Keep a Knockin'
 This world is full of duty,
 It greets you every where,
 And the man who isn't busy
 Is sadly out of gear.
 A sunny swarm of happiness
 About you will be fockin'
 If you get into the harness
 You ever keep a-knockin'.
 You'll have to be in earnest,
 There's but one way in life,
 We'll admit a little fooling
 Will sometimes win a wife.
 But if every day was Christmas
 And you'd hang up your stockings
 Old Santa wouldn't find it
 If you didn't keep a-knockin'.

Crippling Naval Progress.
 There has never been a time in the
 history of the United States when the
 people have been so thoroughly united
 in the demand that the building up of
 a strong navy for the protection of our
 sea coasts and the defense of national
 rights should be continued. Never-
 theless the House Naval committee
 has reported a naval appropriation
 bill which is less by \$3,467,816 than
 the official estimates of the needs of
 the department. The bill authorizes
 the construction of a new vessel of
 the type of the New York, but no
 other, although naval officials are united
 in the recommendation that several
 battle ships of large proportions
 and power should be immediately be-
 gan as part of our sea equipment for
 offensive and defensive operations. In
 the schedules for repairs, for expense
 of navy yards and similar disburse-
 ments which affect the employment of
 men the committee has also shown a
 disposition to be penurious. Republi-
 cans in house and senate should do
 all in their power to carry out the
 popular will in reference to the crea-
 tion of a new navy adequate to the
 wants of the nation. If the demo-
 crats are willing to go on record as op-
 posed to naval construction that is
 their affair.—N. Y. Press.

GOOD ADVICE
 Dear friend, don't hurt the editor
 With oil or with gun,
 And ask him if he said it, or
 expect that he will run.
 His threadbare linen duster
 May still his patches hide;
 But his muscles are developed,
 And the "devil" on his side.

Southern Prosperity.
 That the South is growing rapidly
 is shown by the fact that 1,740 new
 manufacturing enterprises were locat-
 ed within her borders during the past
 six months. These have been attracted
 to this section by reasons of the
 cheap raw materials and fuel, of
 which the South can boast a greater
 supply than is found elsewhere in the
 Union. The portion of West Vir-
 ginia, Maryland and Virginia lying along
 the line of the Baltimore & Ohio
 Railroad has its full share of natural
 advantages and full information con-
 cerning locations for manufacturing,
 farming or any particular business,
