A MADRID dispatch says that a large band of Spanish troops is being massed at Badajoz, near the Portuguese frontier, and that a Spanish squadron is cruising near Lisbon. The Spanish government makes no secret of its intention to intervene should a republic be declared in Portugal.

ATTORNEY-GENERAL MILLER has referred all the papers submitted to him by the civil service in the case of Green B. LEBSON advises state that an outbreak has been entirely averted by the payment of arrears to the troops in the garrisons, who have been showing signs of discontent and impatient mutiny. King Charles himself advanced for the payment of the unpaid wages and arrears out of his own private purse, and Queen Natalie did the same for the females of the royal household.

HARDLY 20 per cent. of the British House of Commons reappeared on the opening of the house the other day. The influenza, the tedium of the land bill, and general discontent combined to prevent an array of empty benches. The attendance was so meager that the whips were obliged to gather members from the lobbies and even to send to the clubs to get a sufficient number to make a quorum.

A GIANTIC pool boom scheme involving \$100,000 organized under the name of the New Haven Jockey club has collapsed. The scheme was backed by a syndicate composed of policy money and gamblers. It was to give a handicap race at the Sheepshead Bay track with prizes of \$50,000, \$25,000 and \$15,000, to be retained \$10,000 of the \$100,000 to go into the pockets of the syndicate as commissions.

SENIOR MARIANO CARVALHO, the new minister of finance of Portugal, in an interview declared that he had full confidence in the credit of his country. Everything, he said, could be retrieved by a strong government determined upon serious economic reforms. The government, he maintained, ought to favor the establishment of large companies in Montevideo, and to develop the natural resources of the territory.

JOHN DIXON, of Stamford, Conn., has been driven to insanity by a girl practicing on a piano. He was suddenly seized with a fit and rushed up Bedford avenue shouting and singing. At the time he was in the street, he seized a stone and threw it at her through the window. It barely missed her and demolished a costly picture. Dixon was later taken to the Hartford asylum.

FORWARDING the dramatic developments in the mysterious case of Robert Taylor, Hamilton comes the announcement that his alleged widow Eva is about to make her debut in the role of a temptress. Coupled with more surprising, and the play in which she is to appear will set forth the dramatic life story of the unfortunate man. It is expected to have met his death among the tangled weeds at the bottom of Snake river.

# THE THIRD PARTY.

The Cincinnati Conference Declares For a Third Party.

CINCINNATI, May 21.—Many worried anxious faces were in the convention hall when the third party began its proceedings. The uncertainty as to the platform upon which it was generally thought everything else would hinge, combined with the gloomy sky, made a strong contrast with the scenes of buoyant enthusiasm that were common at the Cincinnati conference.

A chorus from the Farmers' Alliance, song book and three bangs from Chairman Cunningham's iron hammer preceded a prayer by Rev. J. W. McGee, pastor of the First Baptist church. Mr. De La Mazer was loudly applauded when he arose to pray. Frequent and earnest amenas from the audience punctuated the invocation, after which the delegates settled back in their chairs while the Kansas Glee club belted out with a humorous ditty.

Reports from the committee of arrangements and the credentials now helped to kill the possibility of a meeting of the platform committee that was expected to meet at this time. A reconsideration was demanded by Colorado and Judge Kerr got the floor and made a plea for silver. He did not believe, apparently, in much of anything. The majority report recommended A. P. Ferry of Utah, for president officer. His name was cheered. This was by Idaho, New Mexico, Wyoming, Colorado, Utah and Nevada of the fourteen states on the committee.

# THE NATIONAL CONVENTION.

CINCINNATI, May 21.—After the report of the Cincinnati conference, the convention adopted the innovation of appointing three members from each state instead of one, as the old party have.

The all-time congressman, J. G. Phelps of Illinois, nominated H. M. Tauscher of Kansas, as chairman of the national executive committee. There was a outburst of cheers when the name was mentioned. W. R. Lamb, of Texas, seconded the nomination, saying he had watched Tauscher's record and was satisfied. He was chosen by acclamation.

A few moments of confused preparation for the government side die raised, then the chairman's gavel fell and the first convention of the people's party of the United States had passed into history.

Following is the national committee:
