Republican County Convention.

The Republican electors of Webster County, are requested to send delegates from the several townships to meet in convention at the court house in the city of Red Cloud, Saturday, April 23, at 11 o'clock a. m. for the purpose of selecting delegates to the republican congressional convention to be held at Holdrege, Neb., Thursday, May 5th, 1892, ten delegates to the republican congressional convention to be held at Kearney April 27th, 1892. The several townships are entitled to representation as follows: the appointment being based upon the vote cast for Hon. Geo. H. Hastings for attorney general in 1890 giving one delegate at large to each township (except the first and second wards of Red Cloud city) and one for each ten votes and the major fraction thereof:

Red Cloud	1
East Creek	1
Post-dam	1
Cherwood	1
Inavale	1
Catherton	1
Line	1
Garfield	1
Red Cloud 1st ward	1
Guide Rock	1
Sillwater	1
Patin	1
Harmony	1
Walnut Creek	1
Elm Creek	1
Beaver Creek	1
Pleasant Hill	1
Red Cloud 2nd ward	1

It is recommended that the delegates present cast the full vote of the delegation, also that the primaries be held not later than April 21st, 1892. The following persons shall be entitled to vote at the republican primaries. All republican electors and all other electors who, if challenged, shall declare their intention to act with the republican party at the coming election, by order of the committee.

G. E. McKEE, Chairman, A. C. HOSMER, Secretary.

EDITORIAL NOTES.

If the senate bill passes, Red Cloud will be in the list for a government post office building.

The Boyd and Thayer controversy over the gubernatorial office has been reopened by Gov. Thayer. Mr. Boyd may yet have to step down and out.

The lecture by Rev. M. Putnam and the entertainment given by the Christian church, on Thursday evening was a success and largely attended. Mr. Putnam, as a lecturer is quite original, and entertained his audience very cleverly.

Hartman, the insane man, whom the county is caring for, at a large expense, should be returned to Switzerland, to which country he belongs. He can be sent back for \$180, and that would be cheap. He has an estate there that would support him and besides that, he wants to go back.

We are pained to learn of the death of the Rev. C. W. Springer, a former resident of this city. Mr. Springer was at one time editor of THE CHIEF and later, county superintendent of public instruction. He had hosts of friends here who will be pained to hear of his demise.

The city papers all take great delight in pummeling the country Journals into the earth because they have opinions of their own, but when those same city papers want new subscribers they readily recognize the superior method of getting before the country people, by a little half column prospectus with the request to publish and oblige. These city editors are great people.

Red Cloud is booming. She is not able to keep her electric light in running order.—Haigler Tribune.

The Tribune man is certainly very unkind, and we will inform him that the city of Red Cloud, notwithstanding his remarks is on the high road to prosperity, and as far as the light is concerned it was not the fault of the city, but of the river dam which went out by high water.

About that Printing Steal.

The editor of the Guide Rock Signal, in his efforts to prove a steal in the printing of the election tickets last fall, is evidently actuated by motives that are child-like and bland, yet very cunning. In his effort to figure up what the tickets should cost, he utterly fails to figure as a sensible business man should, even if his figures were correct; which they lack a great deal of being. In the first place, two printers, no matter how competent they might be, could not get the tickets out in ten days nor twenty days, under the circumstances. Every 250 tickets had to be changed, as a rule, and half of the tickets set, the half of which would be usually 12 inches of space, then adjusted, proof read, corrected and put to press, run off and prepared to deliver. Every such instance took from two to four hours as the case demanded, some times much longer. The newspaper presses had to be brought into use, as the tickets were 22 inches long and too large for the small presses. That took an extra man or steam engine to

run the press, at an expense of from 3 to \$4 per day for just one little item, the buying of extra material that was needed for that job, and that alone cost from 15 to \$25. The interest on a man's investment, his rent, fuel, lights, wages, paper, etc., all enter into the matter when one figures on a job of work, or should, (we don't know how the Signal man does) as those expenses can only be met by a fair margin on what one does, or there is no use working. As we said before two hands could not do the work and get it out as the law required. Hence an extra force had to be hired, and THE CHIEF and Argus both had to put on extra help in order to finish the job according to law. The Signal figures wages at \$2 per day, which would be all right for ten hours a day, but when a man works 24 hours he expects 24 hours pay for it; therefore the wages for five hands would be about \$100 for ten days. But say that it cost the office at a fair figure \$80 for labor, or thereabouts, saying nothing for other expenses, such as necessarily follow. The other expenses foot up: Ink \$3, fuel for engine ten days, a low estimate would be \$2 per day, \$20; paper, book and news, \$5 per bundle, \$20; extra material \$15, wear and tear of machinery, interest on investment, rent, fuel, lights, etc., at a low figure, \$15. Then deduct, if you please, 10 per cent off of warrants of \$200, which would be \$20, would leave a balance of profit to the office of \$27, certainly no great amount of money for an 18,000 job of ten days duration. If that is what the Signal calls stealing, he must have a peculiar idea of it. We rather think the Signal has other motives in his warfare on the Red Cloud papers, than just the mere item of stealing, and it smacks of vinegar.

Hood's Sarsaparilla

The importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The faint of scrofula, salt rheum, or other form of humor is hereditarily transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. There is nothing more convincingly proven positive than the power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also enriches the blood, thus overcoming that tired feeling, and building up the whole system. Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

Why have chills, ague and fever, suffer death and take gallons of nauseous drugs to cure them. If you keep "Hepaticure" in your home and take it to regulate and purify the great organs of life, blood, liver and kidneys, you will never be sick. This we will guarantee. C. L. Cotting.

Southern Prosperity.

That the South is growing rapidly is shown by the fact that 1,740 new manufacturing enterprises were located within her borders during the past six months. These have been attracted to this section by reasons of the cheap raw materials and fuel, of which the South can boast a greater supply than is found elsewhere in the Union. The portion of West Virginia, Maryland and Virginia lying along the line of the Baltimore & Ohio Railroad has its full share of natural advantages, and full information concerning locations for manufacturing, farming or any particular business, will be furnished on application to M. V. Richards, Land and Immigration Agents, B. & O. R. Co. Baltimore, Maryland. 35-2t

The Greatest Strike.

Among the great strikes that of Dr. Miles in discovering his new heart cure has proven itself to be one of the most important. The demand for it has become astonishing. Already the treatment of heart disease is being revolutionized, and many unexpected cures effected. It soon relieves short breath, fluttering, pains in side, arms, shoulder, weak and hungry spells, oppression, swelling of ankles, smothering and heart dropsy. Dr. Miles' book on heart and nervous diseases free. The unequalled heart cure is sold and guaranteed by C. L. Cotting also his Restorative Nervine for headache, fits, sprees, hot flashes, nervous chills, opium habit, etc.

If the Santa Fe railroad makes it deal with the B. & M. which their is a good prospect, their trains will probably run from Superior to Red Cloud and from Red Cloud to Hastings and Kearney. The B. & M. get the Santa Fe trackage in view of trackage facilities extended to them by the B. & M. This route will give Red Cloud ample facilities to the Great South.

Typhus Fever.

We cannot say that the present danger is such that we should quarantine this country against Russian immigrants and articles of commerce. This extreme measure is not needed with the knowledge we now have of guarding against the immigration of disease. But it is plainly necessary that we should clear all Russians and Russian goods as suspects and should treat them accordingly. Articles of commerce coming from Russian ports should be thoroughly disinfected, and all immigrants from infected districts in that country should be isolated on their arrival and carefully watched until the period of incubation be passed.—Dr. Cyrus Edson, in North American Review for April.

Order to Show Cause.

STATE OF NEBRASKA)
Adams County.)
In the District Court of said county.
In the matter of the estate of Jas. Laird, deceased.
This cause came on for hearing upon the petition of James D. Gage, the administrator of the estate of James Laird, deceased, praying for license to sell the following real estate belonging to said estate. Lot No. 5 in block 7, and lots No. 6 and 7 in block 8 in the village of Red Cloud, Webster county, Nebraska, the purchase money for said lots to be applied upon the payment of the debts all owed against said estate amounting to more than \$10,000 together with the cost of the administration of said estate there not being sufficient personal property to pay the said debts and expenses. In the foregoing ordered that all persons interested in said estate appear before me on the 23d day of April 1892 at nine o'clock in the forenoon at Alhambra, Harlan county, Nebraska, to show cause why license should not be granted to said administrator to sell the above described real estate of said deceased for the purpose of the payment of said debts and expenses. Dated this 23d day of March 1892.
