investigating the New Orleans trouble in regard to the killing of Italians finds that they were United States citizens, and failed to find any indictments against the men who murdered the Italians. Now won't Rome howl and show her teeth, but what does the United States care for her blustering after all. The Italians are not more desirable citizens than Chinese, and in fact should be forbidden from landing upon our shores without a certificate of good character. Away with them and let old Italy put her gun boats to the test, then we will see who will "come off" first.

The Signal through the kind assistance of Mr. N. Conner, who keeps a complete and correct record of the rain fall by the aid of a rain gauge, is enabled to keep its readers pretty well posted on the condition of moisture prevailing in this section. Mr. Conner has just handed in his report for the months of January, February, March and April, 1891, and the fall of rain and snow for these first four months of the year amounts to just 5 inches and 66 hundredths, or 5 1/2 inches. Few people can form a definite idea of what is involved in the expression "an inch of rain." It may aid such to follow out this curious calculation. An acre is equal to 6,272,640 square inches; an inch deep of water on this acre will be as many cubic inches of water, which, at 27 to the gallon, is 22,000 gallons. This immense quantity of water will weigh 220,000 pounds, or 100 tons. It is therefore shown by Mr. Conner's record that the immense weight of 305 tons to the acre has been precipitated in moisture from the clouds to the earth in this part of Nebraska already this season. How does that strike you?—Guide Rock Signal.

C. M. Myers has been building a large addition to his store room and from this on the corner grocery will be found way up in the master of enterprise. Charley is a good fellow and has many friends who wish him success.

### The Hot Springs of Dakota.

These springs are rapidly becoming famous on account of the water, and the many marvelous cures which have been effected by the thermal baths. The town and springs are delightfully situated in a picturesque valley in the Black Hills country, abounding in beautiful scenic spots, and at an altitude of 3,400 feet above the sea level, thus insuring a pure atmosphere and exhilarating climate, absolutely free from malaria. Under the enterprising and progressive management of the Hot Springs company many desirable improvements have been made; among the number the erection of a commodious bath house fitted up with all modern conveniences for the comfort of guests. New hotels have been built and comfortably furnished throughout, conducted in first class style and at reasonable rates. Those who prefer stopping at a private house, will find many desirable boarding places where good accommodations are furnished, and at moderate prices. The superior daily service now afforded by the Burlington Route to Hot Springs with through sleeping accommodations from Omaha, Lincoln, Aurora and Grand Island, making the trip an easy and enjoyable one, and for the benefit of all who desire to test the efficacy of the water, round trip tickets at reduced rates, good for ninety days, are now on sale at all offices of the Burlington Route. For pamphlet descriptive of the springs, and full information as to rates, time, etc., apply to any agent of the company, or to J. FRANCIS, Gen'l Pass & Ticket Agt., OMAHA, NEBR.

Mason Fisher of Red Cloud has been here this week attending his mother, Mrs. Niffer, who is and has been quite sick. She is an aged lady, but her recovery seems assured.—Blue Hill Leader. One of our Blue Hill ladies and a Red Cloud boy certainly intend harmonizing social matters between the two towns. That's right. Have your good times while you're young.—Blue Hill Leader. The little G. A. R. band gave Mrs. Lida H. Smith a surprise party last Thursday evening, a number of children were present, refreshments were served and all reported a good time.

### Inter-State Reunion.

RED CLOUD, NEBR., May 5, 1891. To Commander, Post No. — G. A. R. Comrade: At a meeting of the Council of Administration of the Nebraska and Kansas Inter-State G. A. R. Reunion, held at Superior, Neb., the following resolution was unanimously adopted: "Resolved, That the adjutant be and is hereby instructed to advertise for sealed bids or proposals for the holding of the 3d annual Inter-State Reunion from towns in the following counties: Jefferson, Thayer, Nuckolls, Webster, Franklin, Harlan, Phelps, Kearney, Adams, Clay, Fillmore, Nebraska, and the counties of Washington, Republic, Jewell, Smith, Phillips, Osborne and Cloud, Kansas, and whose bid is to be received on or before June 2d 1891, also a separate proposition to be submitted at same time for the permanent location of encampment for the period of 5 years herefrom." All posts in each and all counties are entitled to a representation of three delegates in addition to the post commander, and it is earnestly desired that each post will see that their post is fully represented at the encampment which will be held at Superior, Nebraska, on June 2d, 1891, at 1 o'clock p. m. A cordial invitation is especially extended to the various Relief Corps and Circles embraced in the territory of this encampment, also to all Sons of Veterans and Veteran Union organizations in said district. After the business of the encampment is ended a camp fire will be held in the evening at which time prominent speakers will be present. Comrade, the time is drawing near when reunions will be a thing of the past. The reunion held at Superior last year was a signal success and firmly cemented a bond of unity between the comrades of Kansas and Nebraska and insures the success of future inter-state reunions. Therefore it is strongly urged that this encampment may be attended by delegations from each Post, Circle, Relief Corps and Sons of Veterans in the district, so that the proposed reunion may be placed upon such an assured basis that it will be, as it most assuredly will, one of the best reunions that has ever been held. C. E. ADAMS, Commander. R. B. FULTON, Adjutant.
