## EDITORIAL NOTES

"Liberty" is the name of a new independent paper published at Lincoln by W. C. Holder. The paper starts out well and shows that its editor is an aggressive worker in his party.

The Betoit folks are again talking Santa Fe to be built this summer from Barnard to Red Cloud. This, of course, means that Jewell City will be "in it." The Santa Fe has \$30,000 invested in Jewell City property. Jewell City Republican.

The Republicans of Rhody Island brought first blood in the campaign of 1892. The state was a sort of pivot upon which the hopes of the two great parties were hung and the American workmen decided that the Republican party was the party who had stood by them during all these years and hence voted for its continuation in power. If stars indicate which way the wind blows, it is evident that "Little Rhody" will go republican henceforth.

## W. C. T. U.

The Women's Christian Temperance Union of the Ninth District met at the Baptist church in Hastings, Mat. 23rd and 24th 1892.

The delegates from Red Cloud local Union were Mrs. Brakefield, Mrs. Randall and Mrs. Dow.

They report having had a very profitable meeting.

The church was nicely decorated—Miss Willard's like portrait and a globe with "bands of ribbon white," occupying prominent positions.

The music for the occasion was in charge of Mrs. Flora E. Caswell, who had prepared a choice program. Mrs. C. L. Jones was chosen chairman of the convention thus filling the place made vacant by the death of our president, Mrs. Harrison.

The reports from local Unions indicate an excellent organization in the district which is rapidly extending its influence and usefulness.

The election of officers for the ensuing year resulted as follows: President Mrs. L. S. C. Brakefield, Red Cloud; corresponding secretary, Mrs. A. M. Pope, Red Cloud; recording secretary, Mrs. S. D. Hamilton, Bloomington; treasurer, Mrs. J. I. Raylett, Kansas.

Among the pleasant features of the convention were the lecture on "Scientific Temperance Instruction" by Miss Ripley of Kearney, and the evening address by Rev. Francis E. Towaloy; Subject, "My Dream."

Why have chills, ague and fever, suffer death and take gallons of nauseous drugs to cure them. If you keep "Hopton's" in your home and take it to regulate and purify the great organs of life, blood, liver and kidneys, you will never be sick. This we will guarantee. L. H. Deyo.

# Dyspepsia

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1870 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 163 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all my appetite, and was unable to do any work, had fits of melancholia, and was at a time I would have welcomed death. I became morose, sullen and irritable. For eight years life was a burden. I tried many remedies and many remedies. One day a woman employed by me suggested that I take Hood's Sarsaparilla. I cured my dyspepsia. I did not before taking the whole of a bottle (I mean to feel like a new man. The terrible pain which I had been subjected to, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to come up. My strength came back, and I was able to do my work as usual. I am today well and I ascribe it to taking Hood's Sarsaparilla."

## Distances to Washington

From St. Louis to Washington the distance is 894 miles from Cincinnati to Washington 553 miles; from Chicago to Washington 813 miles. This is via the bee line followed by the B & O Railroad, the most picturesque as well as the most direct route from the Mississippi River to the Atlantic Seaboard, stretching across level and fertile prairies, amid hills and valleys, over mountain crests, along banks of historic rivers, through teaming cities and bustling towns. The through B. & O. trains, with full Pullman equipment of Sleeping, Parlor and Buffet cars, run from St. Louis to Washington in 29 hours; from Cincinnati to Washington in 18 hours; from Chicago to Washington in 25 hours. Sleepers from all points run through to New York from the West without change. At Washington connection is made with the B & O's matchless Royal Blue Line for Baltimore, Philadelphia and New York. These Royal Blue trains consist of the standard-est finest coaches, parlor and sleeping cars ever built by the Pullman Company, and are vestibuled from end to end, and are protected by Pullman's improved anti-telescoping device, which makes every car as safe as it can be made by man's ingenuity and skill. All the cars are heated by steam and lighted by Pinesch gas. They are the fastest cars in the world, placing New York and Washington within 100 hours' reach. 27-2
