paid I shall proceed according to law. Mrs. Lizzie Willis was given a very pleasant surprise last Monday after noon, it being a birthday anniversary. When the members of the Relief A fine 80 acre farm only two miles from this city, nearly all ti'lable. Corps swarmed into her parlor an filled it to overflowing, she was no sure whether it was herself or som one else who welcomed them so co dially. After an hour of pleasan visiting Mrs. Willis was called and Notory Public. and presented with an eagraving neatly framed and ready to be bun upon the walls of her beautiful parlor also a unique little foot rest, urpon which she can rest her feet when

In due time the table was spread the whole length of the dining room, and covered with the substantials and delicacies brought in the baskets of the ladies. Mr. Willis made his appearance just in time for supper, and as he was the only gentleman present we allowed him to take the head of the table. Upon rising from the table, (after eating all we possibly e-uld) and entering the parlor, we found it nearly filled with gentlemen members of the Post. The hostess gave them a cordial we'come and was about leaving the room "on hospitable thoughts intent," when she was detained by the Post commander, who said: "Mrs. Willis it came to our ears that the Relief Corps were intending to surprise you and they were determined not to have any of the comrades present, so we concluded we would surprise you and them too, so here we are. We also heard they were going to present you with a picture, and we thought we could do no better than to give you a picture too." He was holding in his hand a small dressing case, and as he said that he opened it, and held it up so she could see her face in the hand mirror it contained. Of course she blushed, which made her look more like a p'eture than ever.

Then of course the courses had to have supper which they enjoyed as usual. We west home all feeling that we had enjoyed the surprise though we much regretted the absence of our brother in law, the editor of THE W. R. C,

Perfect Baking Powder.

The constantly growing demand for Dr. Price's Cream Baking Powder, the standard cream tartar powder for forty years, is due to two causes.

FIRST:-The extreme care exercised by the manufacturers to make it perfectly pure, uniform in quality, and of highest raising power.

SECOND:-The recent investigations exposing the fact that certain other brands of baking powder contain ammonia and still others that were found to contain alum. These unscrupulous manufacturers are being found out, and the consumers are giving them a wide birth.

Nothing is left to chance in the manufacture of Dr. Price's Cream Baking Powder. Chemists are employed to test every ingredient as to purity and strength. Hence; its marvelous purity and uniformity. Each can is like every other. It never dissapoints, BEST is ALWAYS the CHEAPEST.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been questioned.
