EDITORIAL NOTES.

The wind on Thursday night, blew with terrible force and it is reported to have assumed cyclonic proportions at Nelson, at which place it done considerable damage

After all of the affected bluster of English Government, it has finally come to the terms of this government and has warned Canadian seal pirates that if they hunt seal they do it at their own peril.

Of course this paper is aware of the inherent right of every American citizen to run for office, yet it is a proper thing for our friend Mizer to do at this stage of affairs in Red Cloud, when so much depends on absolute harmony in order to vitalize the coming interests of Red Cloud? In the interests of Red Cloud the non-partisan ticket should be elected as nominated.

Don't let the spring election get away with you to that extent that you can not see that Red Cloud is on the road to prosperity this year, if you do you will miss it, for as sure as the world moves, "and she do" Red Cloud is going to get there provided the people work together, and if they do not it will be funny. We have an ideal opportunity to make a ten strike and ought to improve it with all our might and main.

The prospects keep looking brighter for Republicans, and by the time rolls around for campaign work there will be more enthusiasm displayed than has been observed for many years. The Republicans will be in it '92 with increased majorities. The Independents would make one believe if it were possible, that the Republican party was one of the most debasement organizations extant, and that those composing the Independent outfit had left it because it was such. Now let us look at this.

The Independents most of whom have been Southern Democrats, and for that matter are yet, are the ones who are doing most of the organizing for the main purpose of knocking the props from under the Republican party for the sole purpose of putting the Democratic party in power, and when that is accomplished they will have slipped quietly back into its folds with the exclamation "Didn't we do it, though," and about that time those Republicans who were induced to follow them will be making an effort to hire some cheap boy to kick them, for ever taking up with the movement. In fact many are already seeing the error and have concluded that enough is enough and will return to the grand old Republican party before the fall election arrives.

I Want to Buy Farms

Parties having cheap farm lands for sale, improved or unimproved can find buyers by calling on D. B. Spanogle, Real Estate and Loan Agent, Red Cloud, Neb.

Our friend of The Nation is somewhat mistaken in regard to the non-partisan convention. While the ticket does not have an Independent voter on it, it was no fault of the Republicans, in fact the republicans to the amount of about 20 worked and voted for Jake Miller for alderman, and he would have been nominated had it not been for the independents themselves nominating and voting for another man. As to Mr. Spanogle, he was fairly nominated receiving 80 votes out of 140. To show that the ticket was non-partisan, two-thirds of the ticket nominated were Democrats, while there are only two Republicans, and Red Cloud is unquestionably Republican. That doesn't look like fraud. THE CHIEF has no objection to Mr. Mizer, but he went into the non-partisan convention and should abide by it.

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes that tired feeling, creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. BROOKS, Editor Enterprise, Belleville, Mich.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." ED. JENKINS, Mt. Savage, Md.

Ancient Egypt.

Some of the most startling, interesting discoveries of the life and customs of buried Egypt are now being made through extensive excavations. These discoveries are exciting a great interest. Many discoveries are, however, being made in our country that are not less strange and remarkable, among which we may mention that of Haller's Pain Paralyzer which effects entire relief, and in many cases a complete cure of that terrible disease rheumatism, and which also relieves pain of all kinds. Nothing speaks more eloquently for a town than a fresh and attractive advertisement in its papers. The name of every enterprising merchant is sure to be kept before the public, and the better the business representation the better the impression created abroad. —McCook Tribune.

A Husband's Mistake.

Husbands too often permit wives, and parents their children, to suffer from headache, dizziness, neuralgia, sleeplessness, fits, nervousness, when by the use of Dr. Miles' Restorative Nerve such serious results could easily be prevented. Wonderful.
E. W. Sawyer of Rochester, Wis., a prominent dealer in general merchandise and who runs several peddling wagons, had one of his horses badly cut and burned with a lariat. The wound refused to heal. The horse became lame and stiff notwithstanding careful attention and the application of remedies. A friend handed Sawyer some of Haller's Barb Wire Liniment, the most wonderful thing he ever saw to heal such wounds. He applied it only three times and the sore was completely healed. Equally good for all sores, cuts, bruises and wounds. For sale by C. L. Cotting.
