THE COUNTRY'S TRADE.

Trade Decidedly More Active and Busines Prospects Brighter-Money Market in Fair Shape and European News Encour-

NEW YORK, July 18 -R. G. Dun's weekly review of trade says: Business clearly grows somewhat more active. At eastern cities there is noticed more demand for manufactured goods, with larger sales for materials. In the west trade is enlivened by the large yield of winter wheat already harvested and by the very bright outlook for other crops. At the south, however, though erop advices are favorable, no improvement appears in business, which is duller than usual and at some points is pronounced unsatisfac-

The general confidence is strengthened by the financial news from Europe, which indicates that disturbance of the money market from that quarter need not now be feared, and by the change in the foreign trade of this country, which points to a material reduction of balances payable abroad in specie. Imports at new York have yield for this year in all crops is greater sharply declined since July 1, amounting to about \$4,300,000, or 18 per cent. less than for the same week last A LATE fire did considerable damage year. On the other hand, exports of domestic products at this point show an increase thus far this month of held at Culbertson, September 22d to \$3,324,000, or nearly 33 per cent., in comparison with the same week last

There is an increase in the production of pig iron almost to the unprecedented figures of last year. The sudden increase in production is not in all respects a favorable symptom. No corresponding improvement in the demand Cherry county, says that the total for manufactured products is yet seen amount received from the county by and the stocks unsold at only a part of the furnaces are now recorded as amounting to about 480,000 tons, show-THREE little boys, ranging in years | ing a very large increase, particularly from 8 to 1i, recently undertook to "go in coke iron. Unless demand rapidly improves the market must soon weaken so far as to test severely the ability of

some of the concerns to continue production. Reports from other cities are generally hopeful. Some improvement in the demand for goods is seen at Boston. Prospects are considered brighter at Philadelphia. In spite of the usual duliness of the season, an improving tendency is seen at Buffalo, and lake shipping revives at Cleveland with a larger demand than a year ago. Orders for clothing are good at Cincinnati and the retail in dry goods is brisk. At De-Chicago show a great increase and new and shoe trades show a large in-WHILE pulling weeds in her garden, crease over last year, though in dry goods the trade shrinks a little. At St. Paul trade is backward, but prospects money is moving out to move crops

with freedom, while the general trade in all lines is of fair volume. . The collapse in wheat speculation has come with a fall of 8 cents during the week, but corn is scarce and 314 cents higher, while oats have declined about 1 cent. Perk and hog products are higher; coffee has risen a quarter and oil the same, but cotton is unchanged and the general course of price has been downward as is natural at this season, the fall during the past week having a man about 45 years of age. In his averaged nearly three-fourths of 1 per

The money market has generally been in fair shape and collections fair for the season.

STORM WRECKED.

Wis.-Fire Men Killed and Others In-

WEST SUPERIOR, Wis., July 17.-In an instant vesterday afternoon, by the giant play of a cyclone, half a hundred human beings were cared in a death

stroyed throughout the city, but the climax of the storm was at the hotel being constructed at the intersection of Lamborn and Third streets. Over two score unfortunate workingmen were Scarcely five minutes elapsed from a moment when the men were progress-

ing with their tasks till the frightful whirlwind was miles distant in its path of destruction and the remains of the begrimed and mangled men were being rought out of the debris. The storm lasted only about thirty minutes, but during that period many

thousands of dollars of damage was done, besides taking five lives. During the progress of the storm an alarm of fire was turned in from the Fifth ward and the department responded to find the new large four story frame hotel on Third street near Lamborn avenue a mass of flames. The structure had blown down and the cry went up from a hundred excited individuals that the wreck was the tomb of

many men. A large frame building at the corner of Byrd and Lower street, South Supebut no casualties. The wind played havoe with the Unitarian church, union depot and other buildings, but no serious fires resulted. Had one broken out it would have found the city practically helpless. There are no reports of disasters on the lake or harbor.

When the storm came up Boss Carpenter Gross called to his men who were working on the three-story building at Third street and Lamborn avenue to get out of the building and twelve of them jumped from the windows. At the same moment a number of passers-by ran into the structure to escape the storm. As they entered the building, without an instant's tremor or warning, collapsed, burying seventeen men. The structure did not move a foot from its foundation. It simply flattened out as though by a terrible blow from above. Three tinners on the roof remained where they were and and at Milwaukee trade is helped by improving crop prospects. Receipts of wheat, dressed beef, wool and hides at the cover the whole, great-Five men were killed outright by the collapse of the building and several others injured.

### AGAINST CONVICT LABOR.

ley Was in Default. The Introducti on of Convict Labor Results in a Riot in a Tennessee Mining Camp. NASHVILLE, Tenn . July 17. - The following message was received at the have made a detailed report to the state capital yesterday from Coal Creek, Tenn., the scene of the trouble between have endeavored to discover the total discharged miners and convicts who had been sent there to take their places: To Gov. Buchanan, Nashville, Tenn. We, the m ners, farmers, merchants and property holders of Briceville and Coal Creek and vicinity, assembled to the number of 500, who have resolved to defend our famllies from starvation and property from depreciation and our people from contamination from the hordes of convict labor being introduced in our work a do hereby beg you to prevent their intro in tion and then prevent blood hed, which is sure to follow if their taking our livel hood from us is per-Gov. Buchanan and Col. Granville for, \$2,594,531,95. Sevier left this city at 8:45 o'clock Wednesday night for Briceville, and in

not there to discuss the convict lease law, but to see that the law was not overridden. The discharged miners are well armed and the outcome is doubtful. Adjt.-Gen. Norman telegraphed the Lookout mountain guards and Moerlein Zouaves, of Chattanooga, and the Knoxville rifles to be readiness. Capt. Woolford replied for the Lookout mountain guards, saying he would have fortyfive men under arms. Capt. Semm, o the Moerlein zouaves, answered, putting the number of available men at forty. Capt. Patton, of the Knoxville rifles, said he had forty men under arms. The Stone river guards and the Washington artillery have been ordered
