On Wednesday afternoon, Chief Tomlinson, of the fire department, started up the street at a rate of speed that was decidedly surprising, to answer an alarm of fire in the Overing property. Imagine John's wrath when he found that the alarm was turned in by Porter Hedge, who thought a little sulphur bedbug smudge was a conflagration. John was determined to put the bed bugs out or the fire, and he didn't care which.
Our worthy clerical friend, Rev. E. J. Ely, received a call from a well-known Chicago Congregational church this week, and will probably accept it, if the congregation can wait a brief period. The Reverend Gentleman is an able divine, and THE CHIEF congratulates him on his good fortune, because he is a young man and all the more fitted for the position. He is a Christian gentleman in every sense of the word, and if he decides to accept the responsible position in the Chicago church will find him not only talented but an earnest worker in the cause he has espoused.

Paved streets in Red Cloud would be about the thing. Why not try it? If the people who own lots on the principal streets can exert the right kind of influence we shall have them. Give Red Cloud the right foundation and she will grow.

If an economical streak should strike the new city council, THE CHIEF would like to offer a piece of advice that would not go amiss, and that is that the offices of clerk, water commissioner and street supervisor be made into one. One man can attend to the three better than three men can and the salary of two men could be saved.
Dr. G. E. McKeely, president of the Inter-State Medical association, returned home Thursday evening. On Thursday evening, THE CHIEF and family enjoyed an elegant serenade from the Sons of Veterans' new silver cornet band, under the leadership of Prof. Allen, an accomplished cornetist. The band has only recently been organized, but nevertheless has made rapid strides in the direction of a perfect band. More Rail Road Improvements

It was rumored Wednesday evening and Thursday evening that the Rock Island surveyors were in the city. The Guide reporter of course, at once smelt a mouse, and soon ran it down. It was not the Rock Island surveyors but the B. & M. Surveyors. While we would rather have met the R. I. surveyors, yet what we found was a "sure thing," while the other would have been one of the possibilities or rather probabilities. The B. & M. surveyors were here for two purposes. One was to survey a connecting route from the Santa Fe to the B. & M.—by the way the rails have been unloaded here for that purpose and will undoubtedly soon be built.—Superior Guide.

The Spring.

of all seasons in the year, is the one for making radical changes in regard to health. During the winter, the system becomes to a certain extent clogged with waste and the blood loaded with impurities, owing to lack of exercise, close confinement in poorly ventilated shops and homes, and other causes. This is the cause of the dull, sluggish, tired, feeling so general at this season, and which must be overcome, or the health may be entirely broken down. Hood's Sarsaparilla has attained the greatest popularity all over the country as the favorite Spring Medicine. It expels the accumulation of impurities through the bowels, kidneys, liver, lungs and skin, gives to the blood the purity and quality necessary to good health and overcomes that tired feeling.

Farm for Rent

I have a good farm for rent, 90 acres under cultivation.

J. H. BAILEY.

His Name is Spanogle.

The city election is over and D. B. Spanogle, the candidate on the non-partisan ticket, was elected over Mr. Mizer, the independent candidate by 32 majority. The balance of the ticket, with the exception of one member of the school board, was elected. The officers elected were as follows:
For Mayor—D. B. Spanogle.
For Treasurer—Henry Cook.
For Clerk—T. J. Ward.
For Surveyor—F. A. Kuehn.
For Aldermen, 2d Ward—D. J. Myers and C. H. Potter.
First Ward—Jos. Kubick and Ed. Pulsifer.
School Board—C. F. Cather and Mrs. A. A. Pope.
THE CHIEF is satisfied with the election of the above ticket and believes that an unprecedented era of prosperity will dawn upon this community during the coming year. Let all put their shoulders to the wheel for Red Cloud and you will see the city move out majestically for a better condition.

Mr. Chase of Lincoln, who sued Lew Albright of this city to recover property traded by him to Mr. Albright, lost the suit. Chase traded with his eyes open and then attempted to get his property back through the courts when he found out that he was likely to have to stand an assessment on defunct bank stock.

"The Chicago World Fair Committee" has passed a resolution that every person attending the "Fair" shall take with them a bottle of "Hepatocure" as a preventive from contracting blood, liver and kidney diseases. L. H. Deyo.

Deserving Praise.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for consumption, Dr. King's New Life Pills, Buckden's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. C. L. Cotting, druggist.

A Mystery Explained

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklin Miles, says all such girls are more or less hysterical, nervous, very impulsive, unbalanced; usually subject to headache, neuralgia, sleeplessness, immoderate laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nerve. Trial bottles and a fine book containing many marvelous cures free at Cottings' who also sells and guarantees Dr. Miles' celebrated New heart cure, the finest of heart tonics. Cures fluttering, short breath, etc.

Mrs. Charley Myers is getting up a club of 50 subscribers to the Young Men's Journal. If she succeeds, she will get free transportation to the Y. P. S. C. E. convention in New York City and return. This is a laudible enterprise and THE CHIEF hopes she will be successful.
